### Notes

Unless otherwise noted, all data are for 2020-21 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

\* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality, or to ensure that statistics based on a very small sample size are not interpreted as equally representative as those based on a sufficiently larger sample size.

N/A is displayed when a category is not applicable for a district or school.

**Number of students in 2019-20 qualified as truant under state statute: 155**

**Number of school-based arrests: Fewer than 6**

**NOTE:** In the 2020-21 school year, students attended school in-person to varying degrees; some learned fully/mostly remotely for the entire school year. Chronic absenteeism calculations are based only on in-person school days.

<sup>4</sup> A student is chronically absent if they miss ten percent or greater of the total number of days enrolled in the school year for any reason. Pre-Kindergarten students are excluded from this calculation.

<sup>5</sup> This column displays the count and percentage of students who receive at least one in-school suspension, out-of-school suspension or expulsion.

### Performance and Accountability

#### District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

*NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no table is shown here. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>*

#### National Assessment of Educational Progress (NAEP): Percent At or Above Proficient<sup>1</sup>

| READING         | NAEP 2019 |         | NAEP 2013 |
|-----------------|-----------|---------|-----------|
|                 | Grade 4   | Grade 8 | Grade 12  |
| Connecticut     | 40        | 41      | 50        |
| National Public | 34        | 32      | 36        |
| MATH            | Grade 4   | Grade 8 | Grade 12  |
|                 |           |         |           |
| Connecticut     | 45        | 39      | 32        |
| National Public | 40        | 33      | 25        |

<sup>1</sup> NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. <sup>3</sup>College readiness exams and benchmark scores are as follows:

- SAT® - meets benchmark score on SAT, Revised SAT or Connecticut School Day SAT
- ACT® - meets benchmark score on 3 of 4 exams (benchmark score varies by subject)
- AP® - 3 or higher on any one AP® exam
- IB® - 4 or higher on any one IB® exam

<sup>4</sup>Participation Rate equals the number of test-takers in 11th and 12th grade divided by the number of students enrolled in those grades, as a percentage.

# District Profile and Performance Report for School Year 2020-21

## Regional School District 05

### Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

*NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, a modified table is shown below. All indicators that were not calculated for the 2020-21 school year (including overall Accountability Index) have been excluded and columns that referenced points have also been removed to avoid confusion. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>*

*NOTE: A dot (.) appears in the table above when there are fewer than 20 students in the student group or the indicator is not applicable based on grades served.*

| Gap Indicators      | Non-High Needs Rate <sup>1</sup> | High Needs Rate | Size of Gap | State Gap Mean +1 Stdev <sup>2</sup> | Is Gap an Outlier? <sup>2</sup> |
|---------------------|----------------------------------|-----------------|-------------|--------------------------------------|---------------------------------|
| Graduation Rate Gap | 94.0%                            | 88.0%           | 6.0%        | 9.8%                                 | N                               |

<sup>1</sup> If the Non-High Needs Rate exceeds the ultimate target (75 for Performance Index and 94% for graduation rate), the ultimate target is used for gap calculations.

<sup>2</sup> If the size of the gap exceeds the state mean gap plus one standard deviation, the gap is an outlier.

*NOTE: A dot (.) appears in the table above when there are fewer than 20 students in at least one of the student groups used to calculate the gap measure or the indicator is not applicable based on grades served.*

### Connecticut's State Identified Measurable Result (SIMR) for Children with Disabilities

Increase the reading performance of all 3rd grade students with disabilities statewide, as measured by Connecticut's English Language Arts (ELA) Performance Index.

### Narratives

#### School District Improvement Plans and Parental Outreach Activities

Amity Regional School District No.5 school improvement plans continue to focus on improving student achievement and student social emotional learning. The 2020-21 academic year continued to create new and unprecedented challenges for teachers, students, and families. During the 2019-20 school year, the Connecticut State Department of Education suspended the Smarter Balanced Assessment for reading and mathematics for students in grades 7 and 8, the SAT for students in grade 11, and the Next Generation Science Standards (NGSS) assessment for students in Grades 8 and 11. The testing administration for SAT, SBA, and NGSS was reinstated for the 2020-21 school year. Students were encouraged during the spring to take these standardized assessments in-person. Some students did complete the online assessments remotely. The data will differentiate between the results from the students who took the assessments in-person and those who took the assessments remotely.

The district continued to provide mini-technology professional learning opportunities for teachers and administrators. These opportunities included, but were not limited to Zoom, Tech Tools for Projects, and Digital Assessments. Teachers were provided training to facilitate the use of engaging and interactive Apps for hybrid, remote, and in-person learning. Schools eventually moved from a hybrid learning model in the fall 2020 to full in-person learning. Throughout the 2020-21 school year, ARHS operated on a shortened day with no in-school lunch served. Later in the 2020-21 school year, both middle schools operated on a full in-person day with lunch served. The faculty and administration along with the District Steering Committee, continue to engage in a focused ongoing curriculum review and revision process. Teachers review and revise curriculum as part of Professional Learning Communities, curriculum articulation meetings, and during summer curriculum writing. Amity has committed to ensuring that teachers use researched-based best practices in literacy to support content objectives across the curriculum. Teachers and administrators have been trained in Understanding by Design. The use of curriculum mapping software is also aligned to the Understanding by Design Model. The faculty and administration have made a concerted effort to ensure that all students are provided with engaging, rigorous, and challenging academic experiences. Middle school ELA teachers and reading specialists started training in the Readers Workshop Model.

During the 2020-21 academic year, members of the Professional Development and Educator Committee continued to meet and revise the Amity Administrator Evaluation Model including all forms. The district is committed to ensuring the extension of student learning from school into the home. Each school has active Parent Teacher Student Organizations. The entire Amity District works diligently to ensure that parents receive ongoing communications. A number of programs are available to parents including parent orientations and conferences to address specific topics. Parents of students with special needs are invited to participate in Parent and Placement Team meetings, 504 meetings, or Student Study Team meetings. The PowerSchool Unified Classroom Learning Management System allows parents and students easy access to attendance, schedules, and academic records.

#### Efforts to Reduce Racial, Ethnic and Economic Isolation

The Amity District engages in numerous initiatives designed to reduce ethnic, economic, and racial isolation. For example, the district encourages the Open Choice Program with 25 students participating in 2020-2021. The Milford Rape Crisis Center provided all schools with training focused on bullying, sexual harassment, and diversity. Seventh Grade Awareness of Global & Local Issues Projects featured Amity Middle School Bethany seventh graders who presented their Global Issues Projects. Amity students volunteered at numerous shelters and service agencies. Unfortunately, due to the pandemic in spring 2020 several other efforts to reduce racial, ethnic, and economic isolation were unable to be facilitated. Teachers and administrators all attended anti-racism Courageous Conversation workshops provided by the Pacific Educational Group. Both middle schools and Amity Regional High School sponsor a variety of clubs and activities designed to reduce racial, ethnic, and economic isolation. These clubs include, but are not limited to, the Israeli-American Club, Muslim-American Club, Asian Club, Chinese Club, Black Students Organization, PLAHD, Unified Theatre, and Unified Sports. Unfortunately, the pandemic and school schedules throughout 2020-21 made it difficult for clubs to meet as often as in past years. All schools have developed Advisory Programs to support students in their social emotional health. The School Climate Committees administer a survey in the spring to all faculty, students, and parents. The School Climate teams will continue to review school climate data during the summer and early fall to inform ways to improve overall school climate involving all stakeholders.

### **Equitable Allocation of Resources among District Schools**

The Amity Board of Education is committed to seeing that the entire district receives comparable resources from the budget through a fiscally responsible process. Each year building principals, department leaders, and central office administrators work together to develop a budget that fairly and accurately reflect their needs. Issues such as enrollment, teacher-student ratio, district and school-based improvement plans, improved student performance, curriculum initiatives, health and safety needs, and future capital plans drive the budget. The Superintendent and the administrative team work closely to prioritize requests in conformity with district and school goals. The Superintendent develops a proposed budget that is presented to the Amity Finance Committee (AFC). The AFC consists of committee members from the three communities served by the Amity District. The members review the Superintendent's request and suggests alterations. The Superintendent and administrative team review the suggested alterations and reallocate resources in an equitable manner. The Superintendent presents the proposed budget to the full Board. A Public Hearing is held prior to Board adoption.
