Notes

Unless otherwise noted, all data are for 2020-21 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality, or to ensure that statistics based on a very small sample size are not interpreted as equally representative as those based on a sufficiently larger sample size.

N/A is displayed when a category is not applicable for a district or school.

Number of students in 2019-20 qualified as truant under state statute: 14

Number of school-based arrests: 0

NOTE: In the 2020-21 school year, students attended school in-person to varying degrees; some learned fully/mostly remotely for the entire school year. Chronic absenteeism calculations are based only on in-person school days.

⁴ A student is chronically absent if they miss ten percent or greater of the total number of days enrolled in the school year for any reason. Pre-Kindergarten students are excluded from this calculation.

⁵ This column displays the count and percentage of students who receive at least one in-school suspension, out-of-school suspension or expulsion.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no table is shown here. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

National Assessment of Educational Progress (NAEP): Percent At or Above Proficient¹

National Public	34	32	36
MATH	Grade 4	Grade 8	Grade 12
Connecticut	45	39	32
National Public	40	33	25

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. ³College readiness exams and benchmark scores are as follows:

- SAT® - meets benchmark score on SAT, Revised SAT or Connecticut School Day SAT
- ACT® - meets benchmark score on 3 of 4 exams (benchmark score varies by subject)
- AP® - 3 or higher on any one AP® exam
- IB® - 4 or higher on any one IB® exam

⁴Participation Rate equals the number of test-takers in 11th and 12th grade divided by the number of students enrolled in those grades, as a percentage.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, a modified table is shown below. All indicators that were not calculated for the 2020-21 school year (including overall Accountability Index) have been excluded and columns that referenced points have also been removed to avoid confusion. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

Gap Indicators	Non-High Needs Rate ¹	High Needs Rate	Size of Gap	State Gap Mean +1 Stdev ²	Is Gap an Outlier? ²
Graduation Rate Gap	.	.	.	9.8%	N

¹ If the Non-High Needs Rate exceeds the ultimate target (75 for Performance Index and 94% for graduation rate), the ultimate target is used for gap calculations.

² If the size of the gap exceeds the state mean gap plus one standard deviation, the gap is an outlier.

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in at least one of the student groups used to calculate the gap measure or the indicator is not applicable based on grades served.

Connecticut's State Identified Measurable Result (SIMR) for Children with Disabilities

Increase the reading performance of all 3rd grade students with disabilities statewide, as measured by Connecticut's English Language Arts (ELA) Performance Index.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no SIMR data are available. Narratives

School District Improvement Plans and Parental Outreach Activities

The Litchfield Schools continue to show solid student performance in our benchmark assessments and on SBAC testing in spring 2021. We have evidence of sustained improvements and growth-over-time by students as they move through the system. We look at the data on the percentage of students scoring in the advanced band, as well, in an effort to evaluate our differentiation for high-end students, as well as those who struggle. At the high school, the excellent SAT and AP scores, in conjunction with the excellent attrition data for both 2-year and 4-year college attendees, speak to excellence in programming.

Despite the COVID-19 international pandemic, Litchfield Public Schools was in person starting on August 26, 2020. Weekly attendance meetings are conducted to assess student progress and issues with attendance. Anyone meeting the criteria for chronic absenteeism and those approaching the criteria are discussed and referred for intervention. Interventions include: attendance meetings, outreach to the parents, referrals to community resources, assessment of social / emotional / physical and learning needs, referrals to Special Education, 504 and/or Student Intervention Team, home visits, coordination with physician and other community providers, regular check in's with a mental health team staff member, recovery services, and specialized transportation.

A Dean of Students is charged with the responsibility of coordinating programming and supports for students whose minor disciplinary infractions, attendance, and academic lapses are interfering with their success; his afterschool responsibilities to coordinate support services for athletes with school support personnel and coaches.

In the area of special education, Litchfield continues to educate all students in the least restrictive environment. An added focus is on the encouragement of our students with disabilities to participate not only in regular classes but in appropriate school sponsored extracurricular activities. The involvement of families and adult students in the development of meaningful IEP objectives and transition activities will continue to be a focus area. Emphasis is placed on the formulation of program modifications, adaptations, and instructional strategies so the completed IEPs are meaningful to the parents and regular education.

Litchfield continues to support its preschool program, offering more seats to 3 and 4-year-old community peers, and strengthening the overall transition to kindergarten. We have strong data to support preschoolers in our own program perform better through 3rd grade than those who did not participate in preschool with us.

Efforts to Reduce Racial, Ethnic and Economic Isolation

The Litchfield Schools provide opportunities for students to interact with others as part of an effort to reduce racial, ethnic, and economic isolation. Several different initiatives are intended to promote improved understanding and sensitivity to individuals from different backgrounds, including our 1-to-1 laptop initiative which has connected students to the Internet and a wealth of virtual experiences.

Litchfield High School's "Peer Educators" contribute to understanding teenage issues. Prominent among the issues they address are acceptance of differences and diversity. Programs, such as this, provide opportunities for LHS students to interact with students of diverse cultural, racial, and economic backgrounds.

Litchfield High School's Interact Service Club is sponsored by the Litchfield/Morris Rotary club with the goal of developing service projects that benefit people in our town and in our world. Students from Litchfield High School enroll in the Greater Hartford Academy of the Arts, Oliver Wolcott Tech, and Wamogo along with students from numerous other districts.

As a small school district in rural Northwestern Connecticut, located an hour from Hartford, the Litchfield Public Schools continue to make a conscientious effort to enhance student awareness and understanding of all types of diversity to assist students to be better prepared to be a part of the state, national, and global community.

Litchfield School District

Equitable Allocation of Resources among District Schools

The Litchfield Public School District equitably allocates resources among all the schools in the system. Programs, supplies, and services are provided to students in each school in a fair and uniform manner appropriate to the learning and developmental needs of students at the elementary, intermediate, middle, and high school levels.

In addition to instructional and other resources, the district maintains a focus on maintenance and custodial services to ensure that all students in the district are educated in school facilities that are appropriate to the educational programs offered and that are safe, healthy, and pleasant.

The allocation of resources within the district is reviewed annually during the budget development process. The school administration and the Board of Education evaluate the needs of the district and each school to address all educational needs. Finally, the voters in the town approve the annual budget.
