Notes

Unless otherwise noted, all data are for 2020-21 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality, or to ensure that statistics based on a very small sample size are not interpreted as equally representative as those based on a sufficiently larger sample size.

N/A is displayed when a category is not applicable for a district or school.

Number of students in 2019-20 qualified as truant under state statute: 0

Number of school-based arrests: Fewer than 6

NOTE: In the 2020-21 school year, students attended school in-person to varying degrees; some learned fully/mostly remotely for the entire school year. Chronic absenteeism calculations are based only on in-person school days.

⁴ A student is chronically absent if they miss ten percent or greater of the total number of days enrolled in the school year for any reason. Pre-Kindergarten students are excluded from this calculation.

⁵ This column displays the count and percentage of students who receive at least one in-school suspension, out-of-school suspension or expulsion.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no table is shown here. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

National Assessment of Educational Progress (NAEP): Percent At or Above Proficient¹

READING	NAEP 2019		NAEP 2013
	Grade 4	Grade 8	Grade 12
Connecticut	40	41	50
National Public	34	32	36
MATH	Grade 4	Grade 8	Grade 12
Connecticut	45	39	32
National Public	40	33	25

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, a modified table is shown below. All indicators that were not calculated for the 2020-21 school year (including overall Accountability Index) have been excluded and columns that referenced points have also been removed to avoid confusion. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

Graduation Rate Gap	.	.	.	.	.

¹ If the Non-High Needs Rate exceeds the ultimate target (75 for Performance Index and 94% for graduation rate), the ultimate target is used for gap calculations.

² If the size of the gap exceeds the state mean gap plus one standard deviation, the gap is an outlier.

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in at least one of the student groups used to calculate the gap measure or the indicator is not applicable based on grades served.

Connecticut's State Identified Measurable Result (SIMR) for Children with Disabilities

Increase the reading performance of all 3rd grade students with disabilities statewide, as measured by Connecticut's English Language Arts (ELA) Performance Index.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no SIMR data are available. Narratives

School District Improvement Plans and Parental Outreach Activities

In the midst of the coronavirus pandemic, Canterbury Public School continued to engage families to provide feedback for our reopening plans. In this process we educated our families in the importance of Social and Emotional Learning. Weekly newsletters were sent home with strategies for families to support their children during the pandemic.

Canterbury was fortunate to be able to offer a hybrid in-person learning experience in September and then a full in-person learning experience the remainder of the school year. Our PTO's continued to meet virtually, clubs at school continued, and a spring sports season took place.

Our district wide focus on Social Emotional Learning (SEL) concluded with a three-day workshop for staff on Restorative Practices. This professional development was in addition to several events that transpired on 36 early release days in the 2020-21 school year.

As part of improving our special education program, Canterbury continued to participate in a parent advisory group called Special Education Parent Advisory Council (SEPAC). This district wide group met and discussed needs, deciding that the main area of need was to provide information to parents.

Professional Development was provided to our Pupil Services team on progress monitoring and Learning Model IEP Implementation Plans in order to support students adversely impacted by the pandemic. We also continued our Scientific Research Based Interventions (SRBI) models at the elementary and middle schools with family and faculty involvement. The SRBI model is now referred to as a Multi-Tiered System of Supports (MTSS).

Parental outreach continues to be an important part of our schools. We developed sample routines that were posted on our website and worked on new ways to support families. Attendance teams met at both buildings to analyze attendance data, communicate with families, and assist in problem solving to improve school attendance. The district modified its school calendar to include an early release day each Wednesday, which provided teachers an opportunity to meet with students and families relating to attendance, truancy, and academic needs in a virtual environment.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Canterbury Public Schools continue to provide a program rich in multicultural activities. Students in all grades are introduced and exposed to a variety of literature, research and activities that emphasize a worldwide cultural experience designed to increase awareness of diverse cultural and economic backgrounds. Literature, both fiction and non-fiction, about people of various ethnic backgrounds and special education challenges are embedded in instruction across the curriculum and grade levels. Our elementary librarian has dedicated resources to support cultural awareness, specifically, \$1500 was expended in May 2021 to purchase new books to support this effort.

.Additionally, we provide guidance level small groups supporting at-risk students of ratios of 8:1 and we implement a Second Step program in both schools. We provide outreach to local child care programs, and provide an increase in technology access for students (Chromebook). The Lion's club provides an eye screening for all students (access to health care), and our Grant funded NAEYC accredited PK program provides a multitude of opportunities for our students in the Preschool.

Equitable Allocation of Resources among District Schools

The mission of Canterbury Public Schools states: In collaboration with our Community, the Canterbury Public Schools will develop, foster, and cultivate all students to their highest potential, through rigorous academics within a safe, nurturing, and respectful environment. Canterbury Public Schools comprises two schools and prides itself on providing the appropriate resources and materials necessary to educate all students.

Teaching and learning is the focus of the district. We use a district-wide zero-based budget process in which each district school is represented; feedback from staff and faculty about needs during the school budget is heard. We, as a learning community, will promote student achievement by focusing on coherence. In addition, the Capital Improvement Plan provides funding for computer and technology upgrades district-wide. Once graduating from eighth grade, students are given the opportunity to choose where they will continue their education. These choices include three high schools, two vocational schools, and one vocational agricultural school. The tuition and transportation of these students is provided by the Canterbury School district.
