Notes

Unless otherwise noted, all data are for 2020-21 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality, or to ensure that statistics based on a very small sample size are not interpreted as equally representative as those based on a sufficiently larger sample size.

N/A is displayed when a category is not applicable for a district or school.

Number of students in 2019-20 qualified as truant under state statute: 0

Number of school-based arrests: 0

NOTE: In the 2020-21 school year, students attended school in-person to varying degrees; some learned fully/mostly remotely for the entire school year. Chronic absenteeism calculations are based only on in-person school days.

⁴ A student is chronically absent if they miss ten percent or greater of the total number of days enrolled in the school year for any reason. Pre-Kindergarten students are excluded from this calculation.

⁵ This column displays the count and percentage of students who receive at least one in-school suspension, out-of-school suspension or expulsion.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no table is shown here. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

National Assessment of Educational Progress (NAEP): Percent At or Above Proficient¹

Connecticut	45	39	32
National Public	40	33	25

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, a modified table is shown below. All indicators that were not calculated for the 2020-21 school year (including overall Accountability Index) have been excluded and columns that referenced points have also been removed to avoid confusion. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

¹ If the Non-High Needs Rate exceeds the ultimate target (75 for Performance Index and 94% for graduation rate), the ultimate target is used for gap calculations.

² If the size of the gap exceeds the state mean gap plus one standard deviation, the gap is an outlier.

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in at least one of the student groups used to calculate the gap measure or the indicator is not applicable based on grades served.

Connecticut's State Identified Measurable Result (SIMR) for Children with Disabilities

Increase the reading performance of all 3rd grade students with disabilities statewide, as measured by Connecticut's English Language Arts (ELA) Performance Index.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no SIMR data are available. Narratives

School District Improvement Plans and Parental Outreach Activities

The BOE mission and vision for Andover Elementary School has remained to be highly committed to "providing a creative and challenging curriculum for all in a safe environment while nurturing the values of responsibility, respectfulness, and a desire for learning." AES is exposed to a multitude of enrichment programs including Makerspace, which promotes inquiry and a love of STEM activities. This past year, due to the pandemic many of these activities were hampered due to distancing and cohorting mandates, however, classrooms still promoted inquiry as best they could. We continued to offer Spanish to grades 3-6 on a weekly basis. We continued to enrich the social-emotional well-being of our students through enriching activities meshed with the four tenets of the RULER program and increased the focus on the Mood Meter throughout the pandemic to help with the recognition, identification, and coping of new challenges faced by our students. Professional development continued with RULER development, and we utilized the state-led focus on offering opportunities for staff to enrich their own teaching professionally. New this year, we piloted two new enrichment programs. American Sign Language (ASL) to our preschoolers via zoom. It was well received and in addition to promoting tolerance for disabilities, it also serves to prepare our students for the secondary opportunities put forth by the CSDE to utilize ASL to fulfill language requirements. ASL will continue for all kindergarteners in the Fall. The last pilot enrichment opportunity was Mandarin Chinese. It too was welcomed and will continue in the fall. Our PTA continued with its efforts to engage parents and the rest of the educational community by offering zoom school programs when in-person was not available. Remote learners were invited to all school functions via zoom. To keep parents engaged, all BOE meetings and town board meetings still continue to be offered via zoom to promote involvement. To support parents working at home during the school year, individual times varied for remote learning times (for those who chose that mode of learning) and snow days remained snow days instead of virtual learning days. All families received and will continue to receive our weekly Sunday Scoop updates.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Andover Elementary School is a one school district. During the pandemic, we remained face-to-face learning. All students had been provided a device to ensure if we were forced to go to remote learning, no student would be isolated or denied access to technology. Teaching, to the few who remained remote by choice, was done one-on-one and in small Zoom groups daily with a dedicated teacher who only focused on those students. As a one school pre-k to grade 6 school district, less isolation is apparent, but as a fairly homogeneous district, we are cognizant of our responsibility to seek out opportunities and strive to afford all of our learners with experiences that focus on an embedded awareness of equity and social justice. Most of the students attend AES and do not opt-out into magnet schools, so bringing the outside into Andover is integral. Programs embedded to heighten the awareness of cultural and racial differences have increased as permanent parts of the school and curriculum instead of just as "one-day events" but we still can improve upon this component. This school year AES included a "Meet the Authors" program to reinforce the writing and reading curriculum through the appreciation of a dozen Connecticut authors of varying ages and backgrounds. The themes of the chosen literary works were purposeful and examined immigration, racial identity, and cultural aspects. In addition, this spawned an inter-district book club between Andover and another small Eastern Connecticut town. This was successful and will continue. Our social studies classes in the upper grades continued with their colonial programs, but also added a component of global awareness by including Junior Achievement into their curricula. In doing so, AES is also supporting the state's push to implement the certificate of global awareness program at the secondary level, a CAPSS initiative designed to further increase student awareness of the diversity of individuals and cultures. At AES we have integrated curriculum and social-emotional learning tenets deeply rooted in our daily lessons that embrace anti-bullying, acceptance of others, kindness, and respect. RULER foundations encourage acceptance of all and we continue to seek out diversity grants to bring programming to AES.

Equitable Allocation of Resources among District Schools

Andover is a one-school district with our middle and high school students attending RHAM regional in Hebron. AES is a pre-k through grade 6 school, and within our school community attention is paid to the equal allocation of resources from grade to grade to ensure equity. During the pandemic, all resources were allocated equally from grade to grade and no student's needs went unaddressed.
