Notes

Unless otherwise noted, all data are for 2021-22 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. To view performance on NAEP by student group, at

³ Students demonstrate postsecondary readiness through at least one of the following:

- SAT® - meets benchmark score on SAT, Revised SAT or Connecticut School Day SAT
- ACT® - meets benchmark score on 3 of 4 exams (benchmark score varies by subject)
- AP® - 3 or higher on any one AP® exam
- IB® - 4 or higher on any one IB® exam
- Earning three or more non-remedial college credits cumulatively during high school.

⁴ Participation Rate equals the number of test-takers in 11th and 12th grade divided by the number of students enrolled in those grades, as a percentage.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Narratives

School District Improvement Plans and Parental Outreach Activities

BGP staff engage in PD for Mastery Based Learning. Data teams establish goals on literacy and numeracy instruction. The Student Assistance Team works to identify and support students with targeted interventions for reading/math. Special education and reading intervention teams receive Structured Literacy coaching. Faculty work with the Science Supervisor on NGSS aligned units. Culturally Responsive lessons are taught with multicultural literature throughout the curriculum. PBIS programs maintain a positive environment. Parents are active members on the school safety and Tools for Schools team. Parenting classes are taught at the FRC.

TIS staff utilizes MBL supported by PD. The TIS SAT model provides staff with a Multi-Tier System of Support that addresses student needs. The MTSS provides intervention for reading, math, social skills, emotional regulation and behavioral needs to all students. Targeted Interventions are administered by SE teachers, support staff, reading and math specialists. School-wide expectations: Have respect, Act responsibly, We Are A Community and Keep Yourself Safe, are themes. The SEL curriculum includes teacher taught lessons, Second Step Program, community building circles, and school advisory sessions. Families receive weekly notifications and program opportunities like coffee with the principal and virtual office hours with staff members. The TIS team incorporates active collaboration, builds capacity of staff, students and stakeholders, and advocates for equity.

TMS uses teaming, and engages in PD to support MBL. Teams review data and meet with parents. PBIS programs, partnerships with social services, community workshops, SOAR reports and everyday practices establish a positive environment. Parents sign up for daily updates of academic progress and attendance. Quarterly Behavioral Reports keep parents informed of student progress on core values of Safety, Ownership, Active Learning and Respect. TMS offers monthly programs with the Principal programs. The Intervention team of administrators, teachers, counselors and the psychologist meet weekly to discuss strategies and student needs. The special education and reading staff use the SPIRE program to support reading students.

THS focuses on literacy, problem-solving, critical thinking and effective communication across all disciplines. MBL practices are implemented in content areas throughout the year and PD is aligned to district goals. 21st century skills are taught and assessed through common core aligned curriculum, promoting student-teacher relationships and a sense of belonging. The Student Intervention Team consisting of administration, counselors, the school psychologist and nurse meets to discuss strategies. For climate and culture, a survey is given to students, parents and faculty. The data provides an opportunity for members of the school community to develop goals to improve climate and culture. THS develops leadership and mentoring skills in its students through a Peer Mentoring program supporting incoming freshmen and promoting a positive climate. A recognition program exists for staff and students to identify and recognize students who exhibit our core values of Perseverance, Respect, Integrity, Dependability, and Engagement. THS offers Parent-teacher conferences 2x a year. The Parent Advisory Council meets monthly with administration.

Efforts to Reduce Racial, Ethnic and Economic Isolation

The TPS trains staff on Culturally Responsive Education (CRE), and has both district and building CRE committees meeting on a regular basis to discuss policies, procedures, and practices relative to culturally responsive education. In addition, they plan activities and assemblies for students that strengthen each school community and school culture. The district also seeks to provide equity through Mastery Learning practices. The district participates in the Open Choice program.

Schools engage programs and collaborative activities with community organizations. Positive Behavioral Intervention and Support programs and an Advisory program include incentives and activities to reinforce core values, personal responsibility, and culturally responsive behaviors. The Social and Emotional Learning program and Skills for Adolescents program includes lessons that cover topics such as social media, the problem of mass incarceration, and exposure to the Equal Justice Initiative. Advisory, Student Council, and service group programs in the school and community promote social responsibility (e.g. programs to promote awareness of homeless populations, poverty, and how to help). In addition, topics of responsible behavior and social justice are included in TPS programming for ELA, Social Studies, and other classes. A Skills for Adolescents class for all 8th graders focuses on anti-bullying, racism, bias, and media awareness.

Social Justice and Gender Equality themes are used in educational programs. The TPS has a thriving Gay-Straight Alliance and Kindness Campaign. Curricula on Japanese-American history, Russian Culture, Art Link, and African-American authors and Native American experiences are part of the school system offerings. The course Native American Studies emphasizes the experience of the original inhabitants of North America and the diversity of tribes. Activities include speakers, field trips to museums, sweat lodges, and native reservations. Fine Arts covers marginalized and multicultural art and musical expression. The music curriculum emphasizes a culturally diverse study of music from Africa, Mexico, South America, and Spain. Multicultural themed books are used in classrooms. In addition, women in STEAM and Math and Stat Awareness theme weeks were executed.

Equitable Allocation of Resources among District Schools

Schools are organized into cost-centers with Principals taking the role of "cost-center" managers. Schools receive allocations and reductions of resources based on enrollment and program considerations. The district underwent an energy review, and all schools adhere to the same set of energy standards. These energy standards and systems have provided additional opportunities for equity in policy and distribution of monetary and energy resources. Three schools in the district have three grades (K-2, 3-5, 6-8) with the high school housing four grades. The high school receives resources in accordance with its larger school population and physical plant needs, but each school receives allocations commensurate with enrollment and the needs of the physical plant.

Custodial and maintenance resources are matched to the enrollment and physical plant needs of each school. The district will continuously review these resource allocations to provide the most equitable distribution of human resources.
