Notes

Unless otherwise noted, all data are for 2020-21 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality, or to ensure that statistics based on a very small sample size are not interpreted as equally representative as those based on a sufficiently larger sample size.

N/A is displayed when a category is not applicable for a district or school.

State		19.0		1.4

Number of students in 2019-20 qualified as truant under state statute: 30

Number of school-based arrests: 0

NOTE: In the 2020-21 school year, students attended school in-person to varying degrees; some learned fully/mostly remotely for the entire school year. Chronic absenteeism calculations are based only on in-person school days.

⁴ A student is chronically absent if they miss ten percent or greater of the total number of days enrolled in the school year for any reason. Pre-Kindergarten students are excluded from this calculation.

⁵ This column displays the count and percentage of students who receive at least one in-school suspension, out-of-school suspension or expulsion.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no table is shown here. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

National Assessment of Educational Progress (NAEP): Percent At or Above Proficient¹

National Public	34	32	36
MATH	Grade 4	Grade 8	Grade 12
Connecticut	45	39	32
National Public	40	33	25

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. ³College readiness exams and benchmark scores are as follows:

- SAT® - meets benchmark score on SAT, Revised SAT or Connecticut School Day SAT
- ACT® - meets benchmark score on 3 of 4 exams (benchmark score varies by subject)
- AP® - 3 or higher on any one AP® exam
- IB® - 4 or higher on any one IB® exam

⁴Participation Rate equals the number of test-takers in 11th and 12th grade divided by the number of students enrolled in those grades, as a percentage.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, a modified table is shown below. All indicators that were not calculated for the 2020-21 school year (including overall Accountability Index) have been excluded and columns that referenced points have also been removed to avoid confusion. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

Indicator		Index/Rate	Target	State Average Index/Rate
Chronic Absenteeism	All Students	7.5%	<=5%	19.0%

Graduation Rate Gap	94.0%	95.2%	-1.2%	9.8%	N

¹ If the Non-High Needs Rate exceeds the ultimate target (75 for Performance Index and 94% for graduation rate), the ultimate target is used for gap calculations.

² If the size of the gap exceeds the state mean gap plus one standard deviation, the gap is an outlier.

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in at least one of the student groups used to calculate the gap measure or the indicator is not applicable based on grades served.

Connecticut's State Identified Measurable Result (SIMR) for Children with Disabilities

Increase the reading performance of all 3rd grade students with disabilities statewide, as measured by Connecticut's English Language Arts (ELA) Performance Index.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no SIMR data are available. Narratives

School District Improvement Plans and Parental Outreach Activities

Brookfield's schools engage stakeholders in a program of continuous improvement to support the mission, vision and goals. SRBI, School and District Data Teams continually monitor student progress to improve student outcomes. We have developed a new SRBI Handbook. Our schools receive training in Data Team protocols. Parents engage faculty and administrators at Open Houses, parent workshops and teacher and counselor conferences. We also provided parental workshops on social and emotional learning. We welcome volunteers and keep parents informed via school messenger, newsletters, parent workshops, and district, school and teacher websites.

Our schools are dedicated to improving students' core skills in problem-solving, collaboration, and technology. Students in grades 8-12 receive a Chromebook for school/home use through a 1:1 initiative. K - 7 students will have 1 to 1 in school Chromebook access available in each classroom. The BOE also has a Bring Your Own Device policy which we implement K-12.

Staff regularly meets with families regarding significant issues and to provide support and educational opportunities for the families. Additional engagement efforts focus on parents of children with special needs. Open enrollment in Advanced Placement courses has increased student participation and achievement remains steady. A systematic curriculum development process with embedded professional learning has enabled significant professional growth.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Our district is committed to reducing racial, ethnic, and economic isolation and supports those populations most impacted by the pandemic. We provide opportunities for students' and staff participation in activities during the school day, after hours and during summer months. Included inter-district programs offered by Ed Advance, Healthy Children, and Healthy Minds. Brookfield participates in the AIS Magnet School. PTO-sponsored activities provide students with a culturally diverse perspective. Equity & Diversity continue to be a focus in our curriculum revision process. Instructional units provide a global focus. Faculty and staff participate in ongoing PD on cultural humility and competence.

We have budgeted for classroom libraries to promote understanding and appreciation of differences and diverse authors. The district continues to address the needs of English Learners and we plan to hire a second TESOL teacher in the coming year. The BOE has established a subcommittee focused on equity and inclusion with the goal of ensuring all students and staff feel welcomed and valued in the Brookfield Public Schools. We will use an equity lens as we develop our new strategic planning process.

Equitable Allocation of Resources among District Schools

The budget development process is aligned with goals from the Strategic Plan, which prioritize students' needs in each specific school. The budget development process is primarily building-based with input from administrators, staff, and community. Equitable resources distribution is a criterion in budget design. Schools received equitable resources for major initiatives, staffing, and equipment. Multiple layers of oversight ensured that the budget was allocated appropriately and that resource allocation reflected the priorities and goals of the BOE. In early Fall, the Superintendent, administrative team and BOE collaborate to develop the assumptions and priorities for the annual budget development process. Once the administration obtain input from their faculty and staff, they submit their budgets to the district administration. A thorough review among the principal, superintendent assistant superintendent, finance director is conducted. The BOE Finance Committee then reviews the budget. After this review, the superintendent works with the principals and central office team to finalize all budget priorities and present to the BOE.
