Notes

Unless otherwise noted, all data are for 2022-23 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. ³Students demonstrate postsecondary readiness through at least one of the following:

- SAT® - meets benchmark score on SAT, Revised SAT or Connecticut School Day SAT
- ACT® - meets benchmark score on 3 of 4 exams (benchmark score varies by subject)
- AP® - 3 or higher on any one AP® exam
- IB® - 4 or higher on any one IB® exam
- Earning three or more non-remedial college credits cumulatively during high school.

⁴Participation Rate equals the number of test-takers in 11th and 12th grade divided by the number of students enrolled in those grades, as a percentage.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Greenwich School District

Narratives

School District Improvement Plans and Parental Outreach Activities

Greenwich's Strategic Plan has six goals: Mastery of Reading, Mastery of Mathematics, Graduation Rate, Increased Family & Community Engagement, Increase Student Sense of Belonging and Increase Positive Working Environment for Teachers and Staff. We are committed to preparing students to function effectively in an interdependent global community. Therefore, in addition to acquiring a core body of knowledge - which is established in local curricular documents reflecting national and state standards, as well as workplace expectations - all students will develop their Academic, Personal and Interpersonal Capacities.

Parents are members of each School Improvement Team and the PTA and they give feedback that is used in setting FaCE (family and community engagement) goals. Each school sends a representative to the district's Educational Differences Subcommittee (meets monthly) to discuss issues, solutions and achievement in learning outcomes for students with academic and/or SEL challenges at school and/or home. Our Special Education Advisory Council (SEAC) continues to support an equal and equitable partnership between families, the school District and community partners. SEAC gives advisory opinions to the Board of Education on matters pertaining to the education and safety of students with disabilities.

GPS continues to make progress on the recommendations from the Special Education Audit. We have increased our continuum of services in the district. We have designed a unique learner program to support those students needing a modified and adapted curriculum aligned with the CT Alternative Assessment; we continue to expand our co-teaching classes; our Inclusion Specialist continues work with our teachers to increase their instructional skills and we have a Reading Lab Specialist for those students with critical reading difficulties. These are helping us to continuously improve our practice of supporting our instructional programing for our students with disabilities.

The district's focus continues to be personalized learning for all students in order to support their success in achieving their academic, personal and interpersonal goals.

Students and teachers collaboratively review individual student data (including academic, attendance, discipline, social emotional skills, etc.) to determine various pathways to meet their goals and ways to demonstrate their success and mastery in meeting those goals. Those goals are then shared with families.

Greenwich also offers a "Seamless Summer Learning Program" for all students. It provides curriculum playlists which promote learner choice as well as anytime, anywhere access to district approved digital applications and resources for Humanities, STEM, Fine Arts, World Languages and a library collection of summer reading. Parents can engage their children in learning enjoyment to support prevention of summer learning loss and to support accelerating readiness for more challenging courses. This program can be accessed all year, not just during the summer months.

We continue to update curricula documents on our Website for each content area, by grade (PreK-12) that give the Curriculum Overview, Units to be taught, Student Learning Experiences, What students will do, and What students will practice, understand and demonstrate.

Efforts to Reduce Racial, Ethnic and Economic Isolation

The impact of increasing diversity has required us to continuously develop and enhance awareness of Diversity, Equity and Inclusion of our students and families. This is reflected in our curricula, teaching strategies, materials and professional learning. The district has a digital device for each student. Hot spots are available for those families who don't have access to the net. We have five magnet schools which provide choice for students and parents at the elementary and middle school levels. Magnet themes are: International Baccalaureate (IB) Primary, STEAM Magnet, World Languages Magnet and AVID (Advancement Via Individual Determination). Through rigorous academic programs, we encourage students to be compassionate citizens and critical thinkers who successfully communicate their thinking and act as responsible members of the community. We follow District Norms, they are: Be Here, Be Safe, Be Honest, Care for Self and Others, and Let Go and Move On.

In order to promote the Greenwich Public Schools' "Vision of the Graduate," all schools offer numerous opportunities for students to "pursue their unique interests, passions and curiosities." Here is a sample of some offered activities: Diversity Awareness Club, Sports Intramurals, Gay Straight Alliance Club, Girls' Empowerment, Unified Sports, Neighbor to Neighbor Club, Pop Culture Analysis in the Modern World, Drama Club, and Musical Theater.

We have a committee for Diversity Recruitment and Retainment. This committee is dedicated to supporting teachers of color in our district and to recruit more diverse teachers through our professional assistants and our larger diverse community.

Dedicated staff at each school support every student to their full potential. The diversity of our students is recognized as a source of strength and a reflection of our world. It is our goal to respect, motivate, inspire and empower each member of our diverse learning community to participate in their educational and civic endeavors. We celebrate academic successes, the arts, sports and civic engagement. Parents and the community are invited to these celebrations. Notices are sent home in a variety of languages to ensure families are able to have a voice in their child's education.

Greenwich School District

Equitable Allocation of Resources among District Schools

The operating and capital budgets are built as zero-based and thoughtfully developed each year on known and anticipated needs as well as historical trends to prioritize the budget development each year.

Greenwich develops our budget on meeting the needs of each individual school community; e.g. high school students need a specific number of credits in English, Mathematics, Science, etc. towards graduation outcomes. The budget documents demonstrate the links between the budget, strategic goals and initiatives as well as the core academic/SEL programs at every school.

Resources are available at each school for the necessary curriculum development, revision, and implementation with instructional materials, appropriate staffing and professional learning. Greenwich staffs specialists to support students who need additional services and resources (ELLs, students with disabilities, low socio-economic students, etc.). We utilize the Connecticut Common Core State Standards for program needs and student needs. We use a consistent enrollment class size to determine the number of teachers, specialists, support personnel and staff to assure there is equity of resources across the district.
