Notes

Unless otherwise noted, all data are for 2022-23 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

³ Students demonstrate postsecondary readiness through at least one of the following:

- SAT® - meets benchmark score on SAT, Revised SAT or Connecticut School Day SAT
- ACT® - meets benchmark score on 3 of 4 exams (benchmark score varies by subject)
- AP® - 3 or higher on any one AP® exam
- IB® - 4 or higher on any one IB® exam
- Earning three or more non-remedial college credits cumulatively during high school.

⁴ Participation Rate equals the number of test-takers in 11th and 12th grade divided by the number of students enrolled in those grades, as a percentage.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Plainfield School District

Narratives

Plainfield over the past 10 years has seen a rising number of students being eligible for Free and Reduced Lunch as well as transient within the community, as well as a changing racial demographic.

Plainfield currently does not have charter or magnet schools located in its district, however, we actively partner with local magnet schools in the surrounding communities but providing continuous transportation and special education support for students who elect to attend a magnet school.

Plainfield has a curriculum committee that consistently evaluates curriculum to ensure it does not directly or indirectly isolate students from access and foster racial or economic isolation. Plainfield partners with social-emotional agencies to foster strong staff and student, as well as student to student relationships through Institute for Restorative Practices, Yale Center for Emotional Intelligence as well as special consultants to work with staff, students and parents around social justice and race related issues.

Plainfield has an active DEI (Diversity, Equity and Inclusion) Committee that meets with the central office staff and building leadership. At Plainfield Public Schools, we believe that diversity, equity, and inclusion are essential components of a high-quality education. We are committed to fostering a safe and welcoming environment that celebrates the richness and uniqueness of all members of our community.

We recognize that our students and their families bring diverse backgrounds, perspectives, and identities into our classrooms and hallways. We embrace this diversity as a strength and are dedicated to fostering an inclusive environment that celebrates and respects the unique contributions of each student. We affirm our commitment to creating a safe space where all students feel seen, heard, and valued.

Equitable Allocation of Resources among District Schools

Plainfield Public Schools budgets for students on a need based allocation. Plainfield uses student data around enrollment, special education, and academic/behavioral data to align and re-align resources within the district.

Plainfield has utilized grant funding when necessary to expand teaching staff, programs, professional development and curriculum in order to provide equitable allocation and access to resources.

Plainfield strives to maximize the local and state allocations to the best of our ability, while consistently making student-centered decisions. Plainfield has added programs and services for students while be responsible with local and state funds, utilizing grants, excess aid and the reallocation of resources.

Plainfield begins the budget process in late December and collaborative builds the budget with district and building leaders, union leadership and parent leaders (PTO). The district begins to publicly discuss and display the budget in January/February to collect additional stakeholder input while working collaborative with local government and leadership. Plainfield utilizes enrollment and DRG data to ensure allocations are meeting state requirements
