Notes

Unless otherwise noted, all data are for 2020-21 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality, or to ensure that statistics based on a very small sample size are not interpreted as equally representative as those based on a sufficiently larger sample size.

N/A is displayed when a category is not applicable for a district or school.

State		19.0		1.4

Number of students in 2019-20 qualified as truant under state statute: 598

Number of school-based arrests: 0

NOTE: In the 2020-21 school year, students attended school in-person to varying degrees; some learned fully/mostly remotely for the entire school year. Chronic absenteeism calculations are based only on in-person school days.

⁴ A student is chronically absent if they miss ten percent or greater of the total number of days enrolled in the school year for any reason. Pre-Kindergarten students are excluded from this calculation.

⁵ This column displays the count and percentage of students who receive at least one in-school suspension, out-of-school suspension or expulsion.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no table is shown here. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

National Assessment of Educational Progress (NAEP): Percent At or Above Proficient¹

Connecticut	45	39	32
National Public	40	33	25

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, a modified table is shown below. All indicators that were not calculated for the 2020-21 school year (including overall Accountability Index) have been excluded and columns that referenced points have also been removed to avoid confusion. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

Graduation Rate Gap	.	83.5%	.	9.8%	N

¹ If the Non-High Needs Rate exceeds the ultimate target (75 for Performance Index and 94% for graduation rate), the ultimate target is used for gap calculations.

² If the size of the gap exceeds the state mean gap plus one standard deviation, the gap is an outlier.

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in at least one of the student groups used to calculate the gap measure or the indicator is not applicable based on grades served.

Connecticut's State Identified Measurable Result (SIMR) for Children with Disabilities

Increase the reading performance of all 3rd grade students with disabilities statewide, as measured by Connecticut's English Language Arts (ELA) Performance Index.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no SIMR data are available. Narratives

School District Improvement Plans and Parental Outreach Activities

In 2020-21, Windham Public Schools continued to improve and enhance its special education programming and services for students with disabilities. Windham started an alternative education program called Community, Occupational, and Remote Education (CORE) for students in grades 9-12 run by the district. The district restructured special education staff to better support specialized programming. The district developed and implemented a home-based program called Comprehensive At-Home Resources and Education (CARE) for medically fragile students who were unable to attend in-person due to the impact of COVID-19. The department enhanced and expanded its Tier 3 intervention resources to support sustained and increased student achievement. The Department of Family and Community Partnerships worked closely with building and district leadership in preventing and minimizing truancy and chronic absenteeism and improving engagement with the schools. Family liaisons, teachers, building leadership, and support staff collaborated to ensure students and families had what they needed to participate in learning regardless of the model students were in (in-person, hybrid, or fully remote). Family liaisons conducted about 700 home visits to reach families to improve engagement. A focus of the efforts of the liaisons and the Before and After School Program staff was to connect families dealing with the impact of COVID-19 to community agencies and resources. All schools continued their School Governance Councils. Schools created virtual forums and school tours to reach families who could not attend in conventional settings. Additionally, the Department of Family and Community Partnerships conducted virtual parent workshops throughout the year. During the school year, daycare programming was created for families as well as staff so their students could participate in learning while they were able to work. High School staff were trained during the school year in best practices for communicating and engaging families.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Windham Public Schools is committed to reducing ethnic and economic isolation by recognizing diversity as strength. During 2020-21, the district provided opportunities for staff, parents and students to participate in activities within each school community to support these efforts. The district has a two-way dual language program at three schools spanning grades K-8 enabling students to become bilingual, bicultural, and bi-literate. The two-way dual language program includes approximately 50% native English speakers and 50% native Spanish speakers. One-Way Dual Language programs were implemented at three schools spanning grades K-4. Over 500 students were involved in these programs. Windham is invested in the ongoing recruitment of school personnel reflective of the diversity represented in our student population and continued to implement several recruiting and hiring strategies in this pursuit. Pursuant to the district's efforts to staff highly qualified bilingual educators for its dual language classrooms, the department employed a comprehensive recruiting strategy including recruiting from Puerto Rico and recruiting 10 teachers from Spain as part of J1 Visa Program. Charles H. Barrows STEM Academy is a Windham host magnet grades K-8 school attracting students from 26 school districts with students from Windham, two-thirds of the school population, establish meaningful relationships with students from other towns. Windham Early College Opportunity (ECO) continued to be implemented at Windham High School allowing high school students to earn a certificate in advanced manufacturing along with a high school diploma. Partners in this endeavor include Quinnebaug Valley Community College and manufacturing companies from across the state. Opportunities for participating students include manufacturing internships during the summer as well job opportunities upon graduation. Several grant-funded initiatives bring together Windham's students with neighboring school districts serving a less diverse population to foster interaction among students with different backgrounds. The Diversity, Equity, and Inclusion committee met over the year to produce an equity statement and policy for the district.

Equitable Allocation of Resources among District Schools

The 2020-21 budget was \$48,599,744.00 which was an increase of 1.3% over the prior year's budget. Grant funding and Education Cost Sharing Funds support a significant portion of the total Board of Education budget. Through the Alliance School Grant and Priority School Grant, the district was able to support many academic initiatives in the schools. CARES and ESSER funding was utilized by the district to support costs related to the impact of COVID-19 had on the operations of the school system. During budget planning for 2021-22, building and district resource leaders analyze data and collaborate to determine the needs and equitable allocation of resources. Priority was given to closing the opportunity and access gap that widened during the pandemic.
