Notes

Unless otherwise noted, all data are for 2021-22 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. To view performance on NAEP by student group, at

²The Connecticut Physical Fitness Assessment (CPFA) is administered to students in Grades 4, 6, 8 and High School (HS). The health-related fitness scores gathered through the CPFA should be used to educate and motivate children and their families to increase physical activity and develop lifetime fitness habits.

³Only students assessed in all four areas are included in this calculation.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Narratives

School District Improvement Plans and Parental Outreach Activities

Sterling School district employs reading and math specialist supports and social emotional supports for students. The District has a comprehensive school SRBI framework and supports that are data informed and take into consideration proactive strategies to address student needs throughout all tiers of instruction. The District has developed a Strategic Plan that includes personalized learning for students and staff as a focus, and that emphasizes student competencies and progressions as communicated via learning targets and individual goal setting with students and staff.

The District has made efforts to improve student attendance. The truancy committee meets regularly to review attendance data and remediate attendance concerns in a timely manner. The truancy committee includes school administration, the social worker and the school nurse who plan action steps to support families with school attendance.

In an effort to engage parents in the planning and improvement of school programs, parents continue to be invited to participate on committees that seek to advance the goals of the District Strategic Plan. Parents' input is sought when rolling out new initiatives and feedback is solicited via surveys, newsletters and social media. Parents and community members were specifically invited to participate in community forums(s) and a survey to gauge the community perspectives on the qualities, experiences and characteristics desired in a new superintendent.

The District continues to improve the website to make it more user friendly for parents, students, staff, and community members.

The District works to support parents at home by encouraging regular communication and collaboration with families. Teachers reach out regularly to parents via emails, newsletters, and phone calls to communicate what is happening in the classroom settings as well as to provide assistance and guidance to parents in areas where they may be seeking assistance, such as homework, understanding developmental milestones and learning progressions, essential learning standards and mastery based learning expectations.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Sterling Community School continues to provide content and curriculum that increases student awareness of cultural and individual diversity. Curriculum provides a focus on world culture and customs. In addition, the District continues to implement SEL curriculum and content that draws from the core CASEL competencies in an effort to improve overall social awareness, self-awareness, relationship skills and responsible decision making all through a lens of empathy and compassion for others.

Events are scheduled throughout the year to promote and celebrate diversity that is aligned with the District's curriculum standards.
