Notes

Unless otherwise noted, all data are for 2021-22 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. To view performance on NAEP by student group, at

²The Connecticut Physical Fitness Assessment (CPFA) is administered to students in Grades 4, 6, 8 and High School (HS). The health-related fitness scores gathered through the CPFA should be used to educate and motivate children and their families to increase physical activity and develop lifetime fitness habits.

³Only students assessed in all four areas are included in this calculation.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Narratives

School District Improvement Plans and Parental Outreach Activities

Ashford School provides its students a robust support system in remedial, intervention and special education including the addition of services for those students identified as gifted and/or talented.

There are full-time school social workers and a school counselor who work collaboratively with our teachers and with the Town's Youth Services Bureau; valuable attention, assistance and services are available to our students and their families.

With a very active PTO, School Readiness Council and a great deal of parent volunteers, Ashford School is always integrated in the community. There are a range of activities held at Ashford School that reach the community. We observe Veteran's Day activities, house town recreation department activities, and as a fully integrated STEAM school, we host many curricular based and have adopted Project Based Learning and we are focusing on social literacy. We are committed to serving the full range of ability levels through a fully differentiated instructional model that meets students at their current ability and performance level and delivers individualized instruction for optimal advancement academically as well as social/emotionally.

Students have abundant access to technology. There are mobile laptop carts, classroom computers, an array of software, SmartBoards in classrooms and students in Grade 5 have 1:1 computer use.

With the support of the Ashford Board of Education, district improvement continues to move forward under a new school vision and mission statements. Monthly articles to the Ashford Citizen from the Superintendent and Ashford School keep the town informed of activities and events at Ashford School and weekly announcements are emailed to families every Friday. Special education at Ashford School reflects a comprehensive approach to educational programming, philosophy, design and services to best meet the individual for our students with disabilities while being integrated with the regular education population offering a full range of supports for students and their families.

Efforts to Reduce Racial, Ethnic and Economic Isolation

As a rural school district, Ashford has a relatively low minority population and few English language learners. Efforts to increase school wide awareness of diversity among people have always been abundant at Ashford School.

Ashford is very involved with cultural activities including a student and teacher exchange with teachers and students from Germany to study education, economy and culture, we continue to partner with the Teachers of Critical Languages Program, sponsored by the Bureau of Educational and Cultural Affairs of the US Department of State. This will be our first year welcoming a teacher from Egypt. Ashford School is a participant of HOT Schools (Higher Order of Thinking). Students and staff benefit from culturally diverse and sensitive activities through HOT Schools.

The Ashford PTO and cultural arts committee sponsor cultural arts assemblies throughout the school year.

There is an after-school program in place for students in grades 2-8. Other programs and activities include Positive Behavior Supports (PBIS), Primary Pride, STEAM events, regional athletic participation, robotics tournaments, Veteran's Day activities and music festival participation with other districts across the state. Ashford School, along with the Ashford Youth Service Bureau offer assistance to families that may face economic challenges through the annual Holiday Giving Tree and Thanksgiving Baskets programs.

We strive to teach our students tolerance of others, good citizenship and cultural and community awareness, and this will continue to be a priority for each and every student who passes through our doors.

Equitable Allocation of Resources among District Schools

As a single school district educating students in grades PK-8, this item would not be applicable to our district as it relates to equitable sharing.
