Notes

Unless otherwise noted, all data are for 2020-21 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality, or to ensure that statistics based on a very small sample size are not interpreted as equally representative as those based on a sufficiently larger sample size.

N/A is displayed when a category is not applicable for a district or school.

State		19.0		1.4

Number of students in 2019-20 qualified as truant under state statute: 57

Number of school-based arrests: 0

NOTE: In the 2020-21 school year, students attended school in-person to varying degrees; some learned fully/mostly remotely for the entire school year. Chronic absenteeism calculations are based only on in-person school days.

⁴ A student is chronically absent if they miss ten percent or greater of the total number of days enrolled in the school year for any reason. Pre-Kindergarten students are excluded from this calculation.

⁵ This column displays the count and percentage of students who receive at least one in-school suspension, out-of-school suspension or expulsion.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no table is shown here. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

National Assessment of Educational Progress (NAEP): Percent At or Above Proficient¹

National Public	34	32	36
MATH	Grade 4	Grade 8	Grade 12
Connecticut	45	39	32
National Public	40	33	25

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, a modified table is shown below. All indicators that were not calculated for the 2020-21 school year (including overall Accountability Index) have been excluded and columns that referenced points have also been removed to avoid confusion. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

Indicator		Index/Rate	Target	State Average Index/Rate

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in the student group or the indicator is not applicable based on grades served.

Gap Indicators	Non-High Needs Rate ¹	High Needs Rate	Size of Gap	State Gap Mean +1 Stdev ²	Is Gap an Outlier? ²
Graduation Rate Gap	94.0%	93.2%	0.8%	9.8%	N

¹ If the Non-High Needs Rate exceeds the ultimate target (75 for Performance Index and 94% for graduation rate), the ultimate target is used for gap calculations.

² If the size of the gap exceeds the state mean gap plus one standard deviation, the gap is an outlier.

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in at least one of the student groups used to calculate the gap measure or the indicator is not applicable based on grades served.

Connecticut's State Identified Measurable Result (SIMR) for Children with Disabilities

Increase the reading performance of all 3rd grade students with disabilities statewide, as measured by Connecticut's English Language Arts (ELA) Performance Index.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no SIMR data are available. Narratives

School District Improvement Plans and Parental Outreach Activities

Annual school district improvement plans remain aligned to both the Long-Range Plan and the District Improvement Plan. The focus of these plans are around three goals: Focusing Decisions and System Operations on Student Success, Collaborative Culture, and Student-Centered Learning. All improvement plans focus on the following theories of action.

District Improvement Plan Theory of Action

If we build shared meaning, capacity, and commitment to action then all stakeholders will see their part in achieving the mission of the school district.

If a growth mindset underlies our culture, then we will foster learning, innovation and action through trusting partnerships.

If we focus on instruction that takes into account the distinct learning needs, interests, aspirations, and cultural backgrounds of our individual students, then all students will achieve both inter-personal and intra-personal growth.

Infinite Campus remains the district student management system. This system allows parents to access attendance and grades for every student in the district. Students have access to their own accounts as well at the secondary level in order to develop their own awareness of their personal growth over time. Parents are notified daily and weekly in regard to achievement and attendance records. Every building hosts conference opportunities twice throughout the school year. The district continues to use our school website as a means of communicating to parent's programs and online resources to help guide their student's skills-based development at home. Online learning hubs such as Seesaw and Google Classroom provide equitable access to learning materials for all students as well as ensure consistent communication between students, educators, and families during the learning experience.

All elementary schools have active PTAs that assist in building community support for education and student needs. Due to restrictions posed by COVID 19, the elementary, middle, and high schools provided alternative opportunities for parents to engage in their child's learning experience through virtual experiences.

Parent, school counselor and support staff relationships continue to be a priority to ensure a safe and nurturing environment for all students.

Efforts to Reduce Racial, Ethnic and Economic Isolation

The school district continues to make available the opportunity for students to attend regional magnet schools. For the 2020-2021 school year, 12 East Lyme students attended The Marine Science Magnet High School of Southeastern Connecticut, and 20 East Lyme students attended the LEARN Multicultural Magnet School.

The district strives to enhance students' understanding of the larger world. Awareness, celebration, and appreciation of significant events in world history and an understanding of characteristics of and interactions among different cultures are addressed through a number of venues. Throughout the grades, literature in language arts, social studies, music and art addresses diversity and cultures around the world. Use of software, such as Skype and Google Hangout allows several classrooms to engage with students from outside the town, state and even country. The Anti-Defamation League continues to be a partner and resource for our schools. Student clubs focused on diverse student interest are key components of our educational program at all buildings. All field experiences provided to children are meant to focus on cultural and individual diversity across all buildings.

East Lyme School District has most recently partnered with the Equity Institute to conduct a Root Cause Equity Mini Analysis in service of understanding perceptions and beliefs about educational equity. In addition, The East Lyme Board of Education has developed a Diversity, Equity, and Inclusion strategic plan to help counter racism, advance diversity, promote equity and foster inclusion throughout the district.

East Lyme School District

Equitable Allocation of Resources among District Schools

The Board of Education policy assures that each school in the district receives an equitable level of materials and financial resources. Zero based budgeting is practiced as a means of ensuring a student need based budgetary process. The budget process assures that each student receives the necessary materials, supplies and texts. In addition, East Lyme Public Schools is a 1:1 device district to ensure equitable access to materials at all times. The district supports several educational programs across all five schools; in order to ensure a common experience for all students. These programs help to provide an equitable resource across all K-12 classrooms. Instructional supplies and professional learning resources are aligned to the curriculum revision cycle as a means of providing equity across content areas. The phase of curriculum development determines the allocated funds for the fiscal year. Throughout the year, there is a consistent focus on identifying districtwide programs and resources that can consistently support our students across all buildings to allow us to provide a more coherent educational experience. Core/Tier one instruction is seen as equal opportunity and access
