Notes

Unless otherwise noted, all data are for 2023-24 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. ²The Connecticut Physical Fitness Assessment (CPFA) is administered to students in Grades 4, 6, 8 and High School (HS). The health-related fitness scores gathered through the CPFA should be used to educate and motivate children and their families to increase physical activity and develop lifetime fitness habits.

³Only students assessed in all four areas are included in this calculation.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Brass City Charter School District

Narratives

School District Improvement Plans and Parental Outreach Activities

.Brass City Charter School is committed to continual improvement. During the 2023-2024 school year, BCCS hired and supported its own special education teachers and para- professionals. The school was fully staffed in terms of those providing direct support to students. As fulltime employees of BCCS, they reflected the culture and expectations of the school and were able to develop close working relationships with teachers to ensure that students were receiving the support they required in the classroom as well as with specialized instruction. Reflecting the State's focus on the science of reading, all classroom teachers in grades k-3, special education teachers, and classroom assistants were trained in Wilson/Orton Gillingham so that they could effectively support students with dyslexia.

BCCS has a well developed SRBI process that supports students both academically as well as socially and emotionally. BCCS hosts a health clinic that is staffed with a fulltime APRN and clinic social worker to support students.

BCCS has in place an attendance committee that tracks student attendance and reaches out to families that struggle with truancy to emphasize the importance of school attendance.

BCCS hosts, on the first Friday of every month, a coffee for parents with the school's executive director. It is a wonderful opportunity to discuss school programs, explore parental concerns, and get to know one another. A weekly memo goes out to parents to keep them informed of all activities at BCCS. During the school year, parent evenings are held to engage parents in their children's learning. Parents are represented on the Board of Directors.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Brass City Charter School is a charter school that by design aims to reduce racial, ethnic, and economic isolation. The school admits students from the City of Waterbury and its demographics mirror those of the City.

Our goal is to increase our number of teachers of color which we continue to do. For the 2023-2024 school year, 25% of our classroom teachers were teachers of color and 81% of assistant teachers were people of color.
