Notes

Unless otherwise noted, all data are for 2021-22 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. ³ Students demonstrate postsecondary readiness through at least one of the following:

- SAT® - meets benchmark score on SAT, Revised SAT or Connecticut School Day SAT
- ACT® - meets benchmark score on 3 of 4 exams (benchmark score varies by subject)
- AP® - 3 or higher on any one AP® exam
- IB® - 4 or higher on any one IB® exam
- Earning three or more non-remedial college credits cumulatively during high school.

⁴ Participation Rate equals the number of test-takers in 11th and 12th grade divided by the number of students enrolled in those grades, as a percentage.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Cromwell School District

Narratives

School District Improvement Plans and Parental Outreach Activities

The Cromwell Public Schools' focus is to prepare each one of our students to be successful members of a global community with the requisite 21st century skills that will build success for both college and career. Our mission is to prepare our students for their future. Cromwell Public Schools utilizes Professional Learning Communities where data is reviewed, common assessments are coordinated, and there is development of responsive curriculum and instructional practices to support all learners. In Cromwell, "Placing Students First" is much more than our motto. At Cromwell High School (CHS) our students are exposed to a variety of courses, including 17 Advanced Placement, 6 UCONN and ECE courses, as well as courses utilizing Virtual High School and Edgenuity. Eighty-five percent of the class of 2021 were accepted to two and four year colleges. Seventy percent of students attend 4 year colleges, 15% went to 2 year colleges, 4% to career education, 7% to employment, 3% military and 2% to the Transitional Academy. Teachers strive to differentiate instruction for all students and our schools have begun to implement targeted small group instruction at all levels. Teams work to align student academic, behavioral, and social interventions which include tutoring, mentoring, attendance, and mathematics and reading intervention support as well as Academic Support sections. All buildings are implementing the RULER social emotional learning program. Cromwell Middle School (CMS) supports students through a team-based teaching model that offers students individualized instructional plans. Each of the grades is separated into two teams and offers individualized help through a focus period. Additionally, both CHS and CMS offer students the option to participate in credit recovery programs to support overall achievement and completion of curriculum. The middle and high schools work collaboratively with Family with Service Needs Teams to support families by addressing school attendance and other issues. Through the SRBI process the middle and high schools work collaboratively to support families by addressing school attendance and other issues. At Edna C. Stevens Elementary School (ECS), and at Woodside Intermediate School (WIS), our administrators and staff work collaboratively with a variety of community service providers inclusive of the Cromwell Youth Services to support families who are experiencing attendance and other issues. ECS, WIS and CMS have scheduled intervention blocks which provide opportunities for students to receive additional support in math, reading, and writing, and enrichment. Our teachers continue to review, modify and develop curriculum to align with the Connecticut Core Standards and the Next Generation of Science Standards. Readers and Writers workshop units have been implemented in grades K-5 and at the primary grades will be supplemented with Heggerty and Foundations. We also continue to use the i-Ready blended learning program (K-5) as well as the benchmark assessments (K-10). Data derived from these programs support instructional interventions for students. Bridges math curriculum was implemented at both ECS and WIS and i-Ready is used to support personalized learning in math as well.

Efforts to Reduce Racial, Ethnic and Economic Isolation

The Cromwell Public Schools Leadership Team continues conversations designed to provide all students with relevant, engaging, and diverse educational experiences. Faculty have implemented a number of programs to support students throughout the district including after school homework support centers, and morning check-in programs. We are a Choice District that accepts about 80 students a year. We have secured the services of a consultant for continued cultural diversity professional development. Cromwell Public Schools has utilized several organizations to help support professional development around equity issues including Cromwell Youth Services, David Cormier, CREC, Human Rights' Campaign and SERC. There is a District Equity Committee as well as building Equity Committees that have participated in book clubs and equity audits. We have also created a District Equity Statement. Building Cultural Competence has become a goal for all staff, students and parents throughout the Cromwell community. This initiative has involved professional development for staff, establishing student leadership opportunities and offering families opportunity to engage in dialogue about our schools and our students. Cromwell High School partnered with CREC as well as SERC to facilitate professional development where a group of staff were trained on how to have proactive and productive discussions in their classrooms about racism, ethnic and cultural differences, turning these situations into learning opportunities. Students have been provided the opportunity to participate in a difficult conversations around race and have created action plans to address any issues that may occur during the school year. The Cromwell High School Unity Club engages in many activities focused on building understanding and appreciation of diversity. Our Gay-Straight Alliance at Cromwell High School has actively worked to raise awareness and promote understanding. Workshops have been provided for teachers centered around gender identity. Cromwell Public Schools strives to provide a safe space for learning for all students.

Equitable Allocation of Resources among District Schools

The Cromwell Board of Education continues to establish policies and procedures to ensure that each school in the district has comparable, equitable resources within their budget to address student needs and initiatives. Staff members participate in the budget process by identifying needs and prioritizing these needs with building and department administrators. Members of the District Leadership Team meet to review the entire district budget which is then presented to the Board of Education. The Board of Education budget is developed in accordance with the District Improvement Plan that outlines the district vision and initiatives.
