Notes

Unless otherwise noted, all data are for 2023-24 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. ²The Connecticut Physical Fitness Assessment (CPFA) is administered to students in Grades 4, 6, 8 and High School (HS). The health-related fitness scores gathered through the CPFA should be used to educate and motivate children and their families to increase physical activity and develop lifetime fitness habits.

³Only students assessed in all four areas are included in this calculation.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Narratives

School District Improvement Plans and Parental Outreach Activities

The Booker T. Washington Academy is dedicated to continuous improvement and fostering authentic engagement with parents in our school program. We strive to create a supportive learning environment for all scholars while cultivating a welcoming atmosphere that encourages parental involvement, ultimately strengthening our school community. We believe in equitable support for every child and have implemented a closely monitored Scientific Research-Based Interventions (SRBI) system that addresses the holistic needs of our students, including appropriate social-emotional support. Each and every scholar is provided with targeted support on a personalized instructional focus in the area of reading and math which is designed to help them achieve their individual goals. Additionally, BTWA collaborates with New Haven Public Schools to provide special education services for all eligible scholars, encompassing speech therapy, occupational therapy, and social work services.

We actively involve parents and community members as partners in our educational efforts. To facilitate this, we maintain consistent and clear communication through newsletters, emails, and social media updates, ensuring that parents are informed about upcoming events, school news, and opportunities for involvement. To promote two-way communication, we engage parents monthly through the Parent Teacher Organization (PTO), establish parent advisory committees, and encourage participation in focus group discussions related to school leadership hiring and material decision-making.

The staff at Booker T. Washington Academy is committed to preventing truancy and chronic absenteeism by implementing various strategies. These include daily phone calls from the main office to families of absent scholars, a tiered system for attendance follow-up, Sunday memos that provide attendance data, and monthly activities and events that celebrate attendance. We also offer attendance awards and incentives, such as trips and treats, while educating parents on the importance of school attendance. Communication with families remains a top priority; we share a weekly memo every Sunday, along with monthly community newsletters. Furthermore, we organize workshops on topics of interest to parents and hold parent academies to enhance their capacity to support their scholars with learning activities at home.

Efforts to Reduce Racial, Ethnic and Economic Isolation

The Booker T. Washington Academy is committed to implementing a curricular program that reflects the diverse backgrounds and experiences of all students while maintaining high expectations for every learner. We encourage teachers to center student identity in the classroom and to foster racial and ethnic pride by incorporating literature, history, and perspectives from various cultures and communities. To support this initiative, we provide training in culturally responsive teaching practices, aiming to create an inclusive environment where all students feel valued and represented.

These efforts are designed to enhance racial and ethnic pride, foster a sense of belonging, increase interest in learning, and ultimately improve academic performance. We continuously build upon a repository of evidence-based culturally responsive instructional strategies that align with the demographics of BTWA.

To ensure equitable access to academic resources and extracurricular activities, BTWA provides additional support for students through tutoring, mentoring, and scholarships, helping to bridge any gaps in access and opportunities. We also prioritize the recruitment and retention of a diverse teaching staff, recognizing the importance of increasing our scholars' access to educators who share similar backgrounds and cultures. To achieve these goals, we have adopted several strategies, such as partnering with the Educate Me Foundation, a non-profit organization dedicated to increasing the number of men and women of color in education. This partnership provides professional development services throughout scholars' college careers and assists with placement in schools seeking diverse teachers. Additionally, we collaborate with Relay Graduate School of Education, an alternative certification program for candidates who are degreeed and demonstrate the interest and capacity to teach.

Finally, BTWA integrates Social Emotional Learning (SEL) into our school program, focusing on building empathy, understanding, and respect among students. Our goal is to equip students with the skills necessary to navigate and appreciate diversity, thereby fostering a sense of belonging and community within the school.

Equitable Allocation of Resources among District Schools

Booker T. Washington Academy is a single site district, and as a result, does not allocate resources across multiple schools.
