Notes

Unless otherwise noted, all data are for 2020-21 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality, or to ensure that statistics based on a very small sample size are not interpreted as equally representative as those based on a sufficiently larger sample size.

N/A is displayed when a category is not applicable for a district or school.

Number of students in 2019-20 qualified as truant under state statute: Fewer than 6

Number of school-based arrests: 0

NOTE: In the 2020-21 school year, students attended school in-person to varying degrees; some learned fully/mostly remotely for the entire school year. Chronic absenteeism calculations are based only on in-person school days.

⁴ A student is chronically absent if they miss ten percent or greater of the total number of days enrolled in the school year for any reason. Pre-Kindergarten students are excluded from this calculation.

⁵ This column displays the count and percentage of students who receive at least one in-school suspension, out-of-school suspension or expulsion.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no table is shown here. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

National Assessment of Educational Progress (NAEP): Percent At or Above Proficient¹

	NAEP 2019		NAEP 2013
READING	Grade 4	Grade 8	Grade 12
Connecticut	40	41	50
National Public	34	32	36
MATH	Grade 4	Grade 8	Grade 12
Connecticut	45	39	32
National Public	40	33	25

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, a modified table is shown below. All indicators that were not calculated for the 2020-21 school year (including overall Accountability Index) have been excluded and columns that referenced points have also been removed to avoid confusion. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

Indicator		Index/Rate	Target	State Average Index/Rate
Chronic Absenteeism	All Students	13.6%	<=5%	19.0%

Arts Access		.	60%	50.7%

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in the student group or the indicator is not applicable based on grades served.

Gap Indicators	Non-High Needs Rate ¹	High Needs Rate	Size of Gap	State Gap Mean +1 Stdev ²	Is Gap an Outlier? ²
Graduation Rate Gap	.	.	.	.	.

¹ If the Non-High Needs Rate exceeds the ultimate target (75 for Performance Index and 94% for graduation rate), the ultimate target is used for gap calculations.

² If the size of the gap exceeds the state mean gap plus one standard deviation, the gap is an outlier.

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in at least one of the student groups used to calculate the gap measure or the indicator is not applicable based on grades served.

Connecticut's State Identified Measurable Result (SIMR) for Children with Disabilities

Increase the reading performance of all 3rd grade students with disabilities statewide, as measured by Connecticut's English Language Arts (ELA) Performance Index.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no SIMR data are available. Narratives

School District Improvement Plans and Parental Outreach Activities

Improvement Plans and Parental Outreach. The focus of the Botelle Elementary School Continuous Growth Plan is to develop active, engaged learners who partner with their teachers in the formative assessment process. Teachers share clear learning targets and success criteria with students so they understand what they are learning, how well they've learned it and what they need to learn next. Students use success criteria and exemplars to self-assess and give peer feedback. Teachers also give specific, individualized feedback that advances student learning. Authentic learning tasks during reading and writing workshops provide students choice in directing their learning which increases motivation and engagement. These tasks are inherently differentiated, allowing all students, regardless of ability, to work successfully alongside their peers. In Math, students are engaged in inquiry, problem-based mathematics learning that focuses on deep conceptual understanding and communicating their reasoning. Communicating reasoning and academic discourse are woven throughout the curriculum and will be a focal point for staff and students during the 2021-22 school year.

A parent survey is developed and administered in the spring of each school year. The results of the survey guide our goal setting for the following year. Staff communicate with families through the school website and teacher webpages, newsletters, fliers, Class Dojo, email and email blasts. The focus of these communications is informing parents what their children are learning and how they can help at home. Parents are engaged with student learning through a Meet and Greet, Open House, parent-teacher conferences and the annual Celebration of Learning. This event allows our students to showcase their learning from the year, taking their adult guests on an academic journey that highlights their accomplishments in all content areas. The event also includes the art show and spring concert as well as exposure to our MakerSpace. Families are also invited to writing celebrations, Good News Gatherings, the Veteran's Day assembly, DARE graduation, field day, parent-child lunches, and cultural events. Focus Groups are offered throughout the year so families have the opportunity to make suggestions, discuss school issues and share ideas. The PTO is very active and plans well-attended family fun activities, including the Spooktacular, Pizza and Movie Night and the Talent Show. When students accumulate absences, letters are sent home and phone calls made to alert parents, in an effort to increase attendance.

Efforts to Reduce Racial, Ethnic and Economic Isolation

The entire Botelle School Community is committed to reducing racial, ethnic and economic isolation. The PTO organizes many cultural arts events throughout the year. Yale musicians put on multi-cultural performances for students. Concerts feature music from different cultures. The Student Council, children and classrooms organize can drives and personal hygiene drives to support the local food pantries and shelters. After school activities and learning opportunities exist for students to study world languages. Our school librarian recently applied for and received a grant to increase multicultural literature. The district will begin equity work to effectively understand, appreciate and serve all students and families and increase awareness of the diversity of individuals and cultures.
