Notes

Unless otherwise noted, all data are for 2021-22 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. ²The Connecticut Physical Fitness Assessment (CPFA) is administered to students in Grades 4, 6, 8 and High School (HS). The health-related fitness scores gathered through the CPFA should be used to educate and motivate children and their families to increase physical activity and develop lifetime fitness habits.

³Only students assessed in all four areas are included in this calculation.

Students with Disabilities	81.8	7	2.8
District	92.4	373	23.6
State	95.0		43.5

³Students demonstrate postsecondary readiness through at least one of the following:

- SAT® - meets benchmark score on SAT, Revised SAT or Connecticut School Day SAT
- ACT® - meets benchmark score on 3 of 4 exams (benchmark score varies by subject)
- AP® - 3 or higher on any one AP® exam
- IB® - 4 or higher on any one IB® exam
- Earning three or more non-remedial college credits cumulatively during high school.

⁴Participation Rate equals the number of test-takers in 11th and 12th grade divided by the number of students enrolled in those grades, as a percentage.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Danbury School District

Narratives

The district's rich diversity has enabled us to develop and enhance awareness of the cultural, racial, ethnic, and socio-economic backgrounds of our students and families.

We are endeavoring to ensure that our diversity is reflected in our curricula, teaching strategies, and choice of materials. We have a K-5 magnet school, a 6-8 lottery school, and a 9-12 dual enrollment program to provide choice for parents and students at the elementary, middle, and school levels. All students eventually come together when they attend Danbury High School.

Danbury has secured a site and funding for its Career Academy opening in 2024 that will provide students with workforce pathways opportunities to become job ready alongside becoming collagen ready.

The district recently established a communications department and director to enhance two-way communication through enhanced web presents, social media and other modalities to keep families and the community informed about work in the school district.

Through a rigorous academic program and recently approved Portrait of Graduate, we encourage students to be Advocates, Collaborators, Innovators, and Learners who purposely Communicate their thinking and act as global stewards.

Each school supports and works to help every student to recognize and advance to their full potential. The diversity within our district is one of our strengths. We embrace that and have made it our goal to motivate, inspire, and empower each member of our diverse learning community.

In order to effectively communicate with families, notices are sent home in a variety of languages to ensure families are able to have a voice in their child's education. The district provides interpreters to schools for parent engagement events and uses interpreting devices to address language barriers where appropriate.

Equitable Allocation of Resources among District Schools

We believe in ensuring coherence and equity. This includes staffing, resource allocation, and operational funding of district, school, and program improvement to meet the needs of our school community.

Danbury Public Schools makes resources available at each school to accomplish this goal. The annual operating budgets are thoughtfully developed each year based on the known and anticipated needs for the current school year.

In order to support district and school improvement, supplemental grants are directly allocated to the schools with the most needs.

We staff at appropriate levels to support students who need additional services and resources (ELLs, students with disabilities, etc.). In order to ensure that there is equity of resources across the district, we use a consistent class size enrollment to determine the number of teachers, specialists, coaches, support personnel, and staff that are needed.
