Notes

Unless otherwise noted, all data are for 2022-23 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. ²The Connecticut Physical Fitness Assessment (CPFA) is administered to students in Grades 4, 6, 8 and High School (HS). The health-related fitness scores gathered through the CPFA should be used to educate and motivate children and their families to increase physical activity and develop lifetime fitness habits.

³Only students assessed in all four areas are included in this calculation.

³Students demonstrate postsecondary readiness through at least one of the following:

- SAT® - meets benchmark score on SAT, Revised SAT or Connecticut School Day SAT
- ACT® - meets benchmark score on 3 of 4 exams (benchmark score varies by subject)
- AP® - 3 or higher on any one AP® exam
- IB® - 4 or higher on any one IB® exam
- Earning three or more non-remedial college credits cumulatively during high school.

⁴Participation Rate equals the number of test-takers in 11th and 12th grade divided by the number of students enrolled in those grades, as a percentage.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Narratives

School District Improvement Plans and Parental Outreach Activities

During the 2022-2023 School Year, each of the schools within the EdAdvance RESC have continued to engage in activities that enhance staff capacity to swiftly intervene to support students who are not attending school and students who are not adequately engaged in their educational program.

EdAdvance places an emphasis on building and maintaining partnerships between home and school with regular communication and collaboration with the student, the family and any outside providers about the student's progress toward IEP goals and objectives. In addition, EdAdvance schools are each staffed with multiple high quality School Social Workers, School Counselors and BCBAs so that more intensive interventions and attention can be offered to families and students with truancy, school avoidance and mental health needs.

Each school engages in at least one full staff meeting weekly wherein student progress is reviewed in consultation with the school's clinical team. Action steps to support individual students or to enhance or address the school's universal operations are generated within these weekly meetings to ensure progress toward our district's goals regarding attendance and social-emotional wellness.

Efforts to Reduce Racial, Ethnic and Economic Isolation

The schools within our EdAdvance District are an available option for public school districts who have determined that a student's educational progress cannot be met within the public-school setting. Our process for referral and intake of new students does not consider or make enrollment decisions based upon race, ethnicity or economic situation. Our staff and student populations are diverse which provides a foundation for building a school community that is rich in culture.

Our hiring/recruitment practices include posting open positions on multiple platforms to maximize applicant access. We offer competitive wages and benefits that ease the economic strain and cost of living for our employees.

Both within our schools and as a resource for surrounding school districts, EdAdvance has hosted professional development addressing diversity and equity. In addition, school staff evaluations require ongoing self-reflection and adjustments to one's responses to prioritize safe and empathic school environments for all.

Equitable Allocation of Resources among District Schools

While there is not a 'traditional' district education budget that is then split among the schools, EdAdvance does ensure that students who are attending same grade levels at our schools located in the northern region or in the southern region of the our RESC district, experience similar curriculum, high quality instruction and clinical support, and educational materials and resources.

The EdAdvance RESC has continued to revise and establish procedures and practices that are consistent and cohesive across our schools which facilitates the processes of referrals, instruction and progress monitoring, communication and documentation. The result is that 23 distinct districts that have enrolled students within EdAdvance and the associated families, experience a predictable and equitable partnership, regardless of the location of the student's residence within the region.
