Notes

Unless otherwise noted, all data are for 2021-22 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. To view performance on NAEP by student group, at

²The Connecticut Physical Fitness Assessment (CPFA) is administered to students in Grades 4, 6, 8 and High School (HS). The health-related fitness scores gathered through the CPFA should be used to educate and motivate children and their families to increase physical activity and develop lifetime fitness habits.

³Only students assessed in all four areas are included in this calculation.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Narratives

School District Improvement Plans and Parental Outreach Activities

Communication efforts were ramped up this year with an emphasis on sharing special moments throughout the school year via our Salem School Facebook page and revamped school website. We also used grant funding to hire a videographer to capture and highlight significant events throughout the school year. The videos were spotlighted on our website, Facebook page, at BOE meetings, etc. They were very well received by the community.

We have a much more efficient school communication system in School messenger, which allows administration to quickly and easily get timely communication to parents and families. The building principal also sent weekly communications home to families through a "Wednesday Folder"™, housing school and community announcements and events. The superintendent also implemented a "weekly snapshot"™ to families each week highlighting key information from the district along with videos, photos, and announcements of happenings at the school.

The School Improvement Leadership team was created to help develop and implement a school improvement action plan for the coming school year. Various components were discussed and collaborated on such as, more effective school schedule, streamlined and efficient communications, student engagement, and family outreach opportunities. A Safe School Climate committee was also created to begin work revamping topics such as positive behavior supports, social/emotional learning, and more efficient safety and security planning.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Committee to address equity and anti-racism. The committee focused on providing anti-racist teaching in our curriculum, and provided resources, activities, and support for our students. Salem School's civic lessons in our social studies curriculum expose students to social responsibilities and promote acceptance of diversity. Students led and participated in unity day in October. The Safe School climate committee met and has set goals for the upcoming school year to continue to enhance the national climate standard of social justice woven throughout the school building.

Equitable Allocation of Resources among District Schools

Salem School is a one school district and ensures that resources are allocated equitably across grade levels and departments.
