Notes

Unless otherwise noted, all data are for 2023-24 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. To view performance on NAEP by student group, at

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Narratives

Vision Statement.All members of the Goodwin University Magnet School System are empowered to advocate for a just and sustainable world while developing competencies for future success within a transformative PreK-early college system.

Mission Statement.The Goodwin University Magnet School System breaks down barriers while celebrating the many talents within our community. Partnering with families, educators, and the community, we challenge our scholars to take ownership of their learning through authentic, innovative pathways.

Goodwin University Magnet School System (GUMSS) strives to provide an inclusive environment for all scholars, families, and staff. Student agency is a focus at all levels and directly correlates to a positive and safe learning environment. GUMSS is a key partner in the mandatory desegregation plan under *Sheff v. O'Neill*. A longstanding school desegregation case against the State of Connecticut, *Sheff* seeks to address the extreme racial and economic segregation of students in the city of Hartford in relation to surrounding suburbs. GUMSS is committed to serving this mission. Elizabeth Horton Sheff, mother of the lead plaintiff, joined our team to chronicle GUMSS graduates' success and seek understanding on how we can improve high quality integrated education.

We continue our journey in Diversity, Equity, Inclusion & Belonging (DEIB).

An equity statement and core beliefs were adopted for our district:

GUMSS intentionally disrupts the historical imbalance of power and privilege that continues to marginalize our scholars and community. As a reflective system, we strive to eradicate the biases and prejudices of race, socioeconomic status, gender identity and expression, education, age, ability, ethnicity, culture, sexual orientation, language, nationality, and religion that impact our scholars as they pursue their education. Therefore, we honor and affirm the diverse experiences of others to empower scholars to create a more just and equitable world.

Core beliefs: Demand Equity, Provide Access, Facilitate Growth, Encourage Leadership and Expect Excellence (EAGLE).

Staff will continue to participate in a series of on-going professional development opportunities.

Equitable Allocation of Resources among District Schools

The budgeting process in the Goodwin University Magnet School System provides the opportunity for building and district leadership to collaborate on ensuring funding to meet the needs of scholars. A review of enrollment information is used to ensure appropriate class sizes. In addition, programs continue to be implemented and enhanced based on scholar, family, and staff feedback.

Coupled with school and district development planning, resources are also allocated based on identified areas of need and focus. Data such as student achievement and growth are essential components to this work. In addition, proactive planning in areas such as technology and maintenance allow for the system to maintain a high level of educational opportunity in safe learning environments.
