Notes

Unless otherwise noted, all data are for 2020-21 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality, or to ensure that statistics based on a very small sample size are not interpreted as equally representative as those based on a sufficiently larger sample size.

N/A is displayed when a category is not applicable for a district or school.

Number of students in 2019-20 qualified as truant under state statute: 0

Number of school-based arrests: 0

NOTE: In the 2020-21 school year, students attended school in-person to varying degrees; some learned fully/mostly remotely for the entire school year. Chronic absenteeism calculations are based only on in-person school days.

⁴ A student is chronically absent if they miss ten percent or greater of the total number of days enrolled in the school year for any reason. Pre-Kindergarten students are excluded from this calculation.

⁵ This column displays the count and percentage of students who receive at least one in-school suspension, out-of-school suspension or expulsion.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no table is shown here. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

National Assessment of Educational Progress (NAEP): Percent At or Above Proficient¹

READING	NAEP 2019		NAEP 2013
	Grade 4	Grade 8	Grade 12
Connecticut	40	41	50
National Public	34	32	36
MATH	Grade 4	Grade 8	Grade 12
Connecticut	45	39	32
National Public	40	33	25

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, a modified table is shown below. All indicators that were not calculated for the 2020-21 school year (including overall Accountability Index) have been excluded and columns that referenced points have also been removed to avoid confusion. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

Gap Indicators	Non-High Needs Rate ¹	High Needs Rate	Size of Gap	State Gap Mean +1 Stdev ²	Is Gap an Outlier? ²
Graduation Rate Gap	.	.	.	.	.

¹ If the Non-High Needs Rate exceeds the ultimate target (75 for Performance Index and 94% for graduation rate), the ultimate target is used for gap calculations.

² If the size of the gap exceeds the state mean gap plus one standard deviation, the gap is an outlier.

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in at least one of the student groups used to calculate the gap measure or the indicator is not applicable based on grades served.

Connecticut's State Identified Measurable Result (SIMR) for Children with Disabilities

Increase the reading performance of all 3rd grade students with disabilities statewide, as measured by Connecticut's English Language Arts (ELA) Performance Index.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no SIMR data are available. Narratives

School District Improvement Plans and Parental Outreach Activities

Woodstock Public Schools has taken great strides in school communication with families. The use of the website, text communications, the online portal system for students and parents to view grades, emails, parent communication forms, Positive Office Referrals, are all ways that have enhanced communication between home and school. Newsletters and other information are emailed home to parents regularly. Resources are available for families as they contact or visit the school. Additionally, our school improvement plans are provided for families to access on the website and within the minutes of Board of Education Meetings.

.Woodstock Public Schools involves families in many ways throughout the school year beginning with a phone call from each student's teacher. Parents are invited in during Open House, Parent Conferences, Awards Celebrations, and Parent Book Talks. They are involved as members of the School Safety and Wellness Committees and invited to share their talents and interests through many volunteer opportunities. In addition, WPS engages parents through multiple surveys and community forums throughout the year for input for district improvement planning and programming.

.Woodstock Public Schools is also blessed to have organizations that support the students. These organizations are The Parent Teacher Organization, The Woodstock Education Foundation, and the Judy Nilan Foundation. All three organizations work to enhance the programming available to students in Woodstock Public Schools.

.When a student is absent, and the family has not called the school, the district contacts the family. When there is an issue with attendance, the district Administrators and school counselors work with the students and families to promote increased attendance. Attendance letters are also sent when there is a concern of truancy.

.Students who receive special education services are given resources to understand the process. Staff has been provided professional development for helping students with disabilities. Paraprofessionals have also received professional development to help ensure their understanding of working with students with special needs.

.Woodstock Public Schools has implemented collaborative development of school improvement plans between elementary and middle school building principals, teachers, and members of the Board of Education Academic subcommittee. Improvement plans this year focus on social and emotional well-being and academic achievement in mathematics and ELA. Teachers created goals based off of our school improvement plans to increase achievement in mathematics and reading.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Woodstock Public Schools introduces students to a wide variety of cultures through classroom instruction and special programs like TRIBES, Second Step, Hear, and Pride. While racial and ethnic diversity is limited in Woodstock, we aim to educate our students about different cultures through diverse texts in our language arts programming and studies of cultures around the world in social studies. Additionally, each year Woodstock Elementary School celebrates International Week, where a single country is learned about in depth, across the school, including traditions, attire, religion and foods.

.Woodstock Middle School incorporates diversity awareness in classes such as music, art, reading, and social studies. A few examples: students study other cultures including a rain forest activity where students talk through a web conference with students in the rain forest, pen-pal activities with students from other countries, and listening and playing cultural music.

.Our district regularly partners with local social service agencies to provide programs and resources to families in need. Through this partnership, "weekend meal bags" are offered to families. School supplies, yearbooks, and assistance covering the cost of field trips are also provided. We provide holiday meals and gifts for families in need in partnership with various organizations within the community. The district also provides free meals to all students.

.Within the past two years, Woodstock Public Schools has greatly improved student access to technology for all learners. All students are now equipped with a school issued iPad and access to the internet if needed through the ESSER grant funding.

Equitable Allocation of Resources among District Schools

Equitable allocation of resources are carefully managed during the budgeting process between January and June of each year. Each of our two building principals work with their staff and stakeholders in developing their individual school budgets. School improvement plans drive the budgeting process. Budgets are then combined into the district budget which is reviewed by the BOE Finance subcommittee, presented to the BOE and also discussed during a yearly Community Budget Forum.
