Notes

Unless otherwise noted, all data are for 2022-23 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. ³Students demonstrate postsecondary readiness through at least one of the following:

- SAT® - meets benchmark score on SAT, Revised SAT or Connecticut School Day SAT
- ACT® - meets benchmark score on 3 of 4 exams (benchmark score varies by subject)
- AP® - 3 or higher on any one AP® exam
- IB® - 4 or higher on any one IB® exam
- Earning three or more non-remedial college credits cumulatively during high school.

⁴Participation Rate equals the number of test-takers in 11th and 12th grade divided by the number of students enrolled in those grades, as a percentage.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Shelton School District

Narratives

School District Improvement Plans and Parental Outreach Activities

Shelton School District is committed to setting the foundational knowledge of what social-emotional learning is and how to improve it to strengthen our students, staff, and family's overall well-being. Our goals are that all students Pre K - 12 will develop self-awareness and self-management skills to support academic and social success and have opportunities to use social awareness and responsible decision making skills to establish and maintain healthy relationships. It is our intent to blend this focus into the work of our Strategic Planning: Shelton's "Vision of the Graduate". Through the Panorama platform, we administer SEL surveys to families and students two times a year. The data from the surveys helps to identify student and family needs and to develop action plans to assist in the schools and to extend to the home.

Shelton has a District Attendance Committee which has realigned the district's Attendance and Truancy Policies and established protocols that support the district's outreach worker in her effort to combat chronic truancy through school meetings, support services, and direct communication with families and students requiring school attendance support.

Shelton Public Schools is home to multiple specialized programs designed to service our highest needs students. These programs are inclusive of the alternative learning center (geared towards students with autism and other social communication disorders), the therapeutic learning center (geared towards students with significant behavioral challenges), the life skills program (geared towards students who require instruction in functional living skills), and the transition program (for students ages 18-22 who require additional schooling beyond the typical 18 years). Shelton is also home to an integrated Pre K program, which continues to grow every year.

Shelton has made a significant push towards increasing time with non-disabled peers by implementing new math and language arts curricula designed to support students performing at different levels and by promoting inclusive practices as a district initiative. This has led to greater collaboration between general education and special education and has led to improved instruction across grade levels since implementation.

Collaboration with families has also improved with the implementation of CT-SEDS and increased inclusive practices. Case managers communicate regularly with families regarding progress and parent education throughout the PPT process has improved as well with the rollout of CT-SEDS.

Shelton's Student and Support Services department has a PPT calendar based on student birthdays so that PPTs are held according to a calendar that is individualized, timely, and addresses individual student needs based on progress rather than academic calendar. This district's outreach to educational families is supported by our student management system (Infinite Campus) and its parent portal which provides parents access to student progress, assessment outcomes, school activities and events, and individual school communications.

The district website provides access to IC, important school district information, calendars, and data regarding district initiatives and curricula. In addition emergency announcements are accessed through the district website and by electronic trail through Campus Messenger.

Efforts to Reduce Racial, Ethnic and Economic Isolation

The SPSS provides our students and staff with a diversified educational experience. We provide developmental guidance lessons that are conducted in all classrooms by school counselors to address bias and to create a safe environment for learning. Lessons are focused on the areas of tolerance, diversity awareness, community building, and bullying. When students experience these scenarios in a non-threatening way they can internalize realities other than their own. We offer Black and Latino studies at 9-12.

A strong sense of community exists and is supported in all of our schools exhibited by various initiatives such as: food drives, winter coat donations, holiday giving, book drives, charitable donations, community service, and volunteering. Inter-district programs as well as PTO sponsored cultural arts events continue to provide students the opportunity to celebrate cultural similarities and differences and foster mutual respect for different ethnic backgrounds. In addition students participate in system-wide Junior Achievement Programs where parent and community volunteers provide career lessons that are grade level appropriate and support the district's goal to reduce economic isolation.

Shelton's Mentoring Program pairs at-risk students with strong role models from business and industry from the greater Shelton community. Mentors make a concerted effort to remain with their mentees until they graduate from our system creating a far reaching bond in and among participants. On all grade levels students are heterogeneously grouped, inclusive of all ability levels, races, genders, special needs, and English language learners. This assimilation celebrates the fact that heterogeneity and diversity are the strength of our school, community, and nation. In addition SPSS sends students to the following culturally rich programs: The Educational Center for the Arts, The Regional Center for the Arts, Discovery Magnet, Six to Six Magnet School, Fairchild Wheeler and Bridgeport Aquaculture among other smaller placements in a variety of New Haven Magnets. We also partner with organizations such as the Valley NAACP and the Anti-Defamation League to provide staff with necessary professional learning to properly address and instruct our growing diverse student population

Equitable Allocation of Resources among District Schools

SBOE policy guarantees a base level of materials & financial resources to each school contingent on needs. The needs of all students, age of school facilities, grant monies, NEASC reports, and environmental tests results serve to further allocate funds. State and federal legislation such as LRE, indoor air quality, green cleaning, and compliance reviews are considered. Shelton's long-range objectives continue to be updated to suit the district's instructional goals, tech needs, and facility infrastructure.

Meetings with PTOs ensure the greater school community has input into the budget making process. Safety, security, facility improvement, and air quality are continually addressed. All SPSS's facility improvements and projects are supported by the district's equitable allocation of resources. Professional Learning of certified staff is directly aligned to the DIP, Individual SIPs, curriculum initiatives-revisions, and student achievement. New initiatives, supplies, equipment, and programs are funded equitably based on student-faculty-staff-building needs. The SBOE budget is posted on the website after the process is finalized.
