Notes

Unless otherwise noted, all data are for 2021-22 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. To view performance on NAEP by student group, at

³Students demonstrate postsecondary readiness through at least one of the following:

- SAT® - meets benchmark score on SAT, Revised SAT or Connecticut School Day SAT
- ACT® - meets benchmark score on 3 of 4 exams (benchmark score varies by subject)
- AP® - 3 or higher on any one AP® exam
- IB® - 4 or higher on any one IB® exam
- Earning three or more non-remedial college credits cumulatively during high school.

⁴Participation Rate equals the number of test-takers in 11th and 12th grade divided by the number of students enrolled in those grades, as a percentage.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Narratives

School District Improvement Plans and Parental Outreach Activities

The East Windsor Public Schools continually reviews student needs, post-secondary goals and performance to inform program development and improvement. Performance data is reviewed multiple times per year through formal data review procedures to monitor the academic gains for our students with disabilities. Parent participation is actively sought for PPT meetings and the East Windsor schools continued to hold virtual PPT meetings throughout the COVID 19 pandemic.

Approximately 40 staff have been trained in the Parent Home Visitation program and staff communicate with families regarding student needs through a variety of methods, including phone, virtual meetings and outdoor home visits.

Communication with families continued throughout the pandemic from teachers, specialists and school administrators, as well as through weekly communications from the Superintendent's office. Resources were posted on the district website and staff from the IT department was available to assist parents with access to online resources. All students from PK - grade 12 were provided a district owned laptop if needed during remote instruction.

The East Windsor Public School Strategic Plan is currently being revised with the input from community members.

Efforts to Reduce Racial, Ethnic and Economic Isolation

The East Windsor Public Schools participates in the Open Choice program and increases open seats consistently with over 80 seats currently declared. Staff from the district has developed and maintains a highly collaborative relationship with representatives through the Choice program to support our students and families.

Each month, a social emotional learning curriculum is utilized to provide lessons for students including the topics of social awareness, self awareness, decision making , self management and relationship skills. All of the SEL topics include lessons and discussion regarding equity, discrimination and self reflection. These lessons are delivered as part of a comprehensive safe school climate curriculum, also including Restorative Circles and the Restorative Practice philosophy.

The Board of Education and administrative team have received professional learning regarding equity. Staff will continue to receive professional learning in the same areas. Work through the Restorative Practice philosophy continues to focus on ensuring students have access to resources needed to meet social and academic goals.

Equitable Allocation of Resources among District Schools

Administrators provide a building based budget driven by student programming and staff needs. The district utilizes both local and grant funds to provide appropriate curriculum, instructional and building based needs. Programs at all grade levels are reviewed annually and the administrative team works collaboratively to ensure all buildings maintain programs at a similar level. Title I funds are allocated based on requirements outlined in the consolidated grant application.
