Notes

Unless otherwise noted, all data are for 2021-22 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. ²The Connecticut Physical Fitness Assessment (CPFA) is administered to students in Grades 4, 6, 8 and High School (HS). The health-related fitness scores gathered through the CPFA should be used to educate and motivate children and their families to increase physical activity and develop lifetime fitness habits.

³Only students assessed in all four areas are included in this calculation.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Narratives

School District Improvement Plans and Parental Outreach Activities

The Winchester Public Schools (WPS) are in the process of transformative change. The district is coming into its' own by closing achievement gaps, building a strong instructional culture, increasing parental participation and growing a strong enrollment in comparison to the northwest corner.

Over the past years, WPS was the most improved district in mathematics according to SBAC results and the 19th most improved in reading. The district has focused on small group instruction, curriculum implementation and data tracking of student progress. Our coaching model has been instrumental in moving instruction to new levels. As we further the professional learning for staff, we are ensuring that non-certified and certified staff are all speaking the same instructional language. By doing this, we ensure that students are universally supported no matter who is instructing them. In addition to the amazing growth academically, our chronic absenteeism rates are below state average.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Winchester Public Schools values diversity and student-centered learning that addresses experiences and activities associated with reducing racial, ethnic, and economic isolation. The educational access in Winchester is uniquely different from most communities. Winchester has established various partnerships with Exploration Charter School and the Gilbert Semi-Private High School. These educational entities provide uniquely diverse experiences for our students regarding cultures/religion and ethic exposure/learning. Not only are we growing with regard to diversity, our free and reduced lunch participation rates are at an all time high of 65%. Students have learned to be respectful and appreciative of the grand diversity within our small town. Our Second Step Program supports student learning in the realm of social-emotional learning and diversity appreciation.

Equitable Allocation of Resources among District Schools

Winchester Public Schools has been "flat-funded" from the town for many years. This past year, we did see a substantial increase to the "Town Support for Education" line. This causes us to be extremely cognizant of the financial availability and usage of funds. The distribution of funds is purposeful and thoughtfully aligned to our District Improvement Plan and School Improvement Plans. The various plans guide the distribution of funds in alignment with what performance data dictates. Students that perform below the grade level expectation marker(s) are provided with quality Tier 1 to Tier 3 Intervention.
