Notes

Unless otherwise noted, all data are for 2020-21 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality, or to ensure that statistics based on a very small sample size are not interpreted as equally representative as those based on a sufficiently larger sample size.

N/A is displayed when a category is not applicable for a district or school.

NOTE: To protect student privacy, gender counts are suppressed (*) when fewer than 6 students enrolled in the district identify as non-binary.

² This table represents students in grades PK-12 reported by the district in the Public School Information System (i.e., PSIS Reporting District).

³ Students in this category are students with an individualized education program (IEP) only. This category does not include students with Section 504 plans or services plans.

Number of students in 2019-20 qualified as truant under state statute: 36

Number of school-based arrests: 0

NOTE: In the 2020-21 school year, students attended school in-person to varying degrees; some learned fully/mostly remotely for the entire school year. Chronic absenteeism calculations are based only on in-person school days.

⁴ A student is chronically absent if they miss ten percent or greater of the total number of days enrolled in the school year for any reason. Pre-Kindergarten students are excluded from this calculation.

⁵ This column displays the count and percentage of students who receive at least one in-school suspension, out-of-school suspension or expulsion.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no table is shown here. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

National Assessment of Educational Progress (NAEP): Percent At or Above Proficient¹

National Public	34	32	36
MATH	Grade 4	Grade 8	Grade 12
Connecticut	45	39	32
National Public	40	33	25

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, a modified table is shown below. All indicators that were not calculated for the 2020-21 school year (including overall Accountability Index) have been excluded and columns that referenced points have also been removed to avoid confusion. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

Graduation Rate Gap	94.0%	95.7%	-1.7%	9.8%	N

¹ If the Non-High Needs Rate exceeds the ultimate target (75 for Performance Index and 94% for graduation rate), the ultimate target is used for gap calculations.

² If the size of the gap exceeds the state mean gap plus one standard deviation, the gap is an outlier.

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in at least one of the student groups used to calculate the gap measure or the indicator is not applicable based on grades served.

Connecticut's State Identified Measurable Result (SIMR) for Children with Disabilities

Increase the reading performance of all 3rd grade students with disabilities statewide, as measured by Connecticut's English Language Arts (ELA) Performance Index.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no SIMR data are available. Narratives

School District Improvement Plans and Parental Outreach Activities

A committee representing all stakeholders in Region 14 finalized the district Vision of a Learner, which will drive our district priorities; provide coherence across our schools from Pre-K through 12th grade; serve as a guide for instruction and decision making; and ensure all students are future-ready. Input based on a survey of staff, students, parents and community members determined the following six Vision of a Learner attributes and skills:

Region 14 students:

- THINK CRITICALLY AND CREATIVELY: They evaluate an issue or problem and develop a solution or opinion using multi-disciplinary thinking, originality and imagination.
- COLLABORATE AND COMMUNICATE EFFECTIVELY: They find effective ways to work together and express, listen to, and exchange ideas and information in many forms.
- DEMONSTRATE EMPATHY: They understand and respect the ideas, beliefs, and values of others to foster an inclusive environment.
- TAKE INITIATIVE: They take ownership of learning by inquiring, setting goals, taking action, and consistently reflecting.
- PERSEVERE: They persist through challenges to achieve goals and build resilience.
- ADAPT AND ADJUST: They remain flexible and open to new ideas, and they adjust to new situations.

The district has outlined a strategy map for the upcoming year that includes implementing our Vision of a Learner, as well as professional learning emphasizing student-centered engaging learning for all. In order to ensure all students have the social and emotional resources to thrive, Region 14 has expanded its implementation of the Yale RULER program at both elementary schools, to include the middle school, and plans this year for RULER training of staff at the high school. Additional supports to create a healthy, safe and positive school climate and culture, come from school and district Safety and Climate Committees, and a Parent Advisory Council. These groups analyze and adjust programs to build school culture, and implement safety protocols. Parent communication includes all schools routinely contacting parents by sending their weekly news via the Digital Backpack which is also posted on the district website. A parent focus group also provided feedback on our website, which led the district to make adjustments to improve the design and ease of receiving information. Other avenues of communication with parents include e-mailing monthly school newsletters, principals holding virtual coffee hours, and school Instagram accounts. Parent involvement at the High School includes the Agriscience Parent and Alumni Association, Grad Nite Committee, Booster Club, as well as parent volunteers for drama, the arts, class council and other organizations. The district has active PTOs that continued to meet this year on a digital platform, and involved all families in a variety of activities, such as virtual book fairs and "Find Mitch in the Community." Staff also conducted more home visits this past year and supported parents and students who were less engaged, particularly during remote learning.

Efforts to Reduce Racial, Ethnic and Economic Isolation

The district continuously incorporates experiences and activities for students to increase their awareness and appreciation of diversity and other cultures. Curriculum has become more culturally relevant to include more diverse authors and resources, including virtual field trips. At the middle school, students virtually visit museums such as the National Museum of African American History and Culture, and the United States Holocaust Memorial Museum. The guiding principles at WMS are Respect, Responsibility, and Relationships, to stress the need for kindness and acceptance of others and their differences. At Nonnewaug High School, the Advisory Program develops a culture of kindness, empathy and respect to ensure a positive and safe school climate for all members of the school. Student leaders in the Harbor Program lead advisory groups for freshman students, which include discussions on empathy and building relationships between students. The Athletic Council held fundraisers for the local food banks and partners with a youth soccer program in South Africa to provide soccer equipment to the participants helping to reduce economic isolation. The Equality Association, a student-led organization, was developed in the 2020-2021 school year as a result of a student forum in June of 2020 to discuss the racial tension in our nation. The association's student-created goal is to spread awareness of social injustices and to teach racial, cultural, and religious history so that everybody at Nonnewaug can feel welcomed. At Bethlehem Elementary, learning materials and free lunch are frequently delivered to the homes of quarantined and remote learners. BES works with Caring For Bethlehem, a community organization and assistance program for food security, emergency energy aid, clothing, and holiday assistance. Mitchell Elementary Student Council held food drives for the local food bank. The PTO and Student council held a holiday gift program and a Thanksgiving program to provide meals and gifts for families in need. The school partnership with the Community Services Council of Woodbury provides school supplies, holiday gifts, holiday meals, rent, and fuel and energy assistance to those families who needed it.

Equitable Allocation of Resources among District Schools

Region 14 is committed to providing comparable district resources across its four schools. This commitment is demonstrated in a multi-phase budget process: planning, preparation, adoption, and implementation. During planning, building principals work with grade levels and departments to develop school improvement plans which are grounded in student achievement results and professional learning needs of teachers.

The improvement plans drive the budget preparation process as school and district teams work to identify resources needed to achieve system goals. The Board of Education adopts a budget that aligns with its goals and supports the system's efforts to serve as a guide for instruction and decision making. During the budget adoption process, the Superintendent and Board of Education members hold community meetings to discuss improvement initiatives and funding needs.

After adoption we consistently examine, analyze, and monitor the use of resources across all levels to ensure comparable distribution of resources.
