#### Notes

Unless otherwise noted, all data are for 2021-22 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

\* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

### Performance and Accountability

#### District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

<sup>1</sup> NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. <sup>2</sup>The Connecticut Physical Fitness Assessment (CPFA) is administered to students in Grades 4, 6, 8 and High School (HS). The health-related fitness scores gathered through the CPFA should be used to educate and motivate children and their families to increase physical activity and develop lifetime fitness habits.

<sup>3</sup>Only students assessed in all four areas are included in this calculation.

### Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

<sup>1</sup>If the Non-High Needs Rate exceeds the ultimate target (75 for Performance Index and 94% for graduation rate), the ultimate target is used for gap calculations.

<sup>2</sup>If the size of the gap exceeds the state mean gap plus one standard deviation, the gap is an outlier.

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in at least one of the student groups used to calculate the gap measure or the indicator is not applicable based on grades served. Gap calculations are based on unrounded rates.

## Bethany School District

### Narratives

#### School District Improvement Plans and Parental Outreach Activities

The Bethany Public School District (District) is committed to supporting the family's role in the education of their students. First, our Climate & Instruction Specialist (CIS) is a primary point of contact for families. With reduced opportunities to volunteer in the school, due to the Pandemic, families were invited to participate in virtual or outdoor events, sharing their heritage, careers, and expertise with students. Traditional showcases of student work like our annual Night of the Arts returned. Two major events in the spring included our Spring Fling and the Kristen Cushing Memorial 5K Walk/Run and Health Fair. This event was created to honor the memory of a parent who passed away suddenly this year. In her memory, the event raised thousands of dollars from the community to refurbish our running track in her name.

To promote communication, teachers maintain web pages, Google Classroom sites, and share newsletters to keep families informed of classroom activities and information regarding homework and how to access learning resources from home. The Principal implemented a weekly email newsletter to families with updates and information for future events. The Principal and CIS held virtual Coffee Hours monthly to engage with families. The Superintendent, along with the Board of Education (BOE) Chair, and the Principal submit a monthly article to the Bethany Bulletin newsletter to keep the community informed on school-related events and issues impacting education. The Superintendent also maintains a webpage with relevant COVID information for families. The administration is present at monthly BOE meetings. They also partner with the BOE to host two "Community Open Forums." Parents and members of the community are active members of the Strategic Planning Committee, Wellness Council, School Lunch Advisory Board, and Equity Team. Each spring, parents are encouraged to provide the District with feedback and input through surveys. The feedback from these surveys is used to develop goals for the District/School Improvement Plans.

The District continues to utilize the Climate Committee and Behavior Support Team to support families by taking an active role in monitoring student attendance, identifying chronic absenteeism, and truancy as well as other wellness topics. The District has established partnerships with local agencies to support families in need and participated in the Federal program to provide lunch and breakfast free of charge to all students.

The District continues to prioritize collaboration between classroom teachers and special educators to improve learning for identified students. Additionally, the Math and Literacy Coaches scheduled four rounds of case reviews to discuss students in need of additional reading or math support. A Life Skills Program is fully staffed with a dedicated special education teacher, paraprofessionals, and a behaviorist to support students. The District continued to offer a Unified Sports program to promote social inclusion between identified students and their non-identified peers and hosted a Unified Sports Day this year to honor all the athletes and showcase the program to families.

#### Efforts to Reduce Racial, Ethnic and Economic Isolation

The Bethany Public School District (District) participates in several regional programs offered by Area Cooperative Educational Services (ACES). Bethany participates in the Open Choice Program whereby five students from New Haven attend the Bethany Community School (BCS).

To address the economic disparities across the community, the school partners with the PTO and other local organizations to support families in need. The school also works with local organizations and ACES to support both the local community and New Haven County families during the Thanksgiving and winter holidays.

This year, the BCS Equity Team, comprised of teachers, parents, community members, school administrators, and members of the Board of Education worked together to address issues of diversity and inclusion at BCS. This group drafted a Diversity, Equity, and Inclusion (DEI) Statement to guide the work of the District moving forward. In addition to this District-wide group, the BCS Steering Committee established a research and design subcommittee focused on equity. This group took the recommendations from the BC Equity Team and surveyed staff and held focus groups to gain a more in-depth understanding of the level of comfort with topics of equity and conversations around equity. This information will be used to develop a multi-year professional learning plan for all staff.

Through Human Resources' efforts, the District strives to recruit and retain highly qualified staff that represent the diversity in our classrooms. The percentage of minority staff employed by the Bethany Public School district has increased by 10% over the last five years.
