Notes

Unless otherwise noted, all data are for 2022-23 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

³Students demonstrate postsecondary readiness through at least one of the following:

- SAT® - meets benchmark score on SAT, Revised SAT or Connecticut School Day SAT
- ACT® - meets benchmark score on 3 of 4 exams (benchmark score varies by subject)
- AP® - 3 or higher on any one AP® exam
- IB® - 4 or higher on any one IB® exam
- Earning three or more non-remedial college credits cumulatively during high school.

⁴Participation Rate equals the number of test-takers in 11th and 12th grade divided by the number of students enrolled in those grades, as a percentage.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Derby School District

Narratives

School District Improvement Plans and Parental Outreach Activities

The 2022-2023 Derby Public Schools District Strategic Plan supported universal Pre-K, increasing student engagement through effective questioning in a thinking classroom, revising Scientific Research-Based Interventions (SRBI) and improved assessment of learning. The district also focused on improved wrap-around services, job-embedded instructional coaching for teachers, and professional learning dedicated towards high quality instruction, student engagement, and technology integration. The district has developed a "live learning lab" to provide professional learning for all learners in the district and to develop our capacity for high quality teaching and learning for all. The district was featured in Harvard's Graduate School of Education's magazine.

Over the past eight years, Derby Public Schools has increased the continuum of special education services that are provided within the district. We have increased our ability to educate students at their neighborhood schools, with the addition of specialized elementary Learning Centers. These small classrooms are supported by a special education teacher, paraprofessionals, and a behavior specialist. In 2018, a new Academic Learning Center was opened at Derby Middle School. A new Life Skills Learning Center for Grades 9-12 was rolled out in fall of SY 2020-2021. This was followed with a Behavioral Learning Center in SY 2021-2022.

The district is focused on increasing daily student attendance rates and decreasing chronic absenteeism by engaging students and families, recognizing good and improved attendance, monitoring student attendance, providing early outreach and support, and developing supports to remove barriers to regular school attendance. This PK-Grade 12 priority is part of our district strategic plan and is supported by each school's principal, attendance coordinator, school climate specialist, social worker, nurse, psychologist and secretary. The district partners with the Derby Youth Bureau and local nonprofits to provide outreach and support for families in need of assistance. A new district Attendance Team was created in 2018 to develop systems, procedures and protocols for supporting regular school attendance.

Derby utilizes several web based programs that parents and students can access to continue learning at home. The programs available for students and parents are: Google Classroom, i-Ready, Khan Academy, Apex Learning, Lexia, Learning A-Z, and Nearpod. Strong home-school connections are made through the use of the district's new website, our school's social media posts, Class Dojo, school newsletters, daily student newscast, and regular school events designed to engage families and the community. The district has developed strong partnerships with Griffin Hospital, Best Buddies, Unified Sports/Special Olympics, Partners for Educational Leadership and Harvard University's ILC program.

The district holds regular parent events and workshops to support home-school partnerships. This year continued to include several information nights, including: district-wide Open Houses and Report Card Nights, a Kindergarten, Grade 6, and Freshman Orientation Nights, as well as Literacy Family Nights, a Junior Parent Information Night to prepare for Senior Year, an SAT/PSAT Informational Night, and Financial Aid Night.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Derby Public School has developed strong partnerships beyond our campuses to expand the student experience. Derby Public Schools participates in Open Choice magnet schools through our RESC and the district has students attending local magnet schools during the 2022-2023 school year. In SY 2021-2022, the district partnered with Southern Connecticut State University and the Center for Excellence in Teaching and Learning to have students engage in the College and Career Readiness for All Initiative to enable Derby High School students to earn Digital Badges with the university.

In 2018, DHS opened a new, \$1.2 million Advanced Manufacturing Center in partnership with Asnuntuck and Housatonic Community Colleges. Students earned dual credit for courses in computer-aided design (CAD), Blueprinting, and Introductory Tool Bench Work. The Advanced Manufacturing Program provides students with a career pathway and high earning potential which positively impacts a student's life and their community. The program expanded again this year to include a new cohort.

Derby Schools offer many extracurricular opportunities. There are various student run organizations in which students plan, organize, and coordinate activities to reduce prejudice, bias, and discrimination and to increase cultural and ethnic awareness in our schools and community. These programs help to expand understanding of issues beyond one's own view, promotes critical thinking, and builds positive relationships. Derby participates in varsity and junior varsity sports/clubs, including: football, soccer, cheer, dance, indoor/outdoor track, wrestling, basketball, baseball, and softball as well as robust after school programming.

At the elementary level, there are ongoing performances which promote multiculturalism, diversity, and an appreciation for other traditions through music, dance, theater and puppet shows. The annual Multicultural Night, which features performances by students incorporating culture and food from their native country is a very popular event. The two elementary schools also plan combined trips, like Nature's Classroom, common events and activities to promote equity and community.

Equitable Allocation of Resources among District Schools

District leaders meet on a regular basis to provide assured educational experiences for all students across the district. School administrators are active participants in the budgeting process and provide allocation requests in conjunction with the Office of Teaching and Learning, the Business Manager, and the Superintendent to adequately accommodate each student's needs.

Derby Public Schools' students in Kindergarten through Grade 5 attend one of two neighborhood elementary schools: Bradley School and Irving School. Specialist positions (psychologists, social workers, counselors, library clerks, nurses, etc.) are distributed equitably on a per pupil basis.

Paraprofessional staff is allocated on the basis of student need, including the requirements of Individual Educational Plans. Beyond these resources, Irving receives additional staff and program funding through Title I due to its relatively larger proportion of low income children. All Derby students in grades 6-8 attend the Derby Middle School, while all 9 -12 students attend Derby High School. Thus resource equity is ensured at the secondary level.
