Notes

Unless otherwise noted, all data are for 2020-21 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality, or to ensure that statistics based on a very small sample size are not interpreted as equally representative as those based on a sufficiently larger sample size.

N/A is displayed when a category is not applicable for a district or school.

Number of students in 2019-20 qualified as truant under state statute: 13

Number of school-based arrests: 0

NOTE: In the 2020-21 school year, students attended school in-person to varying degrees; some learned fully/mostly remotely for the entire school year. Chronic absenteeism calculations are based only on in-person school days.

⁴ A student is chronically absent if they miss ten percent or greater of the total number of days enrolled in the school year for any reason. Pre-Kindergarten students are excluded from this calculation.

⁵ This column displays the count and percentage of students who receive at least one in-school suspension, out-of-school suspension or expulsion.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no table is shown here. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

National Assessment of Educational Progress (NAEP): Percent At or Above Proficient¹

Connecticut	40	41	50
National Public	34	32	36
MATH	Grade 4	Grade 8	Grade 12
Connecticut	45	39	32
National Public	40	33	25

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. ³College readiness exams and benchmark scores are as follows:

- SAT® - meets benchmark score on SAT, Revised SAT or Connecticut School Day SAT
- ACT® - meets benchmark score on 3 of 4 exams (benchmark score varies by subject)
- AP® - 3 or higher on any one AP® exam
- IB® - 4 or higher on any one IB® exam

⁴Participation Rate equals the number of test-takers in 11th and 12th grade divided by the number of students enrolled in those grades, as a percentage.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, a modified table is shown below. All indicators that were not calculated for the 2020-21 school year (including overall Accountability Index) have been excluded and columns that referenced points have also been removed to avoid confusion. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

Indicator		Index/Rate	Target	State Average Index/Rate

Graduation Rate Gap	94.0%	94.7%	-0.7%	9.8%	N

¹ If the Non-High Needs Rate exceeds the ultimate target (75 for Performance Index and 94% for graduation rate), the ultimate target is used for gap calculations.

² If the size of the gap exceeds the state mean gap plus one standard deviation, the gap is an outlier.

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in at least one of the student groups used to calculate the gap measure or the indicator is not applicable based on grades served.

Connecticut's State Identified Measurable Result (SIMR) for Children with Disabilities

Increase the reading performance of all 3rd grade students with disabilities statewide, as measured by Connecticut's English Language Arts (ELA) Performance Index.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no SIMR data are available. Old Saybrook School District

Narratives

School District Improvement Plans and Parental Outreach Activities

Beginning in March 2020 and extending throughout the 2020-2021 school year, Old Saybrook Schools' Superintendent coordinated communication with families to ensure that everyone had access to the latest information about the safety of our schools. Initially, communication occurred daily. Over the course of the year, formal communication occurred weekly, increasing when health conditions or events indicated a need, and decreasing as the pace of new information slowed. Though the school district returned to in-person school in July of 2020, community meetings took place online to afford access to as many families as possible. Each meeting had both an informational component and a question and answer component. Additionally, families were surveyed about their questions in advance of each meeting so additional resources, like representatives of the Connecticut River Area Health District, IT specialists, teachers, administrators, and school nurses could be brought to the meetings to provide the detailed information requested by community members.

Additionally, the district's website was revamped to include COVID-19 Information and Educational Technology Support pages. Because Old Saybrook offered the option of full-time, in-person school to all students throughout the 20-21 school year, these pages housed informational videos about health protocols within our schools, like mask wearing, handwashing, and passing routines. The IT department expanded its Help Desk support to parents and students, especially those choosing to remain at home to learn, often remotely accessing their computers to demonstrate how to access a program or assignment. The COVID-19 page of the website won the Bonnie B. Carney Award for Excellence in Educational Communication from the Connecticut Association of Boards of Education.

Efforts to improve special education programs and services for students with disabilities include ongoing staff training in recognizing and instructing students with dyslexia and added social skills programming across grade levels. In 2020-2021, OSPS also enhanced the alternative high school program for students with significant emotional needs. OSPS partnered with neighboring districts to broaden the scope of services to students in our transition program. A survey for parents of students with IEPs gauged understanding of the individualized plans and resulted in changes to how students' goals are developed.

Attendance was reviewed weekly and followed by individual outreach by a team of teachers, social workers, and bilingual school employees to students and their families. Attendance Board meetings and support from outside agencies were last-resort measures employed only after direct, one-on-one, personalized supports were provided and did not increase school engagement.

Families were invited to attend parent conferences, Board of Education, and PTO/PTA meetings online. Band and chorus concerts, art shows, and drama events were all recorded and shared through the district's YouTube Channel. Parents were also surveyed about health protocols, satisfaction with schools' efforts to mitigate COVID-19 risk, report card communication, and community needs for strategic planning. Parent representatives served on a Guiding Coalition that reviewed community input and drafted the district's 2021-2026 strategic plan goals.

Efforts to Reduce Racial, Ethnic and Economic Isolation

As part of a minority teacher recruitment and retention grant, all of Old Saybrook's instructional coaches engaged in the Coaching for Equity workshop offered by the Connecticut Center for School Change. The goal of this work was to create a system for examining instructional practices through an equity lens, thus increasing cultural competence and providing a more welcoming environment for all educators and students. Additionally, faculty participated in a number of workshops about race and equity, including the Anti-Racist Educator Framework series offered by CREC.

Interdistrict programs included students in the 18 - 21-year-old transition program, who were part of a regional effort to broaden opportunities and create connections for this group of students. One student attended an interdistrict magnet school.

To combat social isolation and the loss of field trips, teachers sought new ways to bring students new experiences. Students engaged in virtual excursions to international museums and events that they would never have had access to in person. Through Google Meet, students met and learned with others from around the world.

Equitable Allocation of Resources among District Schools

Old Saybrook Public Schools' budget is driven by the priorities of our strategic plan, which was written with input from the community, families, and educators. With only one school at each level, there is little concern that one school will be funded differently than another. In fact, the size of our district allows for a highly collaborative and transparent budget-building process. Starting with a zero-base, the budget is built by a team of teachers and administrators and includes only that which is necessary for the following year. This team approach and focus on the priorities of the strategic plan ensure equitable access to a well-rounded education for all Old Saybrook students.
