Notes

Unless otherwise noted, all data are for 2023-24 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Narratives

School District Improvement Plans and Parental Outreach Activities

All principals and teaching staff communicate with parents through emails, weekly and monthly newsletters, parent-teacher conferences, and SchoolMessenger notifications to inform parents of events, district initiatives and priorities, and ways to become involved with their children's learning. The Portrait of a Graduate model was adopted last year by the Board of Education. POG focuses on six competencies - being an Adaptable Learner, Responsible Collaborator, Effective Communicator, Critical Thinker, Empathetic Individual and Global Citizen. We want our graduates to develop these attributes over the course of their tenure with GPS. POG guides our work and decisions forward as our teachers design daily lessons, as committees renew and revise curricula, as the BOE and administration build future budgets, and as we draft new policies. The Guilford Transition Academy is in its second year and serves 12 Guilford students between the ages of 18-22 who have diverse learning needs and require additional transition services including independent living skills, employment opportunities and community engagement activities. Our PTOs are strong partners and offer many enrichment activities and cultural arts programs for students. Our administrators worked to implement a plan for parents who request a waiver to enroll their children who have not turned five before the school year begins. Building principals conducted assessments as requested by parents.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Our Family Equity Liaison, Dr. Rydell Harrison, continues to collaborate with administrators, principals, and social workers to advocate for individuals (students and parents) who feel marginalized in some way. He helps to assure our commitment to fostering an environment of equity and social justice. Our high school held an inaugural Multicultural Festival to celebrate all different cultures in our community. The Open Choice program through ACES will begin with Guilford welcoming five grade 1 students from New Haven in the 2024-25 school year. The Guilford Anti-Bias Anti-Racist (ABAR) Alliance works through our PTOs to offer resources that empower families to engage in important conversations at home around diversity, equity, inclusion, and belonging. Harmony Day is celebrated across the district in June. The ABC program sponsored six high school-age students from NY, MA and CT. GHS established a student-led Cultural Competence Committee where students work on initiatives within the school and community that promote equity and inclusion. The district continues to make a concerted effort to recruit and maintain teaching staff with diverse backgrounds and experiences. The district continues to work with the Ed Ethics group from Harvard University to build safe and brave classrooms. The Guilford Youth Mentoring program continues to thrive, pairing adult volunteers as positive role models with students. Students are provided with meaningful connections that impact their lives at home, school, work, and in their communities.

Equitable Allocation of Resources among District Schools

Resource allocation and budget development begins at the building and program levels with input from teachers, principals, program directors, and central office administrators. Annually, school administrators meet with the Board of Education to share budget priorities for instruction, building maintenance, and other resources to support school goals. The Superintendent, the Assistant Superintendent for Curriculum, the Assistant Superintendent for Operations, and the Business Manager review building level requests, focusing on the needs of the school and the need to provide equitable resources across the district. Most expenditures are based on enrollment, age and condition of equipment, identified needs, and multi-year purchasing plans. Facility renovations and site improvements are driven by multi-year plans, code compliance, enrollment, and the need to provide comparable facilities at all schools. The budget process is reviewed at all levels: school, district, Board of Education, and community. Guilford works hard to ensure equity and coherence in every aspect of the system, from instruction to operations, and allocation of resources is no exception.
