Notes

Unless otherwise noted, all data are for 2020-21 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality, or to ensure that statistics based on a very small sample size are not interpreted as equally representative as those based on a sufficiently larger sample size.

N/A is displayed when a category is not applicable for a district or school.

Number of students in 2019-20 qualified as truant under state statute: 0

Number of school-based arrests: 0

NOTE: In the 2020-21 school year, students attended school in-person to varying degrees; some learned fully/mostly remotely for the entire school year. Chronic absenteeism calculations are based only on in-person school days.

⁴ A student is chronically absent if they miss ten percent or greater of the total number of days enrolled in the school year for any reason. Pre-Kindergarten students are excluded from this calculation.

⁵ This column displays the count and percentage of students who receive at least one in-school suspension, out-of-school suspension or expulsion.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no table is shown here. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

National Assessment of Educational Progress (NAEP): Percent At or Above Proficient¹

Connecticut	40	41	50
National Public	34	32	36
MATH	Grade 4	Grade 8	Grade 12
Connecticut	45	39	32
National Public	40	33	25

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, a modified table is shown below. All indicators that were not calculated for the 2020-21 school year (including overall Accountability Index) have been excluded and columns that referenced points have also been removed to avoid confusion. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

Graduation Rate Gap	.	.	.	.	.

¹ If the Non-High Needs Rate exceeds the ultimate target (75 for Performance Index and 94% for graduation rate), the ultimate target is used for gap calculations.

² If the size of the gap exceeds the state mean gap plus one standard deviation, the gap is an outlier.

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in at least one of the student groups used to calculate the gap measure or the indicator is not applicable based on grades served.

Connecticut's State Identified Measurable Result (SIMR) for Children with Disabilities

Increase the reading performance of all 3rd grade students with disabilities statewide, as measured by Connecticut's English Language Arts (ELA) Performance Index.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no SIMR data are available. Narratives

School District Improvement Plans and Parental Outreach Activities

Franklin School District adopted a robust Strategic Advancement Plan as a result of an EASTCONN led, rigorous strategic planning process. The Strategic Planning Committee was comprised of community leadership members, parents, teachers, and administrators and included community, family, and student survey data. Additionally, the Committee hosted a well-advertised focus group which included a broad representation of the community. As a result of Strategic Planning and other district initiatives, the Professional Development/Evaluation Committee drafted a professional learning plan and revised the teacher evaluation plan. Throughout the year, home/school communication was increased and improved, including the publication of a weekly newsletter, the Patriot Press. Additionally, a monthly staff newsletter was developed and published. The district is also revisiting and revision our family engagement plan and policy as recommended by CABE.

The District continues to use PowerSchool, School Messenger, and School Rack to provide families with easy access to their child's progress and important information. The PowerSchool and School Messenger online systems generate daily communication to families of students who are absent as well as generate report information for the district regarding individual student attendance. Some teachers use other means to provide meaningful communication, district-provided email, and home/school folders. Teachers continue to provide families with ideas and activities that will assist them to support their children with projects, homework and other academic endeavors through flyers, email, and other communications. All teachers have office hours three times monthly to provide opportunities for student assistance and parent meetings as well as a district-provided email for electronic communication with families.

School improvements included increasing student academic periods by eliminating study halls incorporating Enrichment periods. Staff used district-wide benchmark assessment data to identify and meet the diverse needs of the student population. Franklin Elementary School continues to use a PBIS based approach to student discipline. Data is collected and analyzed through the web-based online data collection system which continues to provide school, class, and individual data for an ongoing focus on improving student behavior. Additional Restorative Practice techniques and increased SEL staffing and curriculum have been initiated to enhance student safety and well-being. These program improvements have been Vitale in fostering overall academic success and being recognized as a Connecticut School of Distinction.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Cultural diversity and celebration of all learning styles and interests are essential in Franklin Public Schools. We participate yearly with our RESC and urban setting schools in programs that celebrate friendships and mindfulness. Two 8th graders are also selected yearly to represent the district in the Dr. Martin Luther King Jr. Awards Ceremony held in Groton, CT.

Project Unified and student leaders also play a big part in social-emotional learning and cultural responsiveness in the school.

Spanish, World Language, is being taught in sixth through eighth grade and grades kindergarten through five have the opportunity once time per week for exposure to the language with our Spanish teacher. Cultural learning, celebrations, and history are explored and taught together with both oral and written fluency and comprehension. Our middle school students examine the culture and history of the world and our nation through their social studies curriculum and lessons. The eighth grade studies American History and our Nation's Capital throughout the year. With the support of our families, eighth-grade students travel to Washington, D.C. for three days. Our library collection contains a variety of multi-cultural authors and titles and our twice-annual Scholastic Book Fair includes a large variety of high-interest, multi-cultural titles for our students and families. Our students have the opportunity to choose from three high schools. Teachers are encouraged to attend and participate in multi-cultural professional learning opportunities. Additionally, teachers are encouraged to purchase books and art/instructional supplies that represent a variety of cultures and ethnicities. Our art teacher and STEAM programming also embed a number of art projects and community outreach programming that provides opportunities for our students to be involved with leadership and civics opportunities.

Equitable Allocation of Resources among District Schools

Franklin Public School District consists of one prekindergarten through eighth-grade school (Franklin Elementary School). Our high school students continue to have a choice of Norwich Free Academy, Lyman Memorial High School, and Norwich Tech and may apply for spaces available at many of the regional choice/magnet high schools. Franklin has also recently added Bacon Academy, Waterford High School, and Griswold High School as approved schools for our students and families to choose from. We pay a set and suitable rate at each of the public schools to assure choice for our students. We utilize our local RESC to participate in diversity and acceptance programs for our students. Students are also set to local private placements, when needed, to address their emotional needs.
