Notes

Unless otherwise noted, all data are for 2023-24 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Oxford School District

Narratives

School District Improvement Plans and Parental Outreach Activities

The Oxford Public Schools have targeted District and School goals which have been developed around 4 strategic priorities: high impact instructional strategies, meaning student learning outcomes, quality feedback and social emotional learning. Embedded in these priorities includes a strong commitment to community and family engagement.

In addition to four overarching goals, the District has identified ten focus areas to accelerate student learning this year. These focus areas can be found on the District website but include emphasizing student math achievement, improving our SRBI process, developing K-12 formative and summative assessments, improving student and teacher agency and cultivating stronger relationships with students and families.

The recent revision to the District vision and mission statement also streamlined work towards the "Attributes of a Graduate". This work will be completed this year and District coherence around our values and instructional standards include widespread parent involvement. Meanwhile, our schools continue to provide unique experiences which are described below: Much effort is placed on school unity and parent engagement. Quaker Farms School, our grades K-2 school, continues many in-person events, orientations and parent evenings. Oxford Center School (grades 3-5) continues to utilize "Hawk Talk" as a school-wide publication that facilitates communication from school to home, along with Town meetings. necessary skills to become part of our global society.

Our Middle School offers Band, Chorus, Drama Club, Walking Club, Sport Teams, Ski Club, School Newspaper, Unified Sports, Enrichment and Student Council. The school newspaper is sent home electronically and through hard copy that includes the calendar of monthly events. The PTO provides opportunities for our two elementary and middle schools.

Oxford High School will continue to utilize google classrooms as well as 1-1 instruction. Academic growth and success will be measured by using data (STAR testing, PSAT testing for freshmen, sophomores and juniors, Attendance and Academic grades) during weekly meetings (Leadership Team, Faculty meetings, SRBI/EIP Teams, and our Student Assistance Team). All schools will continue to use RULER as the SEL curriculum and introduce a SEL screener assessment this year to progress monitor student self-regulation and emotional health.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Oxford's curriculum offers diverse curriculum and perspectives involving a variety of topics and concepts. Quaker Farms implements a variety of school-wide efforts that highlight cultural differences. Activities are integrated into the classroom setting as students celebrate ethnic diversity through curriculum study, guest speakers, interdisciplinary connections, and field trips. Monthly character education assemblies take place to promote a positive school climate while showing respect for others. Each month the focus is placed on a different character trait (i.e Friendship, Respect, Honesty, Kindness, etc).

Oxford Center meetings featuring student work, achievements and talents. Many of these events contain a cultural theme such as Black History Month, Dr. Martin Luther King Jr., Explorers, Veterans Day, etc. Social Studies and English Units of Study integrate topics that address race, ethnicity, religion, and economic isolation to expose students to the issues that have existed throughout history and what continues to be done to reduce or eliminate them in the 21st century. Professional Development on the topics of Cultural Competency and Social and Emotional Learning was provided to all teachers.

Oxford Middle School is involved in various programs stressing diversity and incorporates peer mentoring and peer mediation programs that address areas of conflict and create an environment of understanding. Our school climate committees ensure that our climate and classrooms are bully free.

Oxford High Diversity Club-students participate in discussions/activities to become aware of problems this country has faced in regards to race, ethnicity and poverty. The high school conducts The Perspective on Race class; students participate in a workshop on real world economics and they conduct a unit on tolerance during the 1920's and Civil Rights Movement.

Equitable Allocation of Resources among District Schools

All schools participate in the district wide budget process every year. Staff members help create the school based budget by providing input to school administration. The administration presents their budget to the Superintendent and Board. Budgetary items and staffing are discussed with the administration team and with the Board Finance Committee. Over 70 percent of our student body is involved in one or more interscholastic sport or club. The Unified Sports team succeeds annually and serves as a model for other schools in Connecticut. Fine Arts presents concerts and dramatic productions. The operating budget is designed to provide the resources needed to ensure the highest quality education for all students. Our transition program assists students entering the workforce and post-secondary education. The alternative education program, Connections, is in their 9th year.
