Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Narratives

School District Improvement Plans and Parental Outreach Activities

Region 16 has an embedded process of utilizing parent and community surveys as well as an "open door" policy to support a strong partnership with parents and the community. Region 16 has a fully comprehensive pupil personnel department at each school respectively to meet the needs of all students including identified children. Region 16 has also implemented read and math specialist in all it's schools to ensure academic gaps are remediated and addressed daily as part of the standard curriculum. Region 16 does not have a truancy and prevention program because the need does not exist. Our standard procedures and BOE policies address attendance.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Region 16 has implemented a social emotional learning program in grades K thru 12th with fidelity. We have trained our staff in RULER and Chose Love. We provide curricular experiences, course opportunities and extra curricular clubs and activities to reduce racial, ethical and economic isolation. We have also created a Diversity, Equity and Inclusion Committee that has scripted, guaranteed lesson to support the emotional and social development of all our students.

Equitable Allocation of Resources among District Schools

Region 16 builds its budget from the direct input of school based administrators, instructional leaders in each school, community surveys and alignment to the BOE goals. Region 16 utilizes longitudinal data, cohort and grade level performance and summative information to fund and reallocate resources to personalize educational experiences and individual student learning needs.
