Notes

Unless otherwise noted, all data are for 2022-23 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. To view performance on NAEP by student group, at

³ Students demonstrate postsecondary readiness through at least one of the following:

- SAT® - meets benchmark score on SAT, Revised SAT or Connecticut School Day SAT
- ACT® - meets benchmark score on 3 of 4 exams (benchmark score varies by subject)
- AP® - 3 or higher on any one AP® exam
- IB® - 4 or higher on any one IB® exam
- Earning three or more non-remedial college credits cumulatively during high school.

⁴ Participation Rate equals the number of test-takers in 11th and 12th grade divided by the number of students enrolled in those grades, as a percentage.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Narratives

School District Improvement Plans and Parental Outreach Activities

The Common Ground High School, School Improvement Plan focuses on the following three goals: Academic - Increased student academic success in virtual learning, through active problem solving, reading, writing; engagement in lessons from start to finish, Climate - Students and staff will be provided with opportunities to engage in both academic success and health & Wellness activities and Post High School Success - All students will map, travel and reflect on Pathways toward post high school success.

Our strategies to increase student academic achievement is utilizing Roll out of Math & Literacy coaching observations & feedback ; maintain/support four year skill progression & sequence, which proscribes reading, writing, and problem-solving work with fidelity, Intervention/Engagement work 9th, 10th, grades, with online platforms such as Google Reads, IXL, Go Algebra, and Demos, Pear Deck and Regular review of student supports and curriculum "unit based assessments," projects at team meetings and Horizontal level meetings.

Our strategies to increase student engagement and active participation in life at Common Ground is by increasing positive communications with families; Connecting students to meaningful out of class time programs and supports; Providing available opportunities for students and staff to engage in physical activity & mindfulness activities; Creating/providing opportunities for students to engage in relevant community building events (community service opportunities, grade specific assemblies and/or projects).

Our strategies to Strengthen the systems that put students on pathways to college success, meaningful careers, powerful leadership, and healthy sustainable lives is by sustaining and adapting expanded learning opportunities in the out-of-school hours and during the school day. Developing stronger systems to support and document student pathways and learning in the wider learning ecosystem -- with a focus on rolling out revised roles within the Student Pathways team, developing and rolling out more integrated data systems to track students' participation and learning, and communicating opportunities more effectively with students and Rolling out guidance structure (notes, monthly team meetings, revised schedule) in a way that builds guidance teacher capacity, engages students, and helps them plan and travel pathways.

Efforts to Reduce Racial, Ethnic and Economic Isolation

71% of our students live in New Haven; our other students come from 18 different cities and towns, from Bridgeport to Branford to Derby. Our students are racially diverse: 32% African American, 42% Latinx, 22% white. 64% of students qualify for free/reduced lunch .23% of students qualify for special education support -- well above the state & district averages. 6% of students are English Learners -- up from 2% five years ago. We are proud to welcome refugees and undocumented young people, transgender and gender non-binary students, young people who want a school where they can be themselves. Common Ground's suspension rate and chronic absenteeism rate are both several points below the average for Connecticut high schools.

Common Ground's commitment to co-created learning spaces and curriculum means that students have been involved in identifying and creating several of our most popular electives like: Race, Identity and Justice a course specifically designed to provide students mirrors and windows into entrenched systems of racial oppression in our community and identify ways to lead change.

Through our Core Curriculum, Common Ground students in 9th and 10th grade complete an interdisciplinary course of study that leads them through an exploration of their own identity and that of our school and further out to the broader New Haven Community with a special focus on the rich diversity of the communities where many of our students live.
