Notes

Unless otherwise noted, all data are for 2021-22 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. ²The Connecticut Physical Fitness Assessment (CPFA) is administered to students in Grades 4, 6, 8 and High School (HS). The health-related fitness scores gathered through the CPFA should be used to educate and motivate children and their families to increase physical activity and develop lifetime fitness habits.

³Only students assessed in all four areas are included in this calculation.

³Students demonstrate postsecondary readiness through at least one of the following:

- SAT® - meets benchmark score on SAT, Revised SAT or Connecticut School Day SAT
- ACT® - meets benchmark score on 3 of 4 exams (benchmark score varies by subject)
- AP® - 3 or higher on any one AP® exam
- IB® - 4 or higher on any one IB® exam
- Earning three or more non-remedial college credits cumulatively during high school.

⁴Participation Rate equals the number of test-takers in 11th and 12th grade divided by the number of students enrolled in those grades, as a percentage.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Narratives

School District Improvement Plans and Parental Outreach Activities

CREC Schools will work with families to ensure success for all students. CREC will eliminate opportunity gaps; provide rigorous, relevant, and engaging instruction; and guarantee schools where students feel connected, achieve their goals, and are empowered to positively impact the world in which they live. School and district administrators are committed to being in classrooms observing instruction and providing feedback to teachers. Data from "semi-formal" observations are used to highlight areas of strength, and to target professional development for those areas identified as ones for improvement. As a district, CREC works collaboratively with Local Education Agency (LEA) districts to implement appropriate services as designed within a magnet school student's Individualized Education Plan (IEP). The development of IEP goals and objectives are aligned to grade level performance expectations. Progress monitoring and data collection assist the Planning and Placement Team (PPT) in writing and revising IEP goals and objectives and determining appropriate service provision. To ensure all students receive the support and assistance they need, CREC utilizes an Early Intervention Program (EIP) and SRBI strategies and interventions to assist struggling students. Teams that include school administrators, student support staff, community supports if applicable, parents and the LEA review all information and develop appropriate interventions and strategies to assist students in making academic and behavioral strides through scheduled progress monitoring and review. Teams re-meet regularly to review progress and make further determinations. In addition, schools have implemented Positive Behavior Interventions & Supports (PBIS) programs to support a positive school climate. Parent and family engagement is a critical component to student success and as such, CREC continued its efforts in 2021-22 to enlist parents as co-educators. In addition to establishing and defining expectations for parental engagement, CREC builds staff capacity through ongoing, embedded professional development. Regular meetings with school-based parent liaisons enable schools to share best practice related to parent engagement and ensure consistent expectations for home-school communication. At the start of the 2017-18 school year, CREC created a Parent Senate. Comprising representatives elected by their respective schools, the Parent Senate meets monthly with the Superintendent to discuss issues and challenges, and to collectively propose feasible solutions. CREC also provides a mixture of online resources, print materials and in person meetings to help parents support academic growth at home. For the 2021-22 school year, some of these supports included: online technology support to help support their children with online learning; frequently updated lists of online and print resources for parents to support learning at home, and parental access to a Parent Portal, PowerSchool, and Schoology. PowerSchool enables parents to monitor grades and attendance, and Schoology allows parents to see course content and specific assignments. In addition, the CREC Family Resource Center located at the Wilson Gray YMCA in Hartford offers monthly workshops on topics such as nutrition, communication with school staff, and understanding the education process.

Efforts to Reduce Racial, Ethnic and Economic Isolation

For over five decades, the Capitol Region Education Council (CREC), in partnership with its member districts, has served the needs of children and families in the Greater Hartford Area through its high quality educational programs. In accordance with the Sheff v. O'Neill desegregation case, CREC operates eighteen magnet schools and programs in an effort to reduce the racial, social, and economic isolation that exists in the area. As a continued effort to provide equitable access to education for students throughout greater Hartford, additional seats are offered each year through the Regional School Choice Office lottery. In addition, each CREC magnet school completes an Enrollment Management Plan to ensure that the demographics of their school are both racially and socioeconomically diverse. For the 2021-22 school year, the enrollment for CREC magnet schools was 8,751; 64.18% of students were eligible for free or reduced lunch, and 82.93% of students identified as a member of a racial or ethnic minority group. The diversity of the district is reflected in the demographics of CREC's schools. In addition, CREC is dedicated to extending its work beyond the magnet schools by providing educational services to its partnering districts. As a Regional Educational Service Center, CREC designs and facilitates professional development activities for teachers and administrators in Greater Hartford by using the effective teaching practices that are implemented in its magnet schools. In all of CREC's schools and programs diversity is celebrated on a daily basis. Students are encouraged to share with their peers their life experiences, cultural heritages, and family traditions. Special attention is also given to the development of curricula that recognizes diversity and the importance of that diversity in the classroom. Project based learning empowers students to apply their life experiences and perspectives to their learning in authentic, meaningful ways.

Equitable Allocation of Resources among District Schools

Magnet schools that are operated by the Capitol Region Education Council (CREC) are funded by Interdistrict Magnet School grants from the State Department of Education and from tuition that is charged to each of the participating districts. School budgets are created in January at the district level by the Superintendent and Assistant Superintendents of Magnet Schools who work along with CREC's Business Services Manager and each school principal to make sure that all schools have an equitable allocation of resources, and that the needs of individual schools are addressed. The budgets for all eighteen magnet schools are submitted for approval to the CREC Council in June of each year.
