Notes

Unless otherwise noted, all data are for 2023-24 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Great Oaks Charter School District

Narratives

School District Improvement Plans and Parental Outreach Activities

Great Oaks Charter School Bridgeport believes that informed parents make the best partners when working towards academic success for students. We work to provide an inclusive and informative environment for parents while providing a safe and supportive environment for students; academic and social-emotional.

The upgrading of our Student Information System and inclusion of Student Data System provides updated and easily located access to their child's performance across all academic areas. Additionally, all of our staff members are accessible through the Learning Management System therefore reducing the need of parents to search for contact information. Likewise, parent's information is fed through our Remind App tool linked to our Student Information System so our teachers and AmeriCorps Fellows do not have to search for contact information to reach parents. Our system is designed to notify parents of absences and lateness for consistent communication. When data shows that a student is missing time out of classes, data from our communication tool as well as our Student Data System is used by our Attendance team to engage parents to offer support.

During the year we hold professional development sessions on practicing parent communication to reduce any anxiety and provide guidance on what information should be communicated. Additionally, we monitor data through our communication tool to ensure that parents are being given information that is related to their student on a consistent basis. Communication occurs through phone calls, text messaging, and emails based on parent's preferences.

Parents provide suggestions and discussions through principal and community meetings which are held online and at the school. These community meetings focus on topics ranging from financial planning, community services, student academic support at home, and social media management, and technology nights focused on accessing all of our tools. Many of our parent meetings are held in Spanish and recorded for publication on our social media sites.

With our diverse population of English Language Learners and Special Service Students, we offer support above our small group tutorials. Parents are supported navigating the PPT process, are provided opportunities for check-ins outside of PPT's, and are given additional resources online as well as tutorial hours to help students. Our English Language Learners are enrolled in Rosetta Stone English services for both student and family for use outside of school. We have extended our community outreach to work with English Language Learners from our host district schools for after-school tutoring at our site.

Efforts to Reduce Racial, Ethnic and Economic Isolation

The Great Oaks Charter School recognizes that many of our students will face challenges that threaten their equitable access to education, opportunity, and currently struggle with the realities of economic isolation. We believe that it is their ability to persevere through these challenges that will allow for our students to shape the world and not be defined by it. In order to make this a reality we provide:

- Small group, high-dosage tutoring in grades 6-11 online and in person.
- A rigorous curriculum with early college opportunities and the Seal of Biliteracy.
- Partnerships with community organizations, colleges, and global initiatives to provide experiences across a variety of career and college opportunities.
- Opportunities for school engagement outside of normal operating hours through our Learning Management System, inclusive of tutorial hours after 5 pm.
- College planning opportunities for students grade 6-12 inclusive of parent seminars for all students.
- Creation of a Career and College position to promote small, college and local business networking with our student and parent population.

We firmly believe that our school should model for our students that career opportunities come in a variety of ways. Many of our AmeriCorps volunteers stay with us to begin an alternate route to certification while volunteering in classrooms. We are fortunate to have the opportunity to hire these former fellows that have already developed relationships with students and understand our commitment to equity. Currently, 25% of our staff are former AmeriCorps members.

Great Oaks is committed to having a diverse team throughout all aspects of the school. We believe strength lies in the diversity of backgrounds and experiences our adult community brings to our students. We are committed to recruiting quality educators of color while providing opportunities for non-traditional certification routes to increase those opportunities for college graduates. Our current professional ratio shows over 51% of our population consists of minority populations.

Equitable Allocation of Resources among District Schools

We are a single school, we divide all resources amongst our 6th through 12th grade students.
