Notes

Unless otherwise noted, all data are for 2021-22 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. To view performance on NAEP by student group, at

²The Connecticut Physical Fitness Assessment (CPFA) is administered to students in Grades 4, 6, 8 and High School (HS). The health-related fitness scores gathered through the CPFA should be used to educate and motivate children and their families to increase physical activity and develop lifetime fitness habits.

³Only students assessed in all four areas are included in this calculation.

³ Students demonstrate postsecondary readiness through at least one of the following:

- SAT® - meets benchmark score on SAT, Revised SAT or Connecticut School Day SAT
- ACT® - meets benchmark score on 3 of 4 exams (benchmark score varies by subject)
- AP® - 3 or higher on any one AP® exam
- IB® - 4 or higher on any one IB® exam
- Earning three or more non-remedial college credits cumulatively during high school.

⁴ Participation Rate equals the number of test-takers in 11th and 12th grade divided by the number of students enrolled in those grades, as a percentage.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Wethersfield School District

Narratives

School District Improvement Plans and Parental Outreach Activities

The Wethersfield Board District Mission Statement and Strategic Plan for 2018-2024 continues to guide the innovative and focused work of district and school improvement efforts. Goals and actions are related to: student achievement; civic and family engagement; and management, operation, and finance. Each school has a leadership team that provides input and leadership in the development of the School Improvement Plan (SIP).

Health and safety, along with social emotional learning, continued to be a priority as a result of the COVID-19 pandemic. Each school has an attendance team that reviews data, meets with families, and focuses engagement strategies. All schools also have a multi-tiered system of positive supports to ensure students are positively engaged in school and have identified supports as needed. Social Emotional Learning was a focus for the 2021-22 school year with the implementation of a more robust curriculum and universal screen for students in grades K-8. Each school also started training staff on restorative practices and school administrators worked with teacher leaders to develop a three year plan to support the further development of restorative practices.

During the 2021-22 school year Wethersfield Public Schools implemented Parent Square, a communication tool that allows parents to receive all communications in their native language. This has improved communication with our multilingual parents. In addition, the district has increased the use of interpreters as a way to ensure multilingual parents have access to important information to support student success.

Each school has a leadership team that provides ongoing feedback to school administration and critical teacher leadership towards the school and district goals. The leadership team provides support in the development of the School Improvement Plan that outlines important strategies related to the three district priorities of: PRIORITY #1: Build a positive, empathetic, and safe community and increase effective communication.

PRIORITY #2: Increase student achievement through implementation of innovative, inclusive instruction and evidence-based practices

PRIORITY #3: Deliberately identify inequities in our policies and practices that impact our community, and change structures to ensure equitable outcomes for all, inclusive of race.

Through grant funds, the district hired an elementary Family, School, Community Partnership Liaison who is using research based strategies to engage families, with a focus on families new to the district. This new position works collaboratively with the Family and Early Childhood Coordinator and Wethersfield Early Childhood Coordinator (WECC) to engage families from cradle to college.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Wethersfield Public Schools (WPS) participates in the Open Choice program. The Open Choice Family Liaison has been effective in engaging families from Hartford and supporting their transition through schools.

Wethersfield also celebrates over 40 different languages spoken in its schools and continues to see its population become more ethnically, racially, and religiously diverse. This rich cultural, racial, and linguistic diversity allows staff to celebrate differences and allows students to learn from each other. WPS hired two additional TESOL (Teachers English to Speakers of Other Languages) teachers to support the growing multilingual learners population. Wethersfield also continues to network and partner with different community groups such as the Wethersfield Early Childhood Collaborative, Hunger Action Team, Social Services, Health District, etc. to engage parents and families and ultimately reduce the racial, ethnic, and economic isolation.

Two years ago, Wethersfield Board of Education and Town Staff created a town-wide Social Justice Coalition (SJC) to engage community members and staff in courageous conversations about race, diversity and equitable outcomes. Summer programming around courageous conversations will also occur for students. Wethersfield Public Schools also provides parent leadership training and ensures that parents selected represent the diverse demographics of our community.

WPS also participated in the Teacher in Residence program and hired two diverse aspiring educators. The CT Teacher Residency Program is focused on diversifying the teaching staff. As a participant, WPS is able to create a "grow-your-own" model of diverse educators who will be certified by the end of the school year. Our diverse educators give students windows and mirrors into their lived experiences and possibilities for their future.

Equitable Allocation of Resources among District Schools

The budget design allows the analysis of staffing and funds by school location and program. The analysis of student demographics and student achievement coupled with enrollment and attendance, allows the Board of Education, district administration and staff to ensure an equitable allocation of resources among schools.
