Notes

Unless otherwise noted, all data are for 2020-21 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality, or to ensure that statistics based on a very small sample size are not interpreted as equally representative as those based on a sufficiently larger sample size.

N/A is displayed when a category is not applicable for a district or school.

NOTE: To protect student privacy, gender counts are suppressed (*) when fewer than 6 students enrolled in the district identify as non-binary.

² This table represents students in grades PK-12 reported by the district in the Public School Information System (i.e., PSIS Reporting District).

³ Students in this category are students with an individualized education program (IEP) only. This category does not include students with Section 504 plans or services plans.

State		19.0		1.4

Number of students in 2019-20 qualified as truant under state statute: 6

Number of school-based arrests: 0

NOTE: In the 2020-21 school year, students attended school in-person to varying degrees; some learned fully/mostly remotely for the entire school year. Chronic absenteeism calculations are based only on in-person school days.

⁴ A student is chronically absent if they miss ten percent or greater of the total number of days enrolled in the school year for any reason. Pre-Kindergarten students are excluded from this calculation.

⁵ This column displays the count and percentage of students who receive at least one in-school suspension, out-of-school suspension or expulsion.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no table is shown here. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

National Assessment of Educational Progress (NAEP): Percent At or Above Proficient¹

National Public	34	32	36
MATH	Grade 4	Grade 8	Grade 12
Connecticut	45	39	32
National Public	40	33	25

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. Students with Disabilities	65.2	0	0.0
District	88.8	*	*
State	85.0		36.0

³ College readiness exams and benchmark scores are as follows:

- SAT® - meets benchmark score on SAT, Revised SAT or Connecticut School Day SAT
- ACT® - meets benchmark score on 3 of 4 exams (benchmark score varies by subject)
- AP® - 3 or higher on any one AP® exam
- IB® - 4 or higher on any one IB® exam

⁴ Participation Rate equals the number of test-takers in 11th and 12th grade divided by the number of students enrolled in those grades, as a percentage.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, a modified table is shown below. All indicators that were not calculated for the 2020-21 school year (including overall Accountability Index) have been excluded and columns that referenced points have also been removed to avoid confusion. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

Gap Indicators	Non-High Needs Rate ¹	High Needs Rate	Size of Gap	State Gap Mean +1 Stdev ²	Is Gap an Outlier? ²
Graduation Rate Gap	.	85.7%	.	9.8%	N

¹ If the Non-High Needs Rate exceeds the ultimate target (75 for Performance Index and 94% for graduation rate), the ultimate target is used for gap calculations.

² If the size of the gap exceeds the state mean gap plus one standard deviation, the gap is an outlier.

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in at least one of the student groups used to calculate the gap measure or the indicator is not applicable based on grades served.

Connecticut's State Identified Measurable Result (SIMR) for Children with Disabilities

Increase the reading performance of all 3rd grade students with disabilities statewide, as measured by Connecticut's English Language Arts (ELA) Performance Index.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no SIMR data are available. The Bridge Academy District

Narratives

School District Improvement Plans and Parental Outreach Activities

At Bridge Academy we are committed to offering students an inclusion model with both high expectations for academic and social/emotional growth and the support students need to succeed in class, on important assessments and in life. Toward this end, we review and revise all IEP goals annually to ensure that they meet each student's individual and academic needs. All general education teachers meet with special education teachers bi-weekly to review progress toward goals and determine next steps. All students are offered one class period a day each of leveled literacy and numeracy instruction and receive one class period a day of intervention support. Special education teachers meet regularly with a special education consultant to ensure that they are constantly improving their practice and support of both students and families. In addition, our staff professional development opportunities will continue prioritize such learning strategies as Universal Design for Learning and differentiation in order to ensure that all students are given the scaffolds and supports they need to access learning.

Following our Tiered Attendance Plan we first work to create a positive culture and climate in part by planning multiple opportunities for school connection throughout the year, including morning advisories, student-led whole school assemblies, activity days, field trips and a robust after school program. We carefully monitor the academic and social/emotional needs of every student and respond accordingly with everything from creating tutoring programs to meetings with our social workers to enabling families to get the outside help they need. Our Attendance Committee consists of social workers, administrators, teachers, paraprofessionals, our Social Emotional Learning Coordinator, school counselor and nurse. This team meets bi-weekly and works together to identify barriers to attendance and create individual plans for struggling students to ensure they come to school every day. In addition, for the 2021-2022 school year we have created an Attendance Coordinator position; this person will come to school early to call the homes of students identified as needing Tier II attendance support to ensure they are up and have a way to school; if transportation is an issue, we will send transportation to their home. This person will also act as a mentor to students struggling with attendance.

This year we will conduct Parent Teacher Home Visits for the first time beginning in August; we are excited to partner with our families in this way. We will continue to host regular meetings around themes of interest to our community including how to support reading and math growth at home and how to support student social/emotional well-being, physical health and nutrition, etc. We will continue to have parent representation on our Governing Council and will begin holding our Climate Committee Meetings in the evenings and virtually this year to allow for greater parent participation. We regularly survey our students and families to learn their opinions on a range of topics in order to better meet their needs. We have also hired two Family Engagement coordinators who will be responsible for ensuring that our families feel supported and heard throughout the year.

Efforts to Reduce Racial, Ethnic and Economic Isolation

We work to reduce racial and economic isolation by allowing any interested student to apply and attend regardless of residency. This allows us to offer our programming to students from a range of cultural and socio-economic backgrounds.

We are committed to recruiting and hiring a diverse group of teachers and staff; our staff currently consists of more than 30% people of color.

Our curriculum is designed to increase awareness of various cultures and points of view. Teachers also regularly share the accomplishments of underrepresented groups such as people of color and women in fields such as science, mathematics and history.

We host multiple multicultural days and assemblies throughout the year at which we celebrate the many cultures, languages, and experiences that make up our community.

We partner with a number of community organizations in order to expose our students to a range of activities and opportunities. For example, we partner with the Cardinal Shehan Center to offer free swim lessons to all family members. We have a group of students that goes to Beardsley Zoo once a month to learn about ecosystems, animal habitats and more through our Trout in the Classroom program. All of our Juniors and Seniors are encouraged to take classes for free at Housatonic Community College through our partnership with HCC.

Many of the programs offered through our after school program will introduce students to activities they have not yet been exposed to through offering such as Coding Club, Spoken Word Poetry Club, and Agriculture Club. In addition, in the 2021-2022 school year we will offer an outdoor adventure program through which all interested students will travel to various parks in the state to hike and explore nature, something city kids do not often have an opportunity to do.

We also encourage and support field trips that will expand our students' horizons and support their learning. Trips to concerts, museums, and even the movies allow them exposure to art and culture they may not otherwise have an opportunity to experience.

Equitable Allocation of Resources among District Schools

Since our "district" is made up of only one school this question is not applicable.
