Notes

Unless otherwise noted, all data are for 2022-23 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. To view performance on NAEP by student group, at

²The Connecticut Physical Fitness Assessment (CPFA) is administered to students in Grades 4, 6, 8 and High School (HS). The health-related fitness scores gathered through the CPFA should be used to educate and motivate children and their families to increase physical activity and develop lifetime fitness habits.

³Only students assessed in all four areas are included in this calculation.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Narratives

The geographic location of North Canaan Elementary School in rural northwest Connecticut provides a beautiful setting for our school and community. In-class activities expose our students to other perspectives and cultures. An English Language Learner teacher helps students successfully integrate into the classrooms.

Field trips and enrichment activities are also important means to help our students learn more about the world around them. Every grade attended at least one field trip off-campus this year, and we brought outside groups into the school to provide enriched cultural experiences, including the play on Elizabeth Freeman for our middle school students who learned local history. The sixth graders returned to their three day and two night stay at Nature's Classroom, exposing students to a wide variety of activities that promote creative thinking as well as build independence, confidence, and positive risk-taking. The eighth graders visited Washington, DC, in the spring to immerse themselves in the nation's capital. This multi-day trip was a culminating event for students before leaving North Canaan Elementary School.

Habits of Mind remain the backbone for our social-emotional learning, enabling every student to apply the following life skills: persisting; managing impulsivity; listening with understanding and empathy; thinking flexibly; thinking about your thinking; striving for accuracy; questioning and problem solving; applying past knowledge to new situations; thinking and communicating with clarity and precision; gathering data through all senses; creating, imagining and innovating; responding with wonderment and awe; taking responsible risks; finding humor; thinking interdependently; and remaining open to continuous learning. Being adept at applying these life skills increases student self-awareness and ability to interact with others.

Students in grades 7-8 participate in regional sports teams and other enriching activities including art garage, and STEM. Track was added as a sport from which students could choose.

We strive to ensure that all students have equal opportunity and access to enriching activities and events throughout the year. School and community funds are used for families in need of financial assistance.

Equitable Allocation of Resources among District Schools

Staff members submit requests for resources as a part of the comprehensive budget process. The Board of Education, the Board of Finance, and the Board of Selectmen work cooperatively to support the needs of the students and staff in North Canaan. We are a one-school district. All community funds support North Canaan Elementary School through grade 8 and then the regional high school, Housatonic Valley Regional High School.
