Notes

Unless otherwise noted, all data are for 2020-21 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality, or to ensure that statistics based on a very small sample size are not interpreted as equally representative as those based on a sufficiently larger sample size.

N/A is displayed when a category is not applicable for a district or school.

⁴ A student is chronically absent if they miss ten percent or greater of the total number of days enrolled in the school year for any reason. Pre-Kindergarten students are excluded from this calculation.

⁵ This column displays the count and percentage of students who receive at least one in-school suspension, out-of-school suspension or expulsion.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no table is shown here. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

National Assessment of Educational Progress (NAEP): Percent At or Above Proficient¹

National Public	34	32	36
MATH	Grade 4	Grade 8	Grade 12
Connecticut	45	39	32
National Public	40	33	25

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, a modified table is shown below. All indicators that were not calculated for the 2020-21 school year (including overall Accountability Index) have been excluded and columns that referenced points have also been removed to avoid confusion. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

Gap Indicators	Non-High Needs Rate ¹	High Needs Rate	Size of Gap	State Gap Mean +1 Stdev ²	Is Gap an Outlier? ²
Graduation Rate Gap	.	4.3%	.	9.8%	N

¹ If the Non-High Needs Rate exceeds the ultimate target (75 for Performance Index and 94% for graduation rate), the ultimate target is used for gap calculations.

² If the size of the gap exceeds the state mean gap plus one standard deviation, the gap is an outlier.

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in at least one of the student groups used to calculate the gap measure or the indicator is not applicable based on grades served.

Connecticut's State Identified Measurable Result (SIMR) for Children with Disabilities

Increase the reading performance of all 3rd grade students with disabilities statewide, as measured by Connecticut's English Language Arts (ELA) Performance Index.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no SIMR data are available. Unified School District #1

Narratives

School District Improvement Plans and Parental Outreach Activities

Unified School District #1 (USD #1) is the legally vested school district within the Connecticut Department of Correction (CT DOC). USD #1 offers educational services to offenders ages 14 and up who are placed into the adult correctional system by the courts. USD #1 does not select its students, nor are students placed into this program for educational purposes. Offerings include high school diploma program, special education services, adult basic education classes, GED classes and vocational programs.

Parental outreach is very important to USD #1. We invite and encourage parents of our youth students to attend school meetings including Planning and Placement Team meetings. For those parents who have transportation issues, we encourage their participation by phone or virtually. Additionally, parents and family are invited to attend Parent Orientations, graduations, and other events that celebrate student achievements.

Unified School District #1 is constantly working to improve our school district through progress monitoring, yearly reviews, observation and feedback, and best practices. USD #1 works collaboratively with other departments within the CT DOC to meet the ever-changing needs of our students including but not limited to mental health, medical, and addiction service needs. USD #1 consistently works to improve our practices and district and understands the value of change and improvement on the education of our students.

Efforts to Reduce Racial, Ethnic and Economic Isolation

As USD #1 students are not placed for educational reasons, we do not have a direct impact on the efforts to reduce the racial, ethnic, or economic isolation of offenders coming into CT DOC; however, USD #1 does take an active role in working to ensure that curriculum, educational offerings, and vocational programming is available to all students regardless of race, ethnicity and/or economics. USD #1 also provides professional development for its staff to teach about racial and ethnic bias so that staff can overcome unconscious bias and embrace diversity.

Equitable Allocation of Resources among District Schools

Male offenders ages 14-17 are placed only at Manson Youth Institution as this is the identified facility for male offenders under the age of 22 years old. All other male offenders (ages 18-21) are placed at other facilities as assigned.

District resources are allocated based on our priority population and the majority of funding is given to our two youth facilities. Grant funding that is received and distributed through SDE is Title I - Neglected & Delinquent, Title II, and IDEA.
