Notes

Unless otherwise noted, all data are for 2020-21 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality, or to ensure that statistics based on a very small sample size are not interpreted as equally representative as those based on a sufficiently larger sample size.

N/A is displayed when a category is not applicable for a district or school.

Number of students in 2019-20 qualified as truant under state statute: 0

Number of school-based arrests: Fewer than 6

NOTE: In the 2020-21 school year, students attended school in-person to varying degrees; some learned fully/mostly remotely for the entire school year. Chronic absenteeism calculations are based only on in-person school days.

⁴ A student is chronically absent if they miss ten percent or greater of the total number of days enrolled in the school year for any reason. Pre-Kindergarten students are excluded from this calculation.

⁵ This column displays the count and percentage of students who receive at least one in-school suspension, out-of-school suspension or expulsion.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no table is shown here. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

National Assessment of Educational Progress (NAEP): Percent At or Above Proficient¹

READING	NAEP 2019		NAEP 2013
	Grade 4	Grade 8	Grade 12
Connecticut	40	41	50
National Public	34	32	36
MATH	Grade 4	Grade 8	Grade 12
Connecticut	45	39	32
National Public	40	33	25

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. Students with Disabilities	56.7	10	9.6
District	85.6	227	40.9
State	85.0		36.0

³College readiness exams and benchmark scores are as follows:

- SAT® - meets benchmark score on SAT, Revised SAT or Connecticut School Day SAT
- ACT® - meets benchmark score on 3 of 4 exams (benchmark score varies by subject)
- AP® - 3 or higher on any one AP® exam
- IB® - 4 or higher on any one IB® exam

⁴Participation Rate equals the number of test-takers in 11th and 12th grade divided by the number of students enrolled in those grades, as a percentage.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, a modified table is shown below. All indicators that were not calculated for the 2020-21 school year (including overall Accountability Index) have been excluded and columns that referenced points have also been removed to avoid confusion. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

Indicator		Index/Rate	Target	State Average Index/Rate

Graduation Rate Gap	94.0%	94.4%	-0.4%	9.8%	N

¹ If the Non-High Needs Rate exceeds the ultimate target (75 for Performance Index and 94% for graduation rate), the ultimate target is used for gap calculations.

² If the size of the gap exceeds the state mean gap plus one standard deviation, the gap is an outlier.

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in at least one of the student groups used to calculate the gap measure or the indicator is not applicable based on grades served.

Connecticut's State Identified Measurable Result (SIMR) for Children with Disabilities

Increase the reading performance of all 3rd grade students with disabilities statewide, as measured by Connecticut's English Language Arts (ELA) Performance Index.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no SIMR data are available. Narratives

The Board of Education Region #19 Statement of Guiding Principles was developed in the through the fall/winter of 20-21 by the board subcommittee on Equity, Diversity, and Justice: -to embrace diversity in its broadest sense, by respecting diversity of viewpoints and experience, by expanding diversity in our teaching staff, and by providing a curriculum which includes the history, experience, accomplishments, and cultural richness of BIPOC individuals and communities in America;. -to identify and pursue the work necessary to realize equity of access and opportunity for all our students; and. -to confront and dedicate ourselves to eradicating discrimination and intolerance directed against members of our BIPOC and LGBTQIA+ communities, our students with disabilities, and any members of our community who are survivors of unjust and inequitable practices.

Action Steps for

- *Conduct an equity audit on student participation in curricular and co-curricular offerings.

- *Conduct an equity audit on student performance in curricular and co-curricular offerings.

- *Conduct a review of identified policies that specify measuring student performance.

- *Conduct school climate reviews to measure student experiences in identifiers topics (learning environment, wellness, equity). *Provide training to develop the talent of our staff around instructional practices for students that are student centered, identity informed and create student agency, then all students will fulfill our vision of the graduate.

- *Provide student-centered instruction training toward the demonstration of content area standards and vision of a graduate attributes.

- *Provide mastery learning training to maximize learning potential for every student.

- *Development of student-led Cultural Awareness Brigade who recently created and opened the E.O. Smith Cultural Center in the Library Media Center.

- *On going presentations by the student-led Democratic Discourse Group to facilitate conversations surrounding race and equity issues.

- *Development of a CIAC subcommittee on equity by E.O. Smith Principal to analyze access to athletics from an equity lens.

- *Provide training to board of education in "governing with an equity lens" by the Connecticut Center for School Change.

Equitable Allocation of Resources among District Schools

Region 19 is a regional high school made up of students from Willington, Ashford, and Mansfield. Additionally students come to E.O. Smith from Columbia, Eastford, Tolland, Coventry, and Windham. Allocation of resources to other schools is not applicable to Region 19, however, as part of our equity audit we are aware of disparity in access to academic scheduling based on the sending community. We are in partnership with the regional superintendents to review, analyze, and plan action in response to the data. Additionally, we have a board of education made up of representation from each of the three regional towns. The board has begun a process to review data and decision making from an equity perspective. The four superintendents are also working collaboratively with the Great Schools Partnership to align our vision of the graduate and to prioritize areas that we can be more coherent from a pre-kindergarten through 12 perspective.
