Notes

Unless otherwise noted, all data are for 2022-23 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. ³Students demonstrate postsecondary readiness through at least one of the following:

- SAT® - meets benchmark score on SAT, Revised SAT or Connecticut School Day SAT
- ACT® - meets benchmark score on 3 of 4 exams (benchmark score varies by subject)
- AP® - 3 or higher on any one AP® exam
- IB® - 4 or higher on any one IB® exam
- Earning three or more non-remedial college credits cumulatively during high school.

⁴Participation Rate equals the number of test-takers in 11th and 12th grade divided by the number of students enrolled in those grades, as a percentage.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

North Stonington School District

Narratives

School District Improvement Plans and Parental Outreach Activities

North Stonington Public Schools hosted a visit from the New England Association of Schools and Colleges in order to become the first district in Connecticut to be a candidate for district accreditation. The Vision of the Graduate includes the following skills and dispositions: Analytical, Collaborative, Literate, Communicative, Respectful and Responsible, Resilient, and Lifelong Learner. District improvement efforts are centered around three specific goals including: 1. Imbed practices and procedures throughout the schools and curriculum experiences that ensure all students, staff, and families feel safe, valued and have a sense of belonging. 2. Design, document and implement innovative instructional opportunities that empower each learner. 3. Develop and follow efficient and transparent processes to ensure smooth flow of operations and enable increased focus on learning. The Board of Education formed subcommittees to ensure that we have the corresponding policies that support the achievement of each goal. Professional growth plans were aligned to the goals as well. Parent and student surveys are administered annually with the goal of updated practices to ensure that people feel safe. Monthly advisory activities focus on the topics of respect, responsibility, and resiliency. At both schools, weekly email updates kept families informed of school events. North Stonington Elementary School hosted several family fun nights as well as a special person dance. Also, enrichment activities were increased through a STEM approach. The district organized a wellness day for students, staff, and some parents, to participate in fitness and recreational activities.

Efforts to Reduce Racial, Ethnic and Economic Isolation

The demographics of North Stonington Public Schools have been very consistent over generations. The town of North Stonington is a small rural/farming and bedroom community of approximately 5,000 residents, of which about 750 are students in our PK through grade 12 school district. We border Preston, Griswold, Stonington, Ledyard, Montville, Voluntown and the Rhode Island Communities of Hopkinton and Westerly. Students can choose to attend North Stonington Public Schools or other programs of interest. Wheeler High School students can also attend the Westerly Education Center as part of his/her high school curriculum which is in partnership with Electric Boat. Students who successfully complete the program are eligible for employment with Electric Boat. Our high school seniors completed senior projects and shared them with staff, students, parents, and community members at a Senior Project Day. The district is presently accepting tuition students from two bordering town of Voluntown and Preston. Wheeler High School has co-op sports teams with surrounding towns.

Equitable Allocation of Resources among District Schools

The district employed a zero-based budgeting system. Administrators and Department Heads were asked to provide a building-based budget to the superintendent of schools which will meet the needs of all students. A "superintendent's" budget then moves to the Board of Education. The Board of Education then deliberated on the budget. The BOE approved a final budget and it will then send the approved budget to the Board of Selectmen. A town hearing on the budget is held prior to the budget going to referendum. Beginning in the 2021-2022, the Board of Finance approved a "Non-lapsing Account" for the Board of Education. The Board of Education is allowed to carry over surplus funds that do not exceed 2% of the total budget of the previous year. The non-lapsing account will allow for more strategic expenditures of surplus funds and not be constricted by the end of the fiscal year, June 30th. Government funding in response to the pandemic was useful in allowing more academic interventionists to support student learning, particularly in math and reading.
