Notes

Unless otherwise noted, all data are for 2020-21 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality, or to ensure that statistics based on a very small sample size are not interpreted as equally representative as those based on a sufficiently larger sample size.

N/A is displayed when a category is not applicable for a district or school.

Number of students in 2019-20 qualified as truant under state statute: 46

Number of school-based arrests: 0

NOTE: In the 2020-21 school year, students attended school in-person to varying degrees; some learned fully/mostly remotely for the entire school year. Chronic absenteeism calculations are based only on in-person school days.

⁴ A student is chronically absent if they miss ten percent or greater of the total number of days enrolled in the school year for any reason. Pre-Kindergarten students are excluded from this calculation.

⁵ This column displays the count and percentage of students who receive at least one in-school suspension, out-of-school suspension or expulsion.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no table is shown here. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

National Assessment of Educational Progress (NAEP): Percent At or Above Proficient¹

National Public	34	32	36
MATH	Grade 4	Grade 8	Grade 12
Connecticut	45	39	32
National Public	40	33	25

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, a modified table is shown below. All indicators that were not calculated for the 2020-21 school year (including overall Accountability Index) have been excluded and columns that referenced points have also been removed to avoid confusion. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

Gap Indicators	Non-High Needs Rate ¹	High Needs Rate	Size of Gap	State Gap Mean +1 Stdev ²	Is Gap an Outlier? ²
Graduation Rate Gap	.	.	.	9.8%	N

¹ If the Non-High Needs Rate exceeds the ultimate target (75 for Performance Index and 94% for graduation rate), the ultimate target is used for gap calculations.

² If the size of the gap exceeds the state mean gap plus one standard deviation, the gap is an outlier.

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in at least one of the student groups used to calculate the gap measure or the indicator is not applicable based on grades served.

Connecticut's State Identified Measurable Result (SIMR) for Children with Disabilities

Increase the reading performance of all 3rd grade students with disabilities statewide, as measured by Connecticut's English Language Arts (ELA) Performance Index.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no SIMR data are available. Narratives

School District Improvement Plans and Parental Outreach Activities

The current District Strategic Plan supports the following goals:

Goal 1: Improve student achievement across all grade levels and subject areas.

Goal 2: Enhance school climate and performance.

Goal 3: Increase Highville's awareness, visibility and communication in the community.

Goal 4: Expand program offerings.

Goal 5: Improve Employee Retention and Recruitment.

The plans inaugural year was suddenly interrupted in March 2020 by school closure due to the global pandemic. While the plan and strategy had to be adjusted to fit the new constraints of the virtual community, Highville made the concerted effort to maintain family engagement by offering virtual meetings that included mental health professionals, pediatric doctors and behavioral specialist to address the concerns of the parents. We connected families who were front line workers with other community members to support and maintain the virtual learning program. We held PPT s, SRBI and 504 meetings virtually in accordance with parent availability. If abhorrent behaviors were displayed, we created chat rooms and our behavior specialist met with the to re-engage and complete assignments.

If students were absent more than 24 hours we conducted home visits Finally, our Behavior Specialist held SEL classes as an integral part of our students schedules. Our efforts helped us maintain a virtual attendance rate of 95%. The unique designed of our school (PreK-12) is targeted to engage the families and encourage long term relationships.

Additionally, parents and guardians were included in all decision making for their child, including surveys and open-ended questions to gather the data that drove our decisions to re-open and helped in crafting the re-entry plan we presented to the state.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Highville Charter School is a one school district in an urban setting. We conduct a blind lottery. As such, we don't control the demographics. Our student population is 99% black and brown students. The lottery application process is available via the Highville Charter School website.

We continue to recruit students to our school through utilizing multi-media and social media outlets. We participate in school choice fairs and have our documents translated into Spanish. Additionally we maintain a virtual tour of the school including narratives from our executive staff. Our continued efforts to reduce racial, ethnic/economic isolation are further enhanced by word-of-mouth advertisement. This is an effective tool as parents who may not see the information and have mentioned that their looking for smaller classroom for more detailed instruction.

Finally, we strive to maintain a culture of inclusivity by continuing courageous conversations about race and addressing unconscious biases, to broaden understanding and acceptance.

Equitable Allocation of Resources among District Schools

Highville Charter School is a one school district that is committed to the equitable distribution of fiscal resources across our school that supports instruction and learning.

Our budgeting model is grounded in accountability and empowerment. The budget has two (2) parts: (1) a position allocation, comprised of equitable, uniform staffing formulas that vary from year-to-year dependent upon retention of students from grade to grade, and (2) a discretionary operating allocation, designed to enable us to purchase through effective fiscal management, derive discretionary resources. We utilize online systems in the areas of procurement and payroll. In March/April, our Director of Finance conducts an allocation presentation with the executive team in order to review the school organization and staffing process in preparation for the new school year. During this time the needs are discussed and matched with current funding. We have enjoyed increased retention of our teachers prior to the pandemic and our salary increases are between 2-3%. This helps minimize the cost of setting up classrooms. The necessity to increase health coverage contributions has been negligible.
