Notes

Unless otherwise noted, all data are for 2021-22 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. To view performance on NAEP by student group, at

²The Connecticut Physical Fitness Assessment (CPFA) is administered to students in Grades 4, 6, 8 and High School (HS). The health-related fitness scores gathered through the CPFA should be used to educate and motivate children and their families to increase physical activity and develop lifetime fitness habits.

³Only students assessed in all four areas are included in this calculation.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Narratives

School District Improvement Plans and Parental Outreach Activities

In the midst of the coronavirus pandemic, Canterbury Public School continues to engage families in seeking feedback relating to our programming, initiatives, and support. We surveyed parents, held focused group conversations, and implemented activities to have parents reflect on and prioritize our core values in school. In our communications we also educated our families in the importance of Social and Emotional Learning. Canterbury was fortunate to be able to offer an in-person learning experience for the entire school year. Our PTO meetings, Special Education Advisory Council, Parent Planning Team meetings and Board of Education meetings utilized a hybrid model offering in-person or virtual options for our families. Our district-wide focus on Social Emotional Learning (SEL) began with a three-day workshop in the spring of 2021 for all staff on Restorative Practices. This professional development was in addition to several events that transpired on 36 early release days in the 2020-21 school year. As part of improving our special education program, Canterbury continued to participate in a parent advisory group called Special Education Advisory Council (SEAC). This district wide group met and discussed needs, deciding that the main area of need was to provide information to parents. Professional Development was provided to our Pupil Services team on progress monitoring and Learning Model IEP Implementation Plans in order to support students adversely impacted by the pandemic. We also continued our Scientific Research Based Interventions (SRBI) models at the elementary and middle schools with family and faculty involvement. The SRBI model is now referred to as a Multi-Tiered System of Supports (MTSS). Parental outreach continues to be an important part of our schools. We developed sample routines that were posted on our website and worked on new ways to support families. Attendance teams met at both buildings to analyze attendance data, communicate with families, and assist in problem solving to improve school attendance.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Canterbury Public Schools continue to provide a program rich in multicultural activities. Students in all grades are introduced and exposed to a variety of literature, research and activities that emphasize a worldwide cultural experience designed to increase awareness of diverse cultural and economic backgrounds. Literature, both fiction and non-fiction, about people of various ethnic backgrounds and special education challenges are embedded in instruction across the curriculum and grade levels. Our elementary librarian has dedicated resources to support cultural awareness, specifically, \$1500 in was expended in May 2021 to purchase new books to support this effort. Through a generous local donation, another \$4000 was spent on new resources for the middle school library. Additionally, we provide guidance level small groups supporting at-risk students of ratios of 8:1 and we implement a Second Step program in both schools. We provide outreach to local child care programs, and provide an increase in technology access for students (Chromebook). The Lion's club provides an eye screening for all students (access to health care), and our Grant funded NAEYC accredited PK program provides a multitude of opportunities for our students in the Preschool.

Equitable Allocation of Resources among District Schools

The mission of Canterbury Public Schools states: In collaboration with our Community, the Canterbury Public Schools will develop, foster, and cultivate all students to their highest potential, through rigorous academics within a safe, nurturing, and respectful environment. Canterbury Public Schools comprises two schools and prides itself on providing the appropriate resources and materials necessary to educate all students.

Teaching and learning is the focus of the district. We use a district-wide modified zero-based budget process in which each district school is represented; feedback from staff and faculty about needs during the school budget is heard. We, as a learning community, will promote student achievement by focusing on coherence. Additionally, the Capital Improvement Program with community representation provides funding for computer and technology upgrades district-wide.
