Notes

Unless otherwise noted, all data are for 2021-22 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. To view performance on NAEP by student group, at

²The Connecticut Physical Fitness Assessment (CPFA) is administered to students in Grades 4, 6, 8 and High School (HS). The health-related fitness scores gathered through the CPFA should be used to educate and motivate children and their families to increase physical activity and develop lifetime fitness habits.

³Only students assessed in all four areas are included in this calculation.

³Students demonstrate postsecondary readiness through at least one of the following:

- SAT® - meets benchmark score on SAT, Revised SAT or Connecticut School Day SAT
- ACT® - meets benchmark score on 3 of 4 exams (benchmark score varies by subject)
- AP® - 3 or higher on any one AP® exam
- IB® - 4 or higher on any one IB® exam
- Earning three or more non-remedial college credits cumulatively during high school.

⁴Participation Rate equals the number of test-takers in 11th and 12th grade divided by the number of students enrolled in those grades, as a percentage.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Narratives

Our mission is to achieve equity within the NPS community. The Equity and Inclusion Specialist oversaw an Equity Audit to identify strengths and opportunities. This information informs processes and initiatives across the district that function to use data to drive decision making that match practices that are proven effective and equitable to student disparities.

One initiative is our Equity University that is being led by the Equity and Inclusion Specialist. This team is engaged in learning about equitable practices (school/district policies, community engagement, instruction) and Early Intervention. One group is applying learning to create an equity policy that will be implemented at the beginning of the 2022-23 school year. The second group will create an expanded version of this school year's equity audit and plan for implementation.

On June 14, all staff participated in professional learning: We are Newington: Relentlessly committed to Equity. Four cohorts rotated through inspirational sessions focused on successes and challenges of the work this year.

All staff electing to participate in curriculum writing tasks, join hiring committees, engage in policy review/revision, or design and deliver professional learning are required to complete a Culturally Responsive Teaching online learning course. Each module contains readings from Hammond, M. (2015) Culturally Responsive Teaching & The Brain as a foundation for learning, and includes relevant articles and videos to support the context of the reading.

The district hosted numerous book clubs including Courageous Conversations about Race, How to be an Anti-Racist, Culturally Responsive Teaching and the Brain, and Culturally Responsive School Leadership. Additionally, all administrators and coaches participated in year-long learning on culturally relevant pedagogy and its application in professional learning communities and the classroom. Improvement plans are focused on bringing this learning to scale for all staff.

The high school offered two new courses including African American/Black & Puerto Rican/Latino Studies and Introduction to African-American Literature. At all levels K-12, classroom libraries have been expanded to include titles, themes, and authors more relevant to our population.

Equitable Allocation of Resources among District Schools

Newington Public Schools allocates resources across all schools based on enrollment and student needs. Grant funds are used to provide supplemental resources to eligible schools and homeless students. We are concerned not only with the level of resources and how they are distributed across districts, schools, and classrooms, but also with how these investments translate into improved learning. Newington Public Schools allocation practices reflect an understanding of the imperative to eliminate existing inequities and close the opportunity gap.
