Notes

Unless otherwise noted, all data are for 2020-21 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality, or to ensure that statistics based on a very small sample size are not interpreted as equally representative as those based on a sufficiently larger sample size.

N/A is displayed when a category is not applicable for a district or school.

Number of students in 2019-20 qualified as truant under state statute: 0

Number of school-based arrests: 0

NOTE: In the 2020-21 school year, students attended school in-person to varying degrees; some learned fully/mostly remotely for the entire school year. Chronic absenteeism calculations are based only on in-person school days.

⁴ A student is chronically absent if they miss ten percent or greater of the total number of days enrolled in the school year for any reason. Pre-Kindergarten students are excluded from this calculation.

⁵ This column displays the count and percentage of students who receive at least one in-school suspension, out-of-school suspension or expulsion.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no table is shown here. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

National Assessment of Educational Progress (NAEP): Percent At or Above Proficient¹

National Public	34	32	36

Connecticut	45	39	32
National Public	40	33	25

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, a modified table is shown below. All indicators that were not calculated for the 2020-21 school year (including overall Accountability Index) have been excluded and columns that referenced points have also been removed to avoid confusion. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

¹ If the Non-High Needs Rate exceeds the ultimate target (75 for Performance Index and 94% for graduation rate), the ultimate target is used for gap calculations.

² If the size of the gap exceeds the state mean gap plus one standard deviation, the gap is an outlier.

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in at least one of the student groups used to calculate the gap measure or the indicator is not applicable based on grades served.

Connecticut's State Identified Measurable Result (SIMR) for Children with Disabilities

Increase the reading performance of all 3rd grade students with disabilities statewide, as measured by Connecticut's English Language Arts (ELA) Performance Index.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no SIMR data are available. Narratives

School District Improvement Plans and Parental Outreach Activities

Annually, the Pomfret Board of Education approves school goals that focus on both student achievement and positive school and family communications. The district monitors and analyzes benchmark testing and makes adjustments and creates interventions as needed. Individual student progress is our primary focus and the district closely monitors cohort student data by grade level.

Pomfret Community School takes pride in its home-school connections. Pomfret families have a strong connection to the school; many attended PCS, and are proud of the many unique traditions that make this school special. The Parent Teacher Organization is very active and supportive and provides opportunities for enrichment throughout the year. We maintain an open-door policy which welcomes the active participation of parents and community members in the school life of our students. We encourage a strong home-school partnership and believe that we are a team that works together for every student to achieve success. Each year families receive a copy of our student handbook which discusses all of our rules and regulations and weekly updates about school events.

Teachers communicate with parents on a regular basis through phone calls, notes, emails, conferences and website updates. Student progress reports are sent to parents six times per year and formal conferences are scheduled twice per year. In addition, monthly newsletters are published and a yearly calendar of events is distributed. The district also uses its automated email and calling system to keep families informed of school related events. PCS is the cornerstone of the Pomfret community and we have a close connection to our town Recreation Department. That department uses our facilities for activities before and after school, on the weekends and during the summer break. This cooperative relationship provides opportunities for our students and adult community members. In addition, our staff invites all local seniors to a holiday dinner each December. These activities were cancelled this year due to the pandemic.

The Special Education Program at Pomfret Community School strives to meet the needs of students with disabilities in the most inclusive environment. With a growing population of students identified on the autism spectrum, it was recognized that special and general education staff required training and support in this area. Behavior and Autism Consultants from EASTCONN continue to be contracted to build capacity within the school to address the needs of those students. The partnering has been highly successful and has prevented possible outplacements from occurring. To prevent truancy, parents are informed of the state guidelines for students' attendance, including excused and unexcused absence reasons in our student handbook. Absences and late arrivals are tracked and parents are contacted by phone and by letter when a concern arises. In addition, families are encouraged to take vacations during school breaks.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Pomfret Community School is located in a region of Connecticut with very limited racial, ethnic and economic diversity. Our current student population is approximately 92% white, 2% African American, 4% Asian, and 3% Latino. Our staff is 100% white. To address our lack of diversity, we provide opportunities for students to be exposed to other cultures. We have a school club called Hope for Haiti that studies the region and has conducted fundraisers to support education in that country. In addition, students at Pomfret Community School participate in a significant number of fund raising activities that support the efforts of many worthwhile organizations such as the Pomfret Food Pantry and TEEG. Students in the middle school have the opportunity to participate in Spanish language classes which includes study of the cultures of Spanish speaking countries. In addition, we hold a cultural arts week each spring to provide awareness of diversity. In the 2020-2021 this activity was not held due to the pandemic.

Equitable Allocation of Resources among District Schools

The Pomfret School District consists of one Pre-Kindergarten to Grade Eight school - Pomfret Community School (PCS). The focus of the district is to maintain the high quality of the educational program at PCS while also providing multiple options to students beyond 8th Grade. At Pomfret Community School, resources are equitably allocated across the grade levels. The district is pleased to continue to maintain reasonable class sizes at all grade levels. This assures that students are given access to an education that works to meet their individual needs as learners. Teachers across all content areas and the arts are provided with instructional tools to help maximize student achievement and personal growth. The school provides one to one access to chrome books for all students grade three through eight. Once students graduate from 8th Grade, they have a number of public and private high school choices. Starting in the 2019-2020 school year, the Pomfret Board of Education approved two additional designated high school options for Pomfret students.
