Notes

Unless otherwise noted, all data are for 2021-22 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Narratives

School District Improvement Plans and Parental Outreach Activities

It is the mission of Coventry Public Schools to create an environment that prepares students for life, learning and work in the 21st century. We are an exemplary learning community that supports innovation and is committed to challenging all learners. As virtual learning was not an option this school year, all students returned to a full day in-school schedule. The Coventry team developed the Safe Return to In-Person Learning and Continuity of Services Plan 2021-2022 as required by the State of Connecticut.

A continuous district goal, and one that is woven into all schools' improvement plans, is to recruit, retain, and develop high quality staff at every level. Professional Development for staff focused on Aperture's Devereaux Student's Strengths Assessment (DESSA), a universal screener for social emotional competencies. The screening results identified students in need of Tier II or III services. Using the book, Culturally Responsive Teaching and the Brain, by Zaretta Hammonds, district-wide educators engaged in a book study facilitated by educators at each building. To support educators in the current societal climate, educators also received professional development in Systemic Racism in Education and How to Address It. Special education staff spent numerous hours participating in Individual Education Plan (IEP) Quality Training with the Connecticut State Department of Education's Bureau of Special Education to prepare for the large-scale change to Connecticut Special Education Data System (CT-SEDS) for developing IEPs and 504 accommodation plans. Staff new to the district engaged in a three day New Teacher Orientation that focuses on district practices, procedures, and initiatives.

Coventry Public Schools continues to provide a continuum of services. Hale Early Education Center, fully accredited through the National Association for Education of Young Children (NAEYC), provided high quality preschool education for all students. Programming for students with intensive needs K-12 is strong with high quality staff and two district Board Certified Behavior Analysts. Coventry's Transition Program for students 18-22 at Patriot's Park prepares students with daily living and vocational skills needed for success in life. Parent and community involvement continues to be a priority of Coventry Public Schools. Involvement is encouraged by the Superintendent's Open Door Meetings and Superintendent Q & A sessions. Schools' staff engaged parents in virtual orientation meetings, parent-teacher conferences, speakers and parent meetings. Students engaged their parents in school with Student Led Conferences across the district, and the Tenth Grade Passage Presentations. Families of students with high absenteeism were contacted on numerous occasions to enhance the home-school partnership to work together to address barriers to attending school. As a result of continued surges of COVID-19, all meetings were held virtually the first half of the year with in-person options provided to parents the second half of the year.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Coventry Public Schools is committed to providing opportunities for students and teachers to increase awareness of diversity and to show greater sensitivity regarding differences. The faculty and staff have established a variety of programs that celebrate racial, cultural, economic, and ethnic diversity. During the 2021-2022 school year, Coventry High School (CHS) hosted multiple guest speakers from the NAACP Dream Big project. CHS supported clubs such as International Travel, Albert Schweitzer, and the Gay Straight Alliance, offering support and awareness of diversity. The Social Studies and ELA curriculum were designed to discuss and bring awareness to a variety of social and economic issues throughout the US and the world. At Coventry Academy, staff attended training on reducing disparities for students involved in alternative education. Students read and responded to a variety of texts that examined the themes of class, racism and culture. Social Workers conducted lessons with students to address social and racial biases. At Capt. Nathan Hale School (CNH), Grades 6 & 7 participated in diversity discussions. The Grade 7 ELA team taught an African American historical fiction unit. Grade 8 taught a unit on autism and one on World War II. At G. H. Robertson School (GHR), the culturally relevant pedagogy committee developed resources to support educators in recognizing traditionally underrepresented populations. GHR implemented the Second Step Social Skills curriculum. Students in Grade 5 participated in EASTCONN's Faces of Culture Interdistrict Cooperative grant. Coventry Grammar School (CGS) welcomed their first Open Choice student from Hartford. Students and families had two virtual author visits whose stories reflect the African-American experience. Certified staff participated in a book study on Culturally Responsive Teaching and the Brain. Hale Early Education Center (HEEC) received two grants which made it possible for financially needy families to send their children to preschool. They also participated in various outreach activities including support for Youth Services and Social Services programs and virtual library story times. Staff participated in equity training throughout the year with the goal of becoming an anti-bias early childhood center.

Equitable Allocation of Resources among District Schools

Coventry Public Schools is committed to issues of equity throughout all subsystems of the organization. The administration has established a site-based budgeting procedure and budget development practice that ensures equitable allocation of resources among district schools. Categorical expenditures are analyzed on a per pupil basis and discrepancies are addressed through the budget revision process. Contractual language sets the basis for staff allocations that are consistently implemented across the district. Through the dedication and involvement of parent groups, various faculty committees, and the Board of Education, issues of equity and resources are addressed.
