Notes

Unless otherwise noted, all data are for 2020-21 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality, or to ensure that statistics based on a very small sample size are not interpreted as equally representative as those based on a sufficiently larger sample size.

N/A is displayed when a category is not applicable for a district or school.

Number of students in 2019-20 qualified as truant under state statute: 27

Number of school-based arrests: 0

NOTE: In the 2020-21 school year, students attended school in-person to varying degrees; some learned fully/mostly remotely for the entire school year. Chronic absenteeism calculations are based only on in-person school days.

⁴ A student is chronically absent if they miss ten percent or greater of the total number of days enrolled in the school year for any reason. Pre-Kindergarten students are excluded from this calculation.

⁵ This column displays the count and percentage of students who receive at least one in-school suspension, out-of-school suspension or expulsion.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no table is shown here. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

National Assessment of Educational Progress (NAEP): Percent At or Above Proficient¹

READING	NAEP 2019		NAEP 2013

Connecticut	40	41	50
National Public	34	32	36
MATH	Grade 4	Grade 8	Grade 12
Connecticut	45	39	32
National Public	40	33	25

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, a modified table is shown below. All indicators that were not calculated for the 2020-21 school year (including overall Accountability Index) have been excluded and columns that referenced points have also been removed to avoid confusion. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

Graduation Rate Gap	.	.	.	.	.

¹ If the Non-High Needs Rate exceeds the ultimate target (75 for Performance Index and 94% for graduation rate), the ultimate target is used for gap calculations.

² If the size of the gap exceeds the state mean gap plus one standard deviation, the gap is an outlier.

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in at least one of the student groups used to calculate the gap measure or the indicator is not applicable based on grades served.

Connecticut's State Identified Measurable Result (SIMR) for Children with Disabilities

Increase the reading performance of all 3rd grade students with disabilities statewide, as measured by Connecticut's English Language Arts (ELA) Performance Index.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no SIMR data are available. Narratives

School District Improvement Plans and Parental Outreach Activities

Lisbon Central School (LCS) is continuously involved and highly dedicated to improving programs and services for all students. As a result, instruction is geared toward each individual, and every child achieves. LCS has an excellent School Research-Based Intervention Model (SRBI) as indicated by daily classroom performance and assessment data. Students continue to show growth on the SBAC assessment in both Reading and Math. Regarding special education services and programs, there are ongoing efforts for refinement and improvement. In an effort to broaden our continuum of services, flexible resource rooms have been established. This gives us flexibility to provide a wider range of services for our students to meet their needs.

Truancy prevention is an ongoing focus at LCS, although our truancy rate is very low. The Lisbon Board of Education has a Truancy Policy which is adhered to consistently. Parents are collaborative parties when a student's attendance appears to be less than optimal. Our Administrators, school counselor and school psychologist play pivotal roles in truancy prevention, engaging families as warranted in developing plans for at-risk students.

LCS teachers and administrators make strong efforts in partnering effectively with families. Through the Positive Behavior and Intervention Supports Model, the Cougar Code of Conduct and the Teacher Evaluation Plan, parents are encouraged and included in the education of their child. For example, teachers are expected to communicate positively with parents via email, phone calls, home-school communication and to hold meetings regarding students' progress. Logs are kept indicating efforts. In grades 5-8 we have implemented the Parent Portal. This allows parents to view messages from teachers, their child's progress, and list of assignments and grades. Parent-Teacher conferences are interactive in that teachers provide progress reports, and parents provide input and insight to enable their child to succeed. Our students take the lead on their conferences and identify areas needing improvement. In addition to these resources, outside bulletin boards and our AdminPlus Notify system messaging program provides pertinent information to the outside community. Newsletters are sent home, from administration, weekly to keep parents well informed of happenings at LCS in a Thursday Folder.

Teachers strive very hard at encouraging parents in working at home with their children on activities. Students' agenda books and teachers' newsletters outline assignments. Teachers also post activities via email, Google Classroom and Parent Portals. A Family Curriculum Night is typically planned to engage students and parents in exciting activities focused on STEAM, math, literacy, physical education, health and early learning. Unfortunately due to Covid protocols we were, again, not able to schedule this event. Our hope is to get back to this tradition next year. Community members see firsthand how our students are integrating all areas of curriculum in their learning at LCS. Parents are equipped with strategies to help their children at home. Summer learning packets, reading lists, and math enrichment opportunities are sent home with incentives for completion. The LCS parents are very interested in their children's education and are very supportive. Everyone works together for students!

Efforts to Reduce Racial, Ethnic and Economic Isolation

An ongoing goal of the Lisbon School District is to reduce racial, ethnic and economic isolation. Over the past several years, upper grade students have participated in group discussions using famous works of art as well as musical compositions to determine the "artist's" message, the relevancy of the message in today's world, and cultural beliefs. Sixth grade students typically visit the United Nations in New York to study how organizations seek to influence policy decisions. Grade eight students typically visit Boston and learn about historic and current culture. Middle school grades typically enjoy a host of trips relating to local diverse topics. This year, due to the COVID-19 impact, only the Boston trip occurred; however classroom discussions still happened, related to the field trips which were suspended. Our eighth graders also are given the choice to select from several high schools which have diverse populations. Our students engage in academic, sports and extracurricular activities with other students from urban, suburban and rural districts.

In the lower grades, multi-cultural books, toys, dolls, puzzles, posters and foods are used to teach about racial and ethnic differences. Teachers also incorporate the topic of diversity into instruction. Additionally, classes throughout the grade levels typically do partnership activities with the Senior Center, the Lisbon Fire House, the community libraries and regional businesses. These opportunities broaden students' perspectives.

Lastly, professional development for staff incorporate strategies for trauma-based instruction, restorative practices, and multiculturalism to enable staff to bring students with diverse experiences to a shared understanding. This past school year, staff engaged in professional development specifically regarding diversity. This training was conducted by the State Educational Resource Center of CT (SERC). More training will be done next school year.

In terms of the community, food drives are conducted throughout the year to help those families in need. We also have a Social Needs Student Activity Account in which funds are utilized for students whose families do not have financial resources.

Equitable Allocation of Resources among District Schools

It is the goal and responsibility of the Lisbon Board of Education to ensure that each student receives an adequate and appropriate education supported by a fiscally sound budget. The Lisbon School District has done an exceptional job in ensuring that the elementary and junior high students have comparable resources for their educational experience. Our eighth graders are prepared to leave Lisbon Central School to attend specific high schools in the region. Lisbon pays tuition for these students at rates set by the high schools' districts. Our students receive a solid education and are prepared for college or career.

A comprehensive budget process begins in October. After numerous work sessions, a budget is submitted to the Board of Finance in March. A Town Meeting is held in May followed by a referendum. The school community was given ongoing opportunities to provide input. Lisbon is dedicated to providing equal access to opportunities for an optimal learning environment for all children.
