District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Narratives

School District Improvement Plans and Parental Outreach Activities

Windsor Locks Public Schools (WLPS) prioritizes partnering with students' families and the surrounding community; the Superintendent and the WLPS Office of Partnerships, whose mission is to co-create opportunities with educators, families, and community members to build meaningful and productive partnerships that are committed to student learning, lead the charge in this area. Thanks to generous funding and technical assistance from the Hartford Foundation for Public Giving, WLPS has been able to provide support to all of its teachers around best practices for family-school partnerships, provide resources to its families and students through a variety of programming, operate the Welcome Center where all new student registrations take place, and support its school administrators in reducing chronic absenteeism, reducing discipline disparities, and simplifying transition years (i.e. Kindergarten, 6th Grade, and 9th Grade) through programming for families. WLPS looks forward to the 2022-2023 school year as it continues to grow its practice of partnering with families in collaboration with the Town Youth and Family Services Office and the surrounding community in order to deepen and widen learning opportunities for all those in the WLPS community.

Efforts to Reduce Racial, Ethnic and Economic Isolation

The Hartford Foundation for Public Giving, in collaboration with our own professional staff, continued to support our goal to reduce racial, ethnic and economic isolation and its impact on learning. This has been interrupted due to the limited amount of time due to the more pressing pandemic needs. We did continue to maintain a strong presence of Open Choice students.

Equitable Allocation of Resources among District Schools

Windsor Locks Public Schools demonstrates equitable Allocation of Resources through the following process which continued in the 21-22 school year. Individual schools provide input into the budget process and the requests are gathered and aligned with our mission, vision and goals. Each building administrator then completes a cost center request for funding which is review by the Central Office leadership team. The information is then worked through various levels with families and our Board of Education before a finalized presentation to our town Board of Finance.
