Notes

Unless otherwise noted, all data are for 2021-22 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. To view performance on NAEP by student group, at

²The Connecticut Physical Fitness Assessment (CPFA) is administered to students in Grades 4, 6, 8 and High School (HS). The health-related fitness scores gathered through the CPFA should be used to educate and motivate children and their families to increase physical activity and develop lifetime fitness habits.

³Only students assessed in all four areas are included in this calculation.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Narratives

School District Improvement Plans and Parental Outreach Activities

Deep River Elementary School's efforts during the 2020-2021 school year continued to be on the alignment of curriculum and its implementation as it relates to the Common Core State Standards with an emphasis on Critical and Creative Problem Solving. In connection with these efforts, the special education staff participated in the planning and implementation of goals with their respective grade level teams.

Grade level teams met weekly as a Professional Learning Community to discuss progress toward goals, student outcomes, and instructional strategies with a focus on differentiation. The Deep River Elementary School's front office staff worked with building administration to keep track of and monitor student attendance in an effort to avoid instances of truancy. At Deep River Elementary School, communication with parents is a high priority and occurs at district, school, and classroom levels.

The DRES website is updated regularly with important school information. It includes links to teacher web pages, student resource pages, newsletters, and the PTO pages. A weekly email is sent out to families to keep them informed as to what is happening in the school. The school library catalog may be accessed from home through the website. Additionally, the website is fully integrated with the district website and contains links to district calendars, school lunch menus, our Strategic Vision Statement, Board of Education minutes, District Policies, and School Climate Plans.

Electronic signs within the school and a landscaped sign in front of the school inform parents and the community of up-coming events. An automated calling system is used to inform parents of school emergencies and closings. Classroom teachers communicate with parents frequently via classroom newsletters, daily assignment books, the school website, and email. To help support all stakeholders, a Parent Information Night is held in early September to provide teachers an opportunity to share with parents their instructional objectives and expectations for attaining student success. Parent Teacher Conferences are held twice annually, allowing teachers, parents, and students to discuss progress, concerns, and effective ways in which to collaborate.

Grade level activities, field trips, and celebrations are events in which parent support is appreciated and welcome. The PTO plays a critical role in the school community by providing opportunities for parental involvement through a variety of events, facilitating communication and generously providing educational programs for our students that enrich their learning experiences.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Deep River Elementary School has participated in a variety of school-wide programs and opportunities to support the school and greater town community. These included the fall food drive for the local food pantry and the Mitten Tree initiative, an annual schoolwide collection of mittens, gloves and hats that are donated to TriTown Youth Services. Deep River Elementary School's social worker worked with the Town of Deep River to organize a backpack food program, providing weekly support for families. In kindergarten, students participated in a cultural Bread Share and greeted classmates using different languages. First grade students compare and contrast family life with that of other cultures around the world. Second grade students compare and contrast different cultural versions of well-known fairy tales; Third grade students read multiple informational texts about modern lifestyles and diverse cultural history. In fourth grade, The Algonquin culture, both past and present, was explored through research projects, class discussions. The DRES fifth grade incorporated literature written by authors with diverse backgrounds and historical perspectives. Sixth grade teachers focused on how all students are unique and can make a difference. Students engaged in a research unit on Malala Yousafzai and discussed cultural and gender biases. Whole-school Town Meetings were used to reinforce character themes and the Choose Love code of conduct which explicitly teaches kindness, respect, tolerance, and appreciation of all members of the school community. Our school has adopted the Jesse Lewis Choose Love social development program to frame lessons and activities with a focus on courage, forgiveness, compassion, and gratitude. Additionally, a parent information night was held in order to provide education and resources to parents on the Choose Love Program. An information night was also held for area preschool programs, extending the promotion of the core values to the youngest members of the community.

Equitable Allocation of Resources among District Schools

The Deep River town and school budget allocates resources to ensure equity and address needs each year, primarily during the budget process. The budget development process for Deep River Elementary School ensures equitable allocation of resources based on student needs across the school. School and central office administrators develop a proposed budget for the school collaboratively. Specifically, the process begins with a student enrollment projection to determine instructional needs to support student instruction, including but not limited to, staffing, textbooks, instructional supplies, and library media supplies. Analyses of expenditures from the previous school year are conducted. The analyses include a review of instructional versus non-instructional costs, the study of budgeted vs. actual expenditures, impact on facilities, etc. The budget is reviewed to ensure that it corresponds with requirements of statutes, educational goals, district policies, and collective bargaining agreements. The school budgets are combined to develop a budget that is presented to the citizens of the town for approval.
