Notes

Unless otherwise noted, all data are for 2021-22 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

	English Language Arts (ELA)		Math		Science

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. All Tests - State	48.9	46.7	44.3	43.3		45.8

²The Connecticut Physical Fitness Assessment (CPFA) is administered to students in Grades 4, 6, 8 and High School (HS). The health-related fitness scores gathered through the CPFA should be used to educate and motivate children and their families to increase physical activity and develop lifetime fitness habits.

³Only students assessed in all four areas are included in this calculation.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Graduation Rate Gap	.	.	.	.	

¹If the Non-High Needs Rate exceeds the ultimate target (75 for Performance Index and 94% for graduation rate), the ultimate target is used for gap calculations.

²If the size of the gap exceeds the state mean gap plus one standard deviation, the gap is an outlier.

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in at least one of the student groups used to calculate the gap measure or the indicator is not applicable based on grades served. Gap calculations are based on unrounded rates.

Narratives

School District Improvement Plans and Parental Outreach Activities

Colebrook Consolidated School continues to work with other neighboring districts to provide a common curricular experience for students as they proceed onto the local regional school district. A new math program has been piloted. New science materials are supporting the implementation of the Next Generation Science Standards. Intervention opportunities exist in the areas of reading and mathematics. Various assessment tools are utilized to identify students who would benefit from additional support and small group instruction. All students K-6 have access to a Chromebook throughout the school day. Google Classroom and many other apps are available to aid in learning and work production.

Parents were provided the opportunity to communicate with their child's teacher through email, phone calls and limited in-person interactions due to the pandemic. Parents participated in the report card conferences mostly in a virtual manner. Weekly newsletters were distributed that promoted school and community events. The principal and teachers actively participated in monthly PTO meetings and attended events as able. The nurse worked closely with parents and was a resource as they maneuvered through the COVID pandemic and were in need of information and materials.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Due to the pandemic, many annual events were not held that would have invited the community members into the school and had students out at community events at the senior center and historical society. Food drives and collections for those less fortunate, including children in Ukraine, were held. More activities will be held as the safety mitigating strategies are reduced.
